INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Oxford Industries, Inc. Retirement Savings Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the The Oxford Industries, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) Audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) Audit opinion on the 2021 Financial Statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) Audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) Audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to

or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 Financial Statements or to the 2021 Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020 (2020 Financial Statement). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 Financial Statement, and (b) the form and content of the information included in the 2020 Financial Statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE OXFORD INDUSTRIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Description of plan:

The following description of The Oxford Industries, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is Oxford Industries, Inc. (the Company). The Plan is a defined contribution plan covering substantially all employees of the Company located within the United States of America. Highly compensated employees become eligible to participate following the completion of one year of continuous service as defined in the Plan document and reaching age 18. All other employees become eligible to participate following the completion of 30 days of continuous service as defined in the Plan document and reaching age 18. Participants are eligible to receive employer matching contributions after one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Participants may contribute, on a pre-tax, after tax, or ROTH basis, from 1% to 75% of compensation not to exceed \$19,500 for the year ended December 31, 2021. Highly compensated participants may contribute on a pre-tax or ROTH basis, but not on an after tax basis. Participants who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to Internal Revenue Code (IRC) limitations. Effective January 1, 2018, the Company contributed a safe harbor matching contribution equal to 100% of the first 5% of compensation being deferred to the Plan. In May 2020, the Company ceased all safe harbor matching contributions in response to the worldwide pandemic, COVID-19. On January 1, 2021, the company reinstated its safe harbor matching contribution equal to 100% of the first 4% of compensation being deferred to the Plan. For the year ended December 31, 2021, the Company contributed a total match of \$3,649,939 to the Plan. Effective January 1, 2022, the Plan increased the safe harbor matching contribution to 100% of the first 5% of compensation being deferred. Upon enrollment in the Plan, a participant may direct contributions in 1% increments to 1 of 26 investment options. Participants may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contributions, and an allocation of the Company's contribution, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

December 31, 2021 and 2020

Note 1 - Description of plan - continued:

Vesting

Participants employed on or after January 1, 2006 are 100% vested in their voluntary contributions, matching contributions, and the related investment income. Participants who terminated employment prior to January 1, 2006 were 100% vested in their voluntary contributions and related investment income and vesting in the remainder of their accounts was based on years of continuous service. Those participants began vesting at a rate of 20% a year after their second year of service. Those participants were 100% vested after six years of service.

Payment of benefits

The normal form of benefit is a lump-sum distribution. The vested portion of a participant's account will be paid to the participant or designated beneficiary as soon as administratively feasible after the earlier of occurrence of participant retirement at age 65, death, disability, or termination of employment with the Company. If a participant's vested account balance is greater than \$5,000, the participant may elect to receive the distribution at a later date.

A participant may request a withdrawal from the Plan while still under the employment of the Company if the participant is at least age 59½ or for reasons of financial hardship, but the hardship withdrawal is limited to the amount of the participant's contributions and any portion of the participant's rollover account.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than \$500 up to 50% of the participant's vested account balance, not to exceed \$50,000. During 2020, notes up to 100% of the participant's vested account balance, not to exceed \$100,000, were permitted for qualified individuals as defined under IRS Notice 2020-50 due to recent legislation. Further, the qualified individuals were permitted to suspend loan payments and extend loan terms for an additional year (see Note 2). Note terms are for a period not exceeding five years and bear interest at an agreed-upon percentage based on prevailing market rates. The Plan permits a second note to participants who currently have a note outstanding. Notes are paid off ratably through payroll withholding.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes

receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Forfeited accounts

The forfeited non-vested accounts can be used to reduce employer contributions to the Plan or pay plan administrative expenses. During the year ended December 31, 2021, no forfeitures were used to pay plan administrative expenses or to reduce employer contributions. The balance in the forfeiture account was \$16,339 and \$9,774 as of December 31, 2021 and 2020, respectively.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Common/collective trust funds

Investments in the common/collective trust funds are reported at fair value. The common/collective trust funds, at the fund level, are composed primarily of fully benefit-responsive investment contracts held by the funds' trustee. These contracts are not considered fully benefit-responsive to the Plan as the underlying contracts are not direct investments between the Plan and the issuer. The statements of net assets available for benefits present the fair value of the investments in the common/collective trust funds for the Plan's proportionate share of the common/collective trust funds. The statement of changes in net assets available for benefits is prepared on the fair value basis.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

utilizing information provided by the investment advisers and trustee. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Corrective distribution payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding increase to benefit payments. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 2 - Summary of significant accounting policies - continued:

Recent accounting pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). ASU 2018-13 changes the fair value measurement disclosure requirements of Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820).

