INDEPENDENT AUDITOR'S REPORT

July 29, 2022

To the Plan Administrator of the
United Radio, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of United Radio, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of United Radio, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of United Radio, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about United Radio, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

UNITED RADIO, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following brief description of the United Radio, Inc. 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on October 1, 1991 and is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code. The Plan is a defined contribution plan covering substantially all employees of United Radio, Inc. (the "Company") who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration and Custodian

The Company is the sponsor and the administrator of the Plan. Great-West Trust Company, LLC (the "Trustee") is the trustee of the Plan's assets. Great-West Trust Company, LLC is also the Plan's third-party administrator and provides recordkeeping services to the Plan.

Plan Changes

Effective July 1, 2021, the Plan was restated and a new adoption agreement was signed. The restatement changed the eligibility requirement for employer matching contributions to be 30 days of employment with an entry date on the first day of the month following when the eligibility requirement is met.

Participation

Each employee shall be entitled to make his or her own contributions (elective deferrals) to the Plan upon the completion of one month of service. Eligible employees may become participants on the first day of the month immediately following or coincident with the date the employee completes the eligibility conditions.

Prior to July 1, 2021, each employee was eligible for Company contributions upon the completion of one year of service and at least 1,000 hours of service during the Plan year. Eligible employees became participants commencing on the earlier of the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the attainment of the eligibility requirements.

1. DESCRIPTION OF PLAN (Continued)

Contributions

Effective March 1, 2020, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 5% of eligible pretax compensation. The maximum contribution each participant may make each year is subject to federal limits.

Each year, the Company shall make matching contributions on behalf of each participant in an amount equal to 25% of the participant's elective deferrals, not to exceed 1.25% of the participant's compensation. The Company may also contribute a discretionary matching contribution that shall be allocated to qualified employees. For 2021 and 2020, the Company has elected to make an additional discretionary matching contribution in an amount equal to 35% of participant's elective deferrals, not to exceed 1.75% of the participant's compensation. In 2021 and 2020, total matching and discretionary matching contributions totaled \$498,098 and \$389,989, respectively.

The Company's matching and discretionary matching contributions are generally funded throughout the year, with the exception of funding for highly compensated participants, which is done after year-end. As such, there is a receivable recorded at December 31, 2021 and 2020 for the matching and discretionary matching contributions for the highly compensated participants.

The Company may also decide each Plan year to make a discretionary profit-sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the Plan year. In order for a participant to qualify to receive a discretionary profit-sharing contribution, the participant must be employed on the last day of the Plan year. The Company did not make any discretionary profit-sharing contributions in either 2021 or 2020.

Investments

Participants direct the investment of their contributions, all Company contributions, and related earnings thereon into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals plus actual earnings thereon. The Plan provides for the vesting of employer contributions at the following rate:

<u>Years of Service</u>	<u>Percent of Account Vested</u>
One year	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

1. DESCRIPTION OF PLAN (Continued)

Vesting (Continued)

A year of service is defined as a minimum of 1,000 hours worked during a Plan year. Additionally, accounts become fully vested upon attainment of age 65, death or total disability.

Rollovers

Participants may transfer funds from other qualified plans with the consent of the Plan administrator.

Payment of Benefits

Upon termination of service due to death, disability, termination or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for mandatory distribution of a participant's vested account balance following severance from employment when an account balance is less than \$5,000. The mandatory distribution is subject to automatic rollover if it exceeds \$1,000.

Forfeited Accounts

Under the terms of the Plan, forfeited amounts will be used first to reduce the employer's matching contributions to the Plan and then reduce non-elective contributions. Forfeiture activity in 2021 and 2020 consisted of the following:

	<u>2021</u>	<u>2020</u>
Forfeitures available for use, beginning of year	\$ 54,488	\$ 44,090
Forfeitures generated	16,373	8,095
Earnings on forfeitures	592	565
Fees expense adjustment	8,025	10,850
Forfeitures used to reduce employer contributions	<u>(15,972)</u>	<u>(9,112)</u>
Forfeitures available for use, end of year	<u>\$ 63,506</u>	<u>\$ 54,488</u>

Administrative expenses

All administrative expenses are paid by the Plan. Investment management fees are paid out of Plan assets. Recordkeeping fees are charged directly against the related investments of the Plan. Administrative expenses consisted of the following:

	<u>2021</u>	<u>2020</u>
Total administrative expenses	\$ 96,363	\$ 86,455
Less: Fees expense adjustment	<u>(22,213)</u>	<u>(30,868)</u>
Expenses paid by the Plan	<u>\$ 74,150</u>	<u>\$ 55,587</u>

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investments

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)

The fixed annuity is benefit responsive for participant-initiated transactions. However, there is a provision that prevents the immediate and full payout of the contract value for Plan-initiated transactions, therefore it is not deemed to be fully benefit responsive.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, currency, market and credit risk. Due to the level of risk associated with investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

The United States is presently in the midst of a pandemic related to a virus, commonly known as Novel Coronavirus (COVID-19). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Fair Value Measurement - Definition and Hierarchy

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|----------------|--|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| <i>Level 2</i> | Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| <i>Level 3</i> | Inputs to the valuation methodology are unobservable and significant to the fair measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at fair value by quoted prices in active markets for identical assets.

Fixed Annuity: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following is a description of the valuation methodologies used for assets and liabilities for which fair values are estimated using the net asset value (NAV) practical expedient:

Collective Trust Funds: The value of each fund's units is based on its net asset value (NAV), which is in turn based on the NAVs of each portfolio in which it invests, which are classified as Level 2. The NAV of each portfolio is determined based on the policies contained in each portfolio's financial statements. The NAV per unit of each class equals the total value of its assets, less its liabilities, divided by the number of its outstanding units. Units are only valued as of the close of regular trading on the New York Stock Exchange (NYSE) each day the exchange is open. Each Portfolio values its investments for which market quotations are readily available at fair market value and values its short-term investments that will mature within 60 days at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts of net assets and the changes in net assets during the reporting period. Actual results could differ from those estimates.
