INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
TechnoServe, Inc. 401(k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of TechnoServe, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of TechnoServe, Inc. 401(k) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of TechnoServe, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TechnoServe, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TechnoServe, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TechnoServe, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter— 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets held (at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter— Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of TechnoServe, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. Description of the Plan

The following description of the TechnoServe, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all employees of TechnoServe Inc. (the Company) who are at least 21 years old, excluding employees covered by a collective bargaining agreement, non-resident aliens and leased employees. Employees are eligible for participation in the Plan and the safe harbor matching contribution beginning with the first day of the month following completion of the eligibility requirements. The Plan Administrators and the 401(k) Committee are responsible for oversight of the Plan. Fidelity Management Trust Company serves as the trustee for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2021, the Plan was amended to remove the 6-month service period and 1,000-hour requirement to be eligible for the discretionary nonelective profit-sharing contribution. The discretionary nonelective profit-sharing contribution now has the same eligibility requirements as the employee and safe harbor matching contribution. Effective October 5, 2021, the Plan was amended and restated to bring the plan into compliance with legislative and regulatory changes. There were no other changes in the plan provisions.

Contributions

Eligible participants may elect to make salary reduction contributions up to 100% of eligible compensation, as defined by the Plan, subject to the limitations under the Internal Revenue Code (IRC). Catch-up contributions are allowed for participants who reach age 50 before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). The Company makes a safe harbor matching contribution of 100% of employee deferrals not exceeding 3% of eligible compensation and 50% of employee deferrals between 3% and 5% of eligible compensation. The Company may also elect to make a discretionary nonelective profit-sharing contribution. For the years ended December 31, 2021 and 2020, the Plan made a discretionary nonelective profit-sharing contribution of 8% of eligible compensation.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. Description of the Plan (continued)

Participant accounts

Each participant's account is participant-directed and credited with the participant's contributions, the earnings/losses on the participant's account, the safe harbor matching contribution and the discretionary nonelective profit-sharing contribution, if any. Participant accounts may also be charged with an allocation of certain administrative expenses specifically attributable to a participant. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary nonelective profit-sharing contribution is based on years of continuous service, as defined by the Plan. Participants vest at 33% after one year of service, 66% after two years of service and 100% after three years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Interest rates on notes receivable from participants are based on the prevailing interest rate at the loan's inception. Each note receivable is secured by the balance in the participant's account. Participants may only have one note receivable outstanding at a time. The note receivable term may not exceed five years, unless the borrowing is for the purchase of the participants primary residence, where the term may be ten years. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59 ½. Benefits are payable in lump-sum payments with certain exceptions allowed. Upon termination of employment, if the total benefit is \$1,000 or less, the entire amount is paid in a lump-sum distribution. If the total benefit is greater than \$1,000, but less than \$5,000, the balance may be automatically rolled into an individual retirement account, unless the participant elects otherwise. If the total benefit is greater than \$5,000 the participant must consent to the distribution.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. Description of the Plan (continued)

Forfeitures

Forfeitures are used either to pay for administrative expenses or to reduce employer contributions. At December 31, 2021 and 2020, unallocated forfeitures to be used during the following plan years were \$54,514 and \$44,072, respectively. During 2021, the Plan used \$4,847 of forfeitures to offset employer contributions.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investments valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant contributions and employer safe harbor matching contributions are recognized on the pay date to which they relate. Employer discretionary nonelective profit-sharing contributions are recognized in the year as designated by the Company.

Payment of benefits

Benefits are recorded when paid.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

2. Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent loans are reclassified as distributions based upon the terms of the Plan documents.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Company and excluded from these financial statements. Investment fees and transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses. Plan expenses, such as recordkeeping fees, may be charged directly to the participant's account on a pro-rata basis.

3. Investments certified by the trustee (unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements and supplementary information, including the associated appreciation, investment interest and dividends, and interest earned on notes receivable from participants, was certified as complete and accurate by Fidelity Management Trust Company (Fidelity).

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. Fair value measurements (continued)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. Fair value measurements (continued)

Common collective trust fund: The Plan has investments in the Fidelity Managed Income Portfolio, a common collective trust fund. The Managed Income Portfolio is presented on the statements of net assets available for benefits at fair value measured using the NAV of the units held by the Plan. The NAV is not a publicly quoted price in an active market. The NAV is used as a practical expedient to estimate fair value using net asset value per share. The practical expedient would not be used if it was determined to be probable that the Plan would sell the investment for a different amount.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Values as of December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 27,862,910	\$ 27,862,910	\$ -	\$ -
Total assets in the fair value hierarchy	27,862,910	<u>\$ 27,862,910</u>	<u>\$ -</u>	<u>\$ -</u>
Investment measured at net asset value	1,462,918			
Investment at fair value	<u>\$ 29,325,828</u>			
Assets at Fair Values as of December 31, 2020				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 23,474,614	\$ 23,474,614	\$ -	\$ -
Total assets in the fair value hierarchy	23,474,614	<u>\$ 23,474,614</u>	<u>\$ -</u>	<u>\$ -</u>
Investment measured at net asset value	2,239,603			
Investment at fair value	<u>\$ 25,714,217</u>			

For the years ended December 31, 2021 and 2020, there were no transfers between Levels 1 and 2, and no transfers to Level 3.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. Fair value measurements (continued)

The following table summarizes the investment for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2021 and 2020, respectively.

	2021 Fair Value	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 1,462,918	\$ 2,239,603	None	Immediate	None

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their entire account.

6. Related-party and party-in-interest transactions

Fidelity is the trustee as defined by the Plan, and therefore, transactions between the Plan and Fidelity qualify as party-in-interest transactions. For the year ended December 31, 2021, fees of \$63,799 were paid to Fidelity. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Notes receivable from participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2021, approximately 15% of the Plan's net assets available for benefits were invested in both Vanguard Target Retirement 2030 and 2040.

TECHNOSERVE, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

7. Risks and uncertainties (continued)

In addition, recent economic uncertainty and market events as a result of the COVID-19 pandemic and other market forces have led to unprecedented volatility in currency, commodity, credit and equity markets. These recent events underscore the level of investment risk associated with the current economic environment, and accordingly, the level of risk in the Plan.

8. Income tax status

Prior to October 5, 2021, the Plan had adopted a volume submitter plan which was intended to satisfy the tax qualification requirements under Internal Revenue Code (IRC) 401(a) and was, therefore, not subject to tax under current income tax law. The Plan was maintained to conform to the volume submitter and received a volume submitter opinion letter from the IRS on March 31, 2014. Effective October 5, 2021, the Plan was amended and restated as a preapproved plan and is intended to satisfy the tax qualification requirements under IRC 401(a) and is, therefore, not subject to tax under current income tax law. The Plan has elected not to request a separate determination letter with respect to the Plan's qualification under Section 401(k) of the IRC. The Plan is maintained to conform to the preapproved plan and received a preapproved opinion letter from the IRS on June 30, 2020. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any uncertain tax positions that more than likely would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress for any open tax periods. Management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2021 and 2020.

9. Subsequent events

The Plan Administrator has evaluated events through July 27, 2022, the date the financial statements were available to be issued. There have been no material subsequent events that require recognition or disclosure in these financial statements or disclosure in the notes to the financial statements.
