INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
Tripp Scott, P.A. 401 (k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tripp Scott, P.A. 401 (k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020 and for the year ended December 31, 2021, stating that the certified investment information, as summarized in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CPA's + Trusted Advisors

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the Tripp Scott, P.A. (the "Company" and/or "Employer") 401 (k) Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions may be found in the Summary Plan Description, which has been distributed to all participants, and also in the Plan document, which is also available to all participants upon request.

General: The Plan is a defined contribution safe harbor 401k & profit sharing plan covering all employees of the Company who are of age twenty-one or older and employed for six months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of Plan assets: The Plan's assets are held by Reliance Trust Company, trustee/custodian of the Plan; and Empower Retirement ("Empower"), custodian/recordkeeper of the Plan.

Certain uncompensated administrative functions are performed by the employees of the Company. Substantially all administrative expenses are paid by the Company or from forfeiture balances.

Contributions: The Plan provides for elective contributions to be made by participants up to a specific percentage or dollar amount of their compensation, which are deductible from gross income for federal income tax purposes, as well as rollover contributions from other plans under certain conditions.

For the year ended December 31, 2021, the total employer and participant contributions may not exceed the lesser of 100% of compensation or \$ 58,000 (\$ 64,500 if participant is over 50 years of age). Participants may contribute to the Plan the lesser of \$ 19,500 or 100% of their compensation, as well as an additional \$ 6,500 for eligible participants over 50 years of age, subject to Internal Revenue regulations.

The Company provides a safe harbor match of 100% of the employee salary deferrals up to 4% of the participant's compensation, limited to the \$ 290,000 maximum compensation for benefit purposes. The Company may also provide for a discretionary profit sharing contribution each year, which is allocated among the participants based on a participant group formula. The total profit sharing contribution for the year ended December 31, 2021 amounted to \$ 783,577. The Company also allows for an additional discretionary match for active participants at year end. During the year ended December 31, 2021, no additional discretionary match for active participants at year end was made.

Participants' accounts (self-directed): Each participant's account is credited with the individual contributions, as well as the Company's contribution for the participant. The earnings or losses, including fair value adjustments, on a participant's account are based on the performance of the investment funds selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested on their voluntary contributions, rollovers, and employer safe harbor matching contributions (which includes the additional discretionary match). Vesting on the remainder of their accounts is based on years of continuous service. Employer contributions (non-safe harbor contributions, which includes the discretionary profit sharing) vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

Note 1 - Description of the Plan (continued)

Participant accounts become fully vested regardless of the above vesting schedule upon death, disability, termination of employment at early retirement date (age 55 and completed 10 years of service), attainment of normal retirement age (65), or upon termination of the Plan.

Forfeitures: Any portion of a terminated participant's account, which is forfeited and was not vested in accordance with the Plan agreement, shall be used to pay for administrative expenses of the Plan and reduce employer match and discretionary contributions. At December 31, 2021 and 2020, forfeiture accounts totaled approximately \$ 6,500 and \$ 6,400, respectively. Also, in 2021, administrative expenses of approximately \$ 4,800 were reduced from forfeiture accounts.

Participant loans: Participants may not borrow from their Plan accounts.

Payment of benefits: Benefit payments and distributions of a participant accounts, vested portion, are made upon early retirement, normal retirement age of 65, termination from service with the Company, death, disability, or hardship. Balance distributions made upon termination, if no rollover is requested by the participant, are as follows: \$ 5,000 or less - the Plan will distribute the participant's entire vested account balance in a lump sum as soon as administratively feasible; in excess of \$ 5,000 - the participant will receive a distribution package and have the option to receive a lump sum distribution, request distributions in the form of a qualified joint and survivor annuity, distributions through installment payments, or distributions through annuity payments. In general, in-service distributions can be made only if the participant has attained age 60 and is fully vested in their account.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Investment valuation and income recognition: The Plan carries investments at their estimated fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The difference between the estimated fair value and the cost of investments is reflected as appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Payments of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results may differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (continued)

Administrative expenses: Certain fees are paid directly from Plan assets, which amounted to approximately \$ 7,100 for the Plan year ending December 31, 2021. A significant portion of these expenses were paid from the forfeitures/plan expense account. Certain uncompensated functions are performed by employees of the Company.

Date of management review: Subsequent events have been evaluated by management through July 26, 2022, the date the financial statements were available to be issued.

Note 3 - Information Certified by Plan's Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

Accordingly, Reliance Trust Company and Empower, the trustee/custodian (as applicable) of the Plan assets, have certified to the completeness and accuracy of all investments, except for those presented as other investments, on the accompanying statements of net assets available for benefits as of December 31, 2021; the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021; and the information reflected on the accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021.

Reliance Trust Company and Massachusetts Mutual Life Insurance Company ("MassMutual"), the former trustee/custodian (as applicable), has certified to the completeness and accuracy of all investments, except for those presented as other investments, reflected on the accompanying statement of net assets available for benefits as of December 31, 2020.

