Independent Auditors' Report

To the Harpak-ULMA Packaging, LLC
Retirement Plan Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Harpak-ULMA Packaging, LLC (a 401(k) plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Harpak-ULMA Packaging, LLC (a 401(k) Plan), and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Harpak-ULMA Packaging, LLC's (a 401(k) Plan) ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Harpak-ULMA Packaging, LLC's (a 401(k) Plan) internal control. Accordingly, no such opinion is expressed.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (cont.)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Harpak-ULMA Packaging, LLC's (a 401(k) Plan) ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year – Schedule H, Line 4i) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by Reliance Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters (cont.)

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Harpak-ULMA Packaging, LLC (a 401(k) Plan). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 10, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Harpak-ULMA Packaging, LLC (A 401(k) Plan)

Notes to Financial Statements

December 31, 2021

Note 1 – Description of Plan

The following description of the Harpak-ULMA Packaging, LLC (a 401(k) plan, the “Plan”) is provided for general information only. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General – The Plan was established on July 1, 1994 and is a defined contribution plan with a salary reduction feature under Internal Revenue Code Section 401(a). The plan administrator/sponsor is Harpak-ULMA Packaging, LLC (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Harpak-ULMA Packaging, LLC Retirement Plan Committee (the “Committee”) oversees governance of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitors investment performance.

CARES Act – On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security (“CARES”) Act” was signed into law. The CARES Act, among other things, includes several relief provisions available for qualified retirement plans and their participants. Plan management evaluated the relief provision available to plan participants under the CARES Act and has enacted certain provisions as detailed in the payment of benefits, in-service withdrawals, and notes receivable from participant sections below.

Eligibility – All employees of the Company 18 years of age or older and who have completed two months of service are eligible to participate in the Plan.

Participant Contributions – Each year participants may contribute up to 90% of gross compensation on a pre-tax basis, not to exceed the IRS annual limit. Participants age 50 and over may voluntarily contribute additional catch up contributions subject to IRS limits. Such contributions are not subject to federal income taxes until withdrawn from the Plan in accordance with Section 401(a) of the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified pension plans (rollover contributions). In addition, participants, at their option may contribute on an after-tax basis (“Roth” contributions) and are subject to the same deferral limits as pre-tax contributions.

The Plan includes an automatic enrollment feature whereby the Company automatically withholds 6% of the participant's eligible compensation on a pre-tax basis, unless the participant notifies the Company and affirmatively elects not to participate.

Company Contributions – The Company is required to make safe harbor matching contributions of 100% of the participant's deferrals not to exceed 1% of eligible compensation plus 50% of participant's deferrals that fall between 1% and 6% of eligible compensation. The Company contributed \$393,323 for the year ended December 31, 2021.

The Company may make discretionary matching contributions not to exceed 4% of participant's eligible compensation. During 2021, the Company elected not to make discretionary matching contributions.

The Company may also make a discretionary profit-sharing contribution to eligible participants. During 2021, the Company elected not to make a discretionary profit-sharing contribution.

Note 1 – Description of Plan (Cont.)

Vesting – Participants are fully vested in their contributions plus related earnings. Company contributions and related earnings vest according to the following schedule:

<u>Years of Credit Service</u>	<u>Percentage of Account Vested</u>
0-1 Year	0%
2 Years	100%

If a participant's employment terminates due to death, disability or retirement, the participant's employer contribution account becomes 100% vested.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, and plan earnings/losses (based on participant's investment election and account balance). The benefit to which a participant is entitled to is the participant's vested account balance.

Investment Options – All assets of the Plan are participant directed. Participants have the option of directing the investment of their contributions, as well as any Company contributions, into various mutual funds and a common/collective trust offered by the Plan. The Committee determines the Plan's valuation policies.

Payment of Benefits – Plan benefits are available at normal retirement age (age 65), deferred retirement, disability retirement, death, or termination of employment. Participant may elect to receive the vested portion of their account as a lump-sum payment.

In-Service Withdrawals – The Plan allows for annual in-service withdrawals from the vested portion of a participant's account upon the participant's attainment of age 59 ½.

Hardship withdrawals are permitted if the withdrawal is due to immediate financial need, as defined by the Plan. The amount of the hardship withdrawal is subjected to certain limitations as specified in the Plan and the IRC.

Notes Receivable from Participants – Participants may borrow an amount up to 50% of their vested account balance. The maximum loan amount is \$50,000, reduced by the highest outstanding loan balance in the preceding twelve-month period. Each borrowing is evidenced by a note bearing interest at a prevailing rate as determined by the plan administrator and must be repaid over a period not to exceed five years, except that loans used to obtain a principal residence may be for a longer term. Principal and interest payments are credited to the borrowing participant's account. Principal and interest are paid in level amortization payments through payroll deductions. The notes are secured by the vested balance in the participant's account. Loans will become due and payable in full upon the participant's death, retirement or termination of employment with the Company.

The Plan enacted a provision of the "CARES" Act, whereby participants could request a delay of scheduled note payments between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note repayment period can be extended up to one-year, upon repayment resuming the note will be re-amortized include interest accrued and unpaid during the deferment period and to reflect the revised maturity date.