Applicability of the provisions in ASU 2018-13 can depend on whether the reporting entity is a non-public entity. New disclosure requirements under ASU 2018-13 are applicable only to other than non-public entities and not applicable to this Plan. Eliminated and modified disclosure requirements under ASU 2018-13 impact the reporting of transfers between Level 1 and Level 2 assets (defined in Note 4), Level 3 asset disclosures, and disclosures about investments in certain entities valued at net asset value. ASU 2018-13 was effective for all entities for fiscal years beginning after December 15, 2019. Early adoption was permitted. Entities early adopting were permitted to early adopt the eliminated or modified disclosure requirements and delay the adoption of all new disclosure requirements until the effective date. Retrospective or prospective application to periods presented varies by specified disclosure. Management adopted ASU 2018-13 effective January 1, 2020. The adoption of ASU 2018-13 did not have a material impact on the Plan's 2021 financial statements.

Recent legislative changes

In December 2019, Congress passed the SECURE Act which included numerous reforms to existing retirement law and allows plan sponsors to make certain immediate plan operational changes without formal amendment of the plan document. If adopted, plan documents are required to be formally amended by the end of the first plan year beginning on or after January 1, 2022.

In March 2020, Congress passed the CARES Act which included optional immediate changes to distribution and loan provisions without formal amendment of the plan document. If adopted, plan documents are required to be formally amended by the end of the first plan year beginning on or after January 1, 2022.

The Plan Sponsor operationally implemented various changes and will be amending the Plan for these changes.

Effects of COVID-19

In March 2020, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a pandemic and the President of the United States declared it a national emergency.

THE OXFORD INDUSTRIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 2 - Summary of significant accounting policies - continued:

Effects of COVID-19- continued

The COVID-19 pandemic remains subject to the development and severity of new variants. The extent of the impact of COVID-19 on the Plan and financial results will depend on future developments, including the duration and spread of the outbreak within the markets in which the Plan Sponsor operates, government actions and programs, and the related impact on consumer confidence and spending, all of which are highly uncertain.

Subsequent events

The Plan has evaluated subsequent events through July 27, 2022, which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of December 31, 2021 have been incorporated into these financial statements.

Note 3 - Investments and information certified by the trustee:

Fidelity Management Trust Company (Fidelity) is the trustee for the Plan. Fidelity holds the Plan's investment assets and executes investment transactions. Management has determined that Fidelity is a qualified institution and the information prepared and certified by Fidelity meets the requirements of ERISA Section 103(a)(3)(C). Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE OXFORD INDUSTRIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 4 - Fair value measurements - continued:

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- Units of participation of the common/collective trust (CCT) funds are based on the fair value of the contractual terms of the underlying assets/guaranteed investment contracts. The CCT's are priced daily. The price is calculated based on the contract value which is based on the specific provisions of the contract and reported at fair value in the statements net assets available for benefits. A daily mil-rate is provided for income accretion. The daily mil-rate is a blend of the contracts' rate of return and the liquidity component's daily mil-rate. The contracts' rate of return is typically reset on a quarterly basis.

THE OXFORD INDUSTRIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 4 - Fair value measurements - continued:

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 155,005,020	\$ -	\$ -	\$ 155,005,020
Common/collective trust funds	-	40,777,624	-	40,777,624
Total assets at fair value	<u>\$ 155,005,020</u>	<u>\$ 40,777,624</u>	<u>\$ -</u>	<u>\$ 195,782,644</u>

Assets at Fair Value as of December 30, 2020				
	Level 1	Level 2	Level 3	Total

Common/collective trust funds	-	36,720,736	-	36,720,736
Total assets at fair value	<u>\$ 137,452,817</u>	<u>\$ 36,720,736</u>	<u>\$ -</u>	<u>\$ 174,173,553</u>

Note 5 - Related-party transactions:

Fidelity performs services for the Plan, sells products to the Plan, and manages and maintains investments of the Plan for which fees are charged to the Plan. These types of transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments.

Note 6 - Plan termination:

The Company has the right under the Plan, although it has not expressed any intent to do so, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants' accounts become fully vested.

THE OXFORD INDUSTRIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2021 and 2020

Note 7 - Tax status:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 10, 2014 that the Plan was designed in accordance with the applicable requirements of the IRC and thus the related trust is exempt from income taxes. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan has been amended since receiving the determination letter. The Plan Administrator is taking steps to bring the Plan into compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Other income:

Other income represents surplus service provider revenue that is placed into an ERISA expense account and is reallocated to participants' accounts or used to reduce Plan expenses.
