The Vernon Company 401(k) Plan for Administrative and Affiliated Company Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of The Vernon Company 401(k) Plan for Administrative and Affiliated Company Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - 2020 Financial Statements

LWBJ, LLP, who merged into UHY LLP as of January 4, 2022, was engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed LWBJ, LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated July 29, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule; and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the information certified by a qualified institution, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**THE VERNON COMPANY 401(K) PLAN FOR
ADMINISTRATIVE AND AFFILIATED COMPANY EMPLOYEES**

Notes to Financial Statements

December 31, 2021

1. Description of Plan

The following description of The Vernon Company 401(k) Plan for Administrative and Affiliated Company Employees (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-bargaining home office employees of The Vernon Company (the "Company") and all non-bargaining employees of the Company's operating subsidiary. Participants are eligible for entry into the Plan on January 1 or July 1 following the completion of 6 months of service and reaching 19 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participation is voluntary.

In March 2020, the net assets and accounts from The Vernon Company 401(k) Plan for Bargaining Unit merged into the Plan. Additionally, in October 2020, certain participants and their accounts from the Plan were transferred to The Vernon Investment and Retirement Plan for Field Salespersons and certain participants and their accounts from The Vernon Investment and Retirement Plan for Field Salespersons were transferred into the Plan.

In 2020, the Company divested a segment of their business and experienced a decline in its workforce due to the COVID-19 pandemic. It was determined by plan management that these events, collectively, represented a partial plan termination. Accordingly, all participants involved in the reduction of employment became fully vested in their accounts.

Plan Administration

The Company has contracted with Principal Life Insurance Company and Principal Trust Company (collectively, "Principal") to hold the Plan's assets, execute investment transactions, perform allocations of contributions and investment earnings, and make benefit payments.

**THE VERNON COMPANY 401(K) PLAN FOR
ADMINISTRATIVE AND AFFILIATED COMPANY EMPLOYEES**

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions

Participants may contribute up to 100% of their eligible income as defined by the Plan, subject to certain limitations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% (increasing annually by 1% up to a max of 10%) of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company matches 25% of participant deferrals up to 6% of the participant's eligible salary. The Company may also make a discretionary contribution in an amount determined by the Company. To receive the discretionary contribution, the employee must be employed on the last day of the previous Plan year-end. During the years ended December 31, 2021 and 2020, the Company did not make discretionary contributions to the Plan. The Plan allows catchup contributions up to the amounts allowed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing rollovers from other qualifying plans. Participants direct the investment of their contributions into the various investment options offered by the Plan. The Company contributions can be directed to different investment options by the participant.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution to their accounts, plus actual earnings thereon, is based on a rate of 25% for each year of service after one year of service. A participant is 100% vested after five years of credited service. Participants become vested immediately in the Company's contributions and earnings thereon if employed by the Company on the date they qualify for normal retirement (age 65), become totally disabled or die.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum, annuity payment option, or allow the funds to be rolled over into another qualifying account. If no election is received from the participant, amounts which are less than \$1,000 will be paid to the participant and amounts between \$1,000 and \$5,000 are rolled into an Individual Retirement Account. In certain circumstances, the withdrawals are allowed from the participant's account.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeited Accounts

At December 31, 2021 and 2020, forfeitures totaled \$2,420 and \$1,051, respectively, and were used to reduce company contributions. There was no balance in the forfeiture account at December 31, 2021 and 2020.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates

Investment Valuation and Income Recognition

Investments are reported in the financial statements at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

**THE VERNON COMPANY 401(K) PLAN FOR
ADMINISTRATIVE AND AFFILIATED COMPANY EMPLOYEES**

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Administrative Expense

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain investment-related expenses are included within net appreciation in fair value of investments.

3. Information Certified by Principal

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate as of and for the years ended December 31:

	2021	2020
Investments, at fair value:		
Mutual funds	\$ 3,595,141	\$ 4,074,827
Pooled separate accounts	20,731,436	21,004,175
Guaranteed interest account	392,364	391,271
Investment income:		
Net appreciation in fair value of investments	\$ 3,509,941	\$ 3,354,268
Dividends and interest	32,506	22,088

4. Fair Value Measurements

GAAP establishes a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority):

Level 1, defined as unadjusted quoted prices in active markets accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2, defined as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar instruments in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means; and

Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

**THE VERNON COMPANY 401(K) PLAN FOR
ADMINISTRATIVE AND AFFILIATED COMPANY EMPLOYEES**

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Mutual funds:* Valued based on quoted prices of identical assets in active markets.
- *Pooled separate accounts:* Valued using the net asset value ("NAV") of the separate account, which is calculated by Principal daily based on the fair value of the account's underlying assets. Each separate account invests its assets in an underlying mutual fund according to its investment objectives. NAV is the values at which a participant can transact daily, and there are no restrictions on the ability to redeem the pooled separate accounts.
- *Guaranteed interest account:* Fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect surrender charges applied upon withdrawal. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals and less funds used to pay administrative expenses.

The following table shows assets measured at fair value as of December 31, 2021 and 2020 on the Plan's balance sheets and the input categories associated with those assets:

Description	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,595,141	\$ -	\$ -	\$ 3,595,141
Pooled separate accounts	-	20,731,436	-	20,731,436

**THE VERNON COMPANY 401(K) PLAN FOR
ADMINISTRATIVE AND AFFILIATED COMPANY EMPLOYEES**

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following is a reconciliation of the fair values using significant unobservable inputs (Level 3) for the Plan during the years ended December 31:

	2021	2020
Beginning of year balance of Level 3 assets	\$ 391,271	\$ 377,743
Net appreciation (depreciation) in fair value	(3,436)	4,481
Purchases	90,348	525,846
Settlements	(91,778)	(521,942)
Interest credited	5,960	5,143
End of year balance of Level 3 assets	<u>\$ 392,364</u>	<u>\$ 391,271</u>

Amount of total gains (losses) for the year included in changes in net assets that are attributable to the change in unrealized gains or losses relating to assets still held at the reporting date

\$ (3,436) \$ 4,481

The table below sets forth the significant unobservable inputs and the ranges of values for those inputs of the Plan's level 3 assets for the year ended December 31, 2021 and 2020.

Instrument	Fair Value 2021	Fair Value 2020	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed interest account	\$ 392,364	\$ 391,271	Assumed proceeds at discontinuance	Composite Guaranteed Rate	2021: 0.88% - 1.66% 2020: 0.61% - 0.75%

5. Tax Status

The Plan was created from a prototype plan developed by Principal. The IRS has issued an opinion letter, dated March 31, 2014, that the prototype plan is qualified, and the trust established under the Plan is tax-exempt under Section 401 of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the letter, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC under the prototype.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that "more-likely-than-not" would not be sustained upon examination by the IRS. Plan management has not identified any uncertain tax positions.

**THE VERNON COMPANY 401(K) PLAN FOR
ADMINISTRATIVE AND AFFILIATED COMPANY EMPLOYEES**

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Party-in-Interest Transactions

During the years ended December 31, 2021 and 2020, the Plan invested in various investments managed by its custodian, which qualify as party-in-interest transactions. These transactions are exempt and are not prohibited by ERISA.

8. Subsequent Events

The Plan's management has evaluated subsequent events through July 21, 2022, the date the financial statements were available to be issued.