Forfeited Accounts – Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions and plan administrative expenses. During the year ended December 31, 2021, \$15,245 of forfeited participant accounts were used to reduce the Company's matching contributions (\$5,152 used during the year ended December 31, 2020). At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$45 and \$44, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting, except that benefit payments are recorded upon distribution.

Fair Value Measurements – The Plan follows the provisions of the Financial Accounting Standard Board's (FASB) Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurements and Disclosures" (ASC Topic 820), for assets and liabilities that are measured and recorded at fair value on a recurring basis, and to determine fair value disclosures. This standard defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. Investments measured using the net asset value ("NAV") practical expedient are exempt from categorization within the fair value hierarchy (see Note 4).

Accounting Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. If a participant does not make loan repayments for a period of 90 days and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Therefore, no allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Investment Valuation and Income Recognition – The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies (see Note 4).

Net investment appreciation and depreciation reflected in the statement of changes in net assets available for benefits include realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis, interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Payment of Benefits – Benefit payments are recorded upon distribution to participants.

Plan Expenses – Certain expenses of maintaining the Plan are paid by the plan sponsor and therefore are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses, while expenses for items such as recordkeeping fees are allocated to participant accounts. Investment related fees are included in the net appreciation/depreciation of the fair value of investments.

Evaluation of Subsequent Events – Management has evaluated subsequent events involving the Plan for potential recognition or disclosure in the accompanying financial statements. Subsequent events are events or transactions that occurred after December 31, 2021 up through July 28, 2022, the date the accompanying financial statements were available to be issued.

Note 3 - Information Prepared and Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Reliance Trust Company, the plan trustee, except for comparing such information to the related information included in the accompanying financial statements. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Reliance Trust Company.

Note 4 – Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, "Fair Value Measurement", are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

Note 4 – Fair Value Measurements (Cont.)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

There were no significant transfers between Levels 1, 2, or 3 for the year ended December 31, 2021.

The following is a schedule of the Plan's assets at fair value by category within the fair value hierarchy:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2021</u>				
Shares of registered investment companies	<u>\$ 10,613,372</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,613,372</u>
Common/collective trusts, at net asset value				<u>2,010,283</u>
				<u><u>\$ 12,623,655</u></u>
<u>December 31, 2020</u>				
Shares of registered investment companies	<u>\$ 9,535,025</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,535,025</u>
Common/collective trusts, at net asset value				<u>2,071,159</u>
				<u><u>\$ 11,606,184</u></u>

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Shares of Registered Investment Companies (Mutual Funds) – These investments are public investment vehicles valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective Trusts – Valued using the NAV provided by the fund managers. The NAV is based on the underlying net assets owned by the fund, divided by the number of shares outstanding. The NAV's unit price is quoted on private markets that are not active. However, the NAV is based on the fair value of the underlying securities within the funds, which are traded on active markets, and valued at the closing price reported on the active market on which those individual securities are traded. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The significant investment strategies of the fund are described in the financial statements provided by the fund. Investments in these funds can generally be redeemed daily.

Note 4 – Fair Value Measurements (Cont.)

The following table summarizes investments measured at fair value based on NAV per share.

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
<u>December 31, 2021</u>				
Common/collective trust - Invesco Stable Value Fund R6	\$2,010,283	N/A	Daily	12 months written notice to liquidate entire share
<u>December 31, 2020</u>				
Common/collective trust - Invesco Stable Value Fund R6	\$2,071,159	N/A	Daily	12 months written notice to liquidate entire share

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a complete or partial plan termination, participants will become 100% vested in their accounts and participants' accounts will be distributed to participants in accordance with the Plan's provision.

Note 6 - Income Tax Status

The Plan is a qualified cash or deferral arrangement established under Section 401(k) of the Internal Revenue Code and is exempt from federal income taxes under Section 401(a) of the Internal Revenue Code. The Company has executed an adoption agreement using an ADP, Inc. prototype defined contribution plan and relies on a favorable determination letter from the Internal Revenue Service dated July 16, 2014, issued for the prototype plan. Although the Plan has been amended since receiving the favorable opinion letter from the IRS, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Subsequent to December 31, 2021, the Plan Sponsor executed an adoption agreement using an ADP, Inc. Volume Submitter Defined Contribution Plan, with a cash or deferred arrangement, which restated and amended the plan document as required by the Internal Revenue Service on April 28, 2022. The volume submitter defined contribution plan received a favorable opinion letter dated October 6, 2020.

Note 7 – Party-In-Interest Transactions

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts, and these transactions are party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 – Investment Risks and Uncertainties

The Plan provides for investment options in mutual funds, which are exposed to various risks, such as interest rate, credit risk and market risk. Due to the level of risk associated with these investment securities, and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2021</u>	<u>2020</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2021:

Increase in net assets available for benefits per the financial statements	\$ 1,017,722
Change in contribution receivable	<u>(15,640)</u>
Net income per Schedule H of Form 5500	<u>\$ 1,002,082</u>
