INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Server Products, Inc. Employees 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Server Products, Inc. Employees 401(k) Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Supplementary Schedule Required by ERISA

The schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the schedule of assets (held at end of year) related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.013-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SERVER PRODUCTS, INC. EMPLOYEES 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include the plan administrator's evaluation of the events and transactions occurring subsequent to December 31, 2021 through July 27, 2022, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Server Products, Inc. is the plan sponsor and plan administrator. ADP, LLC is the third party administrator, record keeper and tax counsel that performs various compliance tests. Reliance Trust Company is the plan trustee, investment agent that maintains investment and participant records and custodian of the plan's investment assets. ADP Strategic Plan Services, LLC ("ADPSPS") is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV"), and are deemed to be actively traded.

Common/collective trust - Valued at the NAV based on units of the common/collective trust. The common/collective trust held by the plan is an individual direct filing entity. The NAV, as provided by Reliance Trust Company, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by common/collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common/collective trust will sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$17,953,938	\$ -	\$ -	\$17,953,938
Total investments in the fair value hierarchy	<u>\$17,953,938</u>	<u>\$ -</u>	<u>\$ -</u>	<u>17,953,938</u>
Investments measured at NAV (a)				<u>1,138,863</u>
Total investments at fair value				<u>\$19,092,801</u>

Investments at fair value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$18,109,294	\$ -	\$ -	\$18,109,294
Total investments in the fair value hierarchy	<u>\$18,109,294</u>	<u>\$ -</u>	<u>\$ -</u>	<u>18,109,294</u>
Investments measured at NAV (a)				<u>1,481,642</u>
Total investments at fair value				<u>\$19,590,936</u>

(a) In accordance with GAAP, certain investments that are measured at the NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV as a practical expedient as of December 31, 2021 and 2020. Participant transactions (purchases and sales) for these transactions may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

<u>December 31, 2021</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Common/collective trust	\$1,138,863	n/a	Daily	12 months

<u>December 31, 2020</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Common/collective trust	\$1,481,642	n/a	Daily	12 months

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established on January 1, 1988 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to make elective deferral contributions and receive employer discretionary matching and safe harbor contributions once they have completed 60 days of service (part-time employees must complete 1,000 hours of service) and have reached age nineteen. An employee can enter the plan on the first day of the month immediately following the date the plan's eligibility requirements are met. Employees are eligible to receive profit sharing contributions if they have completed at least 1,000 hours of service during the plan year and are employed by the plan sponsor on the last day of the plan year.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (employee elective deferral contributions). The plan also permits Roth elective deferrals.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. The employer may make matching contributions equal to a discretionary percentage of the employee elective deferral contributions. Discretionary matching contributions equal to 50% of the first 6% of the employee compensation were made in 2021 and 2020. Discretionary matching contributions are made coinciding with each pay period.
- d. The employer is required to make safe harbor contributions equal to 3% of the employee's eligible compensation, which were made coinciding with each pay period during 2021 and 2020.
- e. The employer may make additional profit sharing contributions at their discretion. No profit sharing contributions were made in 2021 and 2020.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options daily and change deferral percentages at any time.

Vesting - Participants are always 100% vested in their elective deferral, rollover contributions and employer safe harbor contributions and related earnings. Participants are vested in employer discretionary matching and profit sharing contributions and related earnings upon one year of service at which time they are 33% vested. The participant then vests at the rate of 33% for each year thereafter until they are fully vested after three years of service. Upon death, disability or qualified retirement, participants become 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Participants generally receive their distribution in the form of a single lump sum payment. In-service withdrawals can commence upon attaining the age of 59½. Hardship withdrawals are permitted under the plan in certain circumstances.

Forfeitures - Forfeitures may be used to pay plan administrative fees or reduce employer contributions. Forfeitures used to reduce employer contributions were \$2,000 in 2021 and \$20,000 in 2020. There were no unapplied forfeitures as of December 31, 2021 and 2020.

Administrative expenses - Certain administrative costs of the plan are paid by the plan sponsor. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for loan and distribution fees and non-participant directed charges for services and administrative fees. Non-participant directed charges are allocated to participants on an account value basis.

Notes receivable from participants - Actively employed participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at any given time. The maximum loan term for a general purpose loan is five years. The loan terms may be extended if the loan proceeds are used to purchase a primary residence. Notes receivable from participants are secured by the balance in the participant's account and bear interest at rates set by the plan administrator. As of December 31, 2021, the notes receivable from participants have various repayment schedules through August 2026 with interest rates from 4.25% to 5.75%. The notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Any transactions involving the plan, plan sponsor, record keeper (ADP, LLC), investment advisor (ADPSPS), and plan trustee (Reliance Trust Company) qualify as party-in-interest transactions. Direct administration fees paid to ADP, LLC by the plan were \$38,000 in 2021 and \$39,000 in 2020. ADP, LLC acts as the billing and collection agent for certain fees which are remitted to ADPSPS pursuant to a services agreement. Reliance Trust Company does not charge the plan directly for any services provided. ADP, LLC compensates the trustee directly for services rendered.

Notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in all employer discretionary matching and profit sharing contributions and related earnings.

5. INCOME TAX STATUS

Prior to July 1, 2022, the plan was operating under an ADP, LLC Prototype Non-Standardized Profit Sharing Plan that received a favorable opinion letter on July 16, 2014. Effective July 1, 2022, the plan adopted an ADP, LLC Non-Standardized Pre-Approved Profit Sharing Plan that received a favorable opinion letter on October 6, 2020. There were no functional changes to the plan in connection with the adoption of the new pre-approved plan. The opinion letters from the Internal Revenue Service state that the plans, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan, however, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2021 and 2020. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY TRUSTEE

Management has obtained certifications from Reliance Trust Company, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held by the plan and the fair values of such as of December 31, 2021 and 2020;
- b. Dividends, interest income and the net appreciation (depreciation) in fair values of investments for the years ended December 31, 2021 and 2020;
- c. Purchases and sales of investments for the years ended December 31, 2021 and 2020; and
- d. Contributions to, investment income (loss) credited to, benefits paid from and transfers between investment accounts for the years ended December 31, 2021 and 2020.
