INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Spectraforce Technologies, Inc. 401(k) Plan
Raleigh, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Spectraforce Technologies, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Great West Life & Annuity Insurance Company (d/b/a Empower) as of December 31, 2021 and for the period from January 30, 2021 to December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT

CONTINUED

- the information in the 2021 financial statements referred to above related to assets held by and certified to by Great West Life & Annuity Insurance Company (d/b/a Empower) agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Spectraforce Technologies, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Spectraforce Technologies, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT

CONTINUED

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Spectraforce Technologies, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Spectraforce Technologies, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT**CONTINUED**

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Great West Life & Annuity Insurance Company (d/b/a Empower) agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Spectraforce Technologies, Inc. 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by Branch Banking and Trust Company. Their report dated October 14, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SPECTRAFORCE TECHNOLOGIES, INC. 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2021 AND 2020****1. DESCRIPTION OF PLAN:**

The following description of the Spectraforce Technologies, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Spectraforce Technologies, Inc. ("the Company") who meet the age and service requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company. Great-West Life & Annuity Insurance Company (d/b/a Empower Retirement) ("Custodian") serves as the custodian of the Plan. The Plan Sponsor switched trustees from Branch Banking and Trust Company ("BB&T") on January 29, 2021. The activity in the BB&T plan was certified for 2020 but did not generate certified trust statements for the one month of activity in January 2021. However, Empower included it in their testing and re-created participant statements for the month of January 2021.

Plan Amendments

Effective January 1, 2020, the Plan was amended to change the entry dates from the first day of the Plan Year and first day of the seventh month of the Plan Year to the fifteenth of January and July. The entry dates will apply to pre-tax elective deferrals, matching contributions and employer profit sharing contributions.

Effective January 15, 2020, the Plan was amended for elective deferrals to be a percentage of the contributing participants compensation from 1% to 100% in increments of 1%. The Plan will no longer permit an amount equal to a dollar amount for elective deferrals. In addition, the Plan was amended to remove the 6 year graded vesting schedule and adopt a 3 year cliff vesting schedule for discretionary matching contributions and discretionary profit sharing contributions.

Effective September 1, 2020, the Plan was amended to allow participants to cease their deferrals at any time rather than on a semi-annual basis. In addition, the Plan was amended to allow hardship distributions from pretax elective deferrals.

Effective January 22, 2021, the Plan was restated by adopting the Great-West Trust Company Defined Contribution Prototype Plan and Trust when switching from BB&T to Great-West.

Effective September 28, 2021, the Plan was restated for its normal cyclical restatement.

SPECTRAFORCE TECHNOLOGIES, INC. 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2021 AND 2020****1. DESCRIPTION OF PLAN: (Continued)****Contributions**

Participants may contribute up to the lesser of the maximum allowed by law, or 100% of eligible compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans as rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Matching contributions and additional profit sharing contributions may be contributed at the discretion of the Company's board of directors. During the year ended December 31, 2021 and 2020, the Company made \$149,503 and \$148,579 in matching contributions, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's contribution and Plan earnings, and is charged with an allocation of administrative and fund expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100 percent vested in their contributions and any rollover contributions in their account. Vesting in the Company's contribution account plus actual earnings thereon is based on continuous years of service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their account up to fifty percent of their vested balance with a minimum of \$1,000 and a maximum of \$50,000. The loans are secured by the balance in the participant's account and bear interest rates commensurate with local prevailing rates as determined by the plan administrator. The rates were 4.25 percent on loans in 2021. There were no outstanding loans as of December 31, 2021. Principal and interest are paid ratably through payroll deductions.

SPECTRAFORCE TECHNOLOGIES, INC. 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2021 AND 2020****1. DESCRIPTION OF PLAN: (Continued)****Payment of Benefits**

Benefits are paid upon retirement, death, disability, or termination of employment. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in the account or annual installments over a 10 year period, which may not exceed life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution. Employees that terminate employment and have a vested account balance under \$5,000, receive an automatic rollover of their account balance into an IRA account. All fully vested account balances are available for distribution if the participant reaches the age of 59 ½. Hardship distributions are permitted as well.

Forfeited Accounts

Forfeitures of the non-vested portion of terminated participants' accounts may be used to pay the administrative costs of the Plan. Any remaining forfeitures are added to the employer's contribution and allocated to eligible participants. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$53,239 and \$0, respectively. Forfeitures were not used in plan years ending December 31, 2021 and 2020, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value except for fully benefit responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

SPECTRAFORCE TECHNOLOGIES, INC. 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2021 AND 2020****2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)****Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value, except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Contributions

Employer contributions are recorded in the period in which they are approved by the Company.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess 2021 and 2020 contributions to the applicable participants prior to March 15, 2022 and 2021, respectively.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Expenses

Certain expenses relating to maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees relating to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Company has evaluated events from December 31, 2021 through July 27, 2022, which is the date that the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIANS: (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodians as complete and accurate except for comparing such information certified by the Custodians to information included in the Plan's financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money Market Fund: Valued at the \$1 as the funds are invested in the BB&T insured deposit program. The money market funds held by the Plan are deemed to be highly liquid but not necessarily quoted on an open market.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different

4. FAIR VALUE MEASUREMENTS: (Continued)

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,779,620	\$ -	\$ -	\$ 3,779,620

Investments measured at NAV *				-
Investments at fair value				<u>\$ 3,370,535</u>

*In accordance with Subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value represents in this table are intended to permit reconciliation of the fair value hierarchy table to the line item presented in the statement of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of Levels 1, 2 or 3.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

5. GROUP ANNUITY CONTRACT WITH NATIONAL INSURANCE COMPANY:

In 2021, the Plan entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The GWI Fixed Account – Series Class I (the Group Annuity Contract) is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The contract is included in the financial statements at contract value as reported by Great-West. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed rate provision covers the range of insurance expenses that are netted to create the crediting rate. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. The crediting rate is reviewed on a quarterly basis for resetting.

Based on Actual Earnings	0.90%
Based on Interest Rate Credited to Participants	0.90%

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on third party issuer's ability to meet financial obligations. The issuer's ability to meet contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the plan documents (including complete or partial plan terminations or mergers) 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (like divestitures or spin-offs) that cause a significant withdrawal from the Plan or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. At December 31, 2021, the trustee of the fund did not believe that the occurrence

(Continued)**

of any fair value event, which would limit the fund's ability to transact at contract value with participants, is probable of occurring. The guaranteed investment contract does not permit the bank to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

6. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS:

The Custodian, Great-West Life & Annuity Insurance Company (GWLAIC), provides various mutual funds and a group annuity contract as investments options. Participants are directly charged by GWLAIC for recordkeeping services such as loan and distribution processing and other asset-based management commission fees. Recordkeeping fees reported by GWLAIC were \$7,398 for the year ended December 31, 2021. Recordkeeping fees reported by BB&T Institutional Services was \$27,711 for the year ended December 31, 2020. Investment broker/advisors are paid indirectly by the funds themselves. Guardian Wealth Partners were paid \$11,751 and \$9,439 for investment advisor services for the years then ending December 31, 2021 and 2020, respectively. Advised Assets Group were paid \$117 for investment advisor fees in the year ended December 31, 2020. These indirect broker fees are netted in the earnings of the investment income as required by generally accepted accounting principles.

8. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

See Independent Auditor's Report

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

9. INCOME TAX STATUS:

On January 22, 2021, the Plan adopted the Great-West Trust Company, LLC Non-Standardized Pre-Approved Profit Sharing with CODA Plan which received its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although, the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service and the North Carolina Department of Revenue. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