Note 4 - Guaranteed Interest Account

Previously, the Plan entered into a fully benefit-responsive investment contract with MassMutual. During 2021, Empower acquired MassMutual and became the administrator of the contract. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and specified interest rate.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. The guaranteed interest account is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The effective guaranteed credited interest rate is based on a formula agreed upon with the issuer and there is no stated minimum or maximum interest rate for the investment. The average yield earned by the Plan and the average interest rate credited to participants was 1.15% and 1.99% at December 31, 2021 and 2020, respectively.

Note 5 - Fair Value Measurements

The Plan's investments reported at estimated fair value in the accompanying statements of net assets available for benefits are classified as follows:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>At December 31, 2021:</u>				
Mutual funds	\$ 26,437,535	\$ 26,437,535	\$ -	\$ -
Common collective trusts	9,619,425	-	9,619,425	-
Other investments*	101,250	-	-	101,250
Total	<u>\$ 36,158,210</u>	<u>\$ 26,437,535</u>	<u>\$ 9,619,425</u>	<u>\$ 101,250</u>
<u>At December 31, 2020:</u>				
Mutual funds	\$ 20,155,339	\$ 10,155,339	\$ -	\$ -
Common collective trusts	9,154,198	-	9,154,198	-
Other investments*	102,870	-	-	102,870
Total	<u>\$ 29,412,407</u>	<u>\$ 10,155,339</u>	<u>\$ 9,154,198</u>	<u>\$ 102,870</u>

* These investments are not under the custody of Reliance Trust Company nor MassMutual.

Financial Accounting Standards Board, Accounting Standards Codification, ("FASB ASC") No. 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1* inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; *Level 2* inputs consist of observable inputs other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly; and *Level 3* inputs consist of unobservable inputs for the investments, and have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

Level 1 fair value measurements: The fair value of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 2 fair value measurements: The fair value of common collective trusts are based on quoted net asset values of the underlying investments held by the fund at year end.

Level 3 fair value measurements: The other investments are not actively traded and significant other observable inputs are not available. Thus, the fair value of the other investments are determined by Plan's management discounting the related projected cash flows based on current yields of similar instruments with comparable durations.

Note 5 - Fair Value Measurements (continued)

The guaranteed interest account ("GIA"), as discussed in Note 4, is valued using a market value formula approach. The estimated fair value of the GIA is determined to be the calculated market value of the GIA. The market value is calculated using the following unobservable inputs: (i) the assumed interest rate obtainable by MassMutual on new investments where a proxy is a blend of multiple indices as described in the Market Value formula under the Contract and (ii) the experience rate for the Contract, which is the weighted average of the investment year interest rates for pension account funds. The weighting reflects the distribution of Contract funds to the various investment years in which the Contract has been in effect. The GIA is reported at contract value by the Plan; therefore, it is not included in the tables above.

The following table provides further details of the Level 3 fair value measurements:

	2021 Other <u>Investments</u>	2020 Other <u>Investments</u>
Beginning balance	\$ 102,870	\$ 110,732
Total gains (losses) (realized and unrealized)	(1,620)	(7,862)
Purchases, sales, issuances and settlements, net	<u>-</u>	<u>-</u>
Ending balance	\$ <u>101,250</u>	\$ <u>102,870</u>

Gains (losses), realized and unrealized, for other investments, are reported in other income (loss) in the accompanying statement of changes in net assets available for benefits, as applicable.

Note 6 - Cash Receipts and Payments

All contributions to the Plan have been placed in investments referred to in Notes 4 and 5. In addition, there have been benefit and withdrawal payments of \$ 1,936,784 to Plan participants during the year ended December 31, 2021.

Note 7 - Tax Status

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, a Volume Submitter Profit Sharing Plan With CODA, was in compliance with the applicable requirements of the Internal Revenue Code Section 401(k). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code Section 401(k). The Trust is, therefore, exempt from Federal income tax. Participants are not subject to Federal income taxes on the applicable contributions, interest and dividend income, or other income until distributions are made to them.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect a participant's account balances, the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Plan Termination

While the Plan sponsor intends to continue to offer the Defined Contribution Safe Harbor 401 (k) & Profit Sharing Plan, it reserves the right to modify or terminate the Plan at any time. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 10 - Parties-in-Interest

Section 3(14) of ERISA defined a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the custodian/trustee and certain administrative expenses are considered party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. As noted in Notes 3, 4 and 5, Plan investments are managed and held by Reliance Trust Company and Mass Mutual.

Note 11 - Reconciliation to Form 5500

The following is a reconciliation of certain differences between these financial statements (accrual basis) and amounts reported on the Plan's Form 5500 (cash basis) at December 31, 2021:

Statement of Net Assets Available for Benefits and Schedule H (Form 5500), Part I, Asset and Liability Statement -

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
