Part I	Service Provider Information (see instructions)
---------------	--

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No

b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☒ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CURTIS BLAKELY AND COMPANY, PC

(2) EIN: 75-1546734

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
4d		X	
e Was this plan covered by a fidelity bond?	X		2000000
4e	X		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X

Independent Auditor's Report

To the Plan Committee
Valley Telephone Cooperative, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Valley Telephone Cooperative, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Valley Telephone Cooperative, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Telephone Cooperative, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Telephone Cooperative, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Telephone Cooperative, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Telephone Cooperative, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VALLEY TELEPHONE COOPERATIVE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

Note 1 – Description of Plan:

The following brief description of the Valley Telephone Cooperative, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective May 1, 1993. Fidelity Management Trust Company (Fidelity) serves as the Plan asset custodian and record keeper (the custodian). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Participation in the Plan is limited to employees of Valley Telephone Cooperative, Inc. (the Cooperative), who have attained the age of 18 and have completed six months of continuous service as defined by the Plan document. Employees may enter the Plan on the first of the month after they become eligible. Upon completion of eligibility requirements, participants are automatically enrolled in the Plan, with an initial deferral rate of 4 percent of eligible compensation.

Contributions

Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 are permitted to make additional "catch up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Cooperative's policy to match employee contributions at 300 percent on the employee's first 1 percent of eligible contributions with a 100 percent match on the next 3 percent of eligible contributions. Maximum matching contributions under the new policy is 6 percent of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant and matching contributions and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The participant's contributions and matching contributions, along with the associated earnings on those investments, are at all times fully vested and nonforfeitable.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as general investments of the Plan. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest based on commercial lending rates for similar loans at the time of the loan. Active loans have interest rates ranging from 5 percent to 7 percent. Principal and interest is paid ratably through monthly payroll deductions.

VALLEY TELEPHONE COOPERATIVE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1 – Description of Plan: (continued)

Expenses of the Plan

All reasonable expenses of administering the Plan will be paid out of the Plan assets, unless paid for by the Cooperative. The Cooperative paid or reimbursed the Plan for expenses totaling \$12,769 and \$13,975 during 2021 and 2020, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and Cooperative contributions in any of the Plan's investment options. Participants may change their investment options daily through Fidelity.

Payments of Benefits

Upon death, disability, retirement, or termination, a participant shall be entitled to receive that participant's account balance in a lump-sum payment. A participant's benefits will be distributed no later than April 1 of the calendar year following the later of: (1) the calendar year in which the participant attains the age of 70 ½ or (2) the calendar year in which the participant retires.

Participants may make withdrawals from their account for hardship purposes as defined by the Plan document. Only employee contributions to the account are available for hardship withdrawals. In-service withdrawals are available to participants who have obtained the age of 59.5. All vested participant balances are available for in-service withdrawals.

The Plan may receive excess contributions for certain participants. Excess contributions are refundable to participants in the first two and a half months of the subsequent Plan year per Internal Revenue Service (IRS) regulation.

Participants no longer active within the Plan who have a vested balance of less than \$5,000 are required to remove funds from the Plan. Failure to do so will result in required distributions into an individual retirement account on behalf of the former participant.

At December 31, 2021 and 2020, there were no Plan assets allocated to accounts of participants who had elected withdrawals from the Plan but had not yet been paid.

Amendment and Termination

Although it has not expressed an interest to do so, the Cooperative has the right to terminate the Plan and the related trust at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants will remain 100 percent vested in the accounts.

Party-in-Interest and Related Party Transactions

The Plan and its participants pay both direct and indirect fees to the Custodian for investment management services and other service providers. The Plan Sponsor may pay directly certain other fees related to Plan operations. Transactions such as these qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

**VALLEY TELEPHONE COOPERATIVE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

Note 2 – Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from those estimates. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the market value of these investments may occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on an ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

Note 3 – Federal Income Taxes:

The Internal Revenue Service has determined, in its letter dated June 30, 2020, and a previously letter dated March 31, 2008, that the Fidelity prototype plan as adopted by the Cooperative was a qualified plan under Section 401(a) of the Internal Revenue Code and the trust, under which the Plan operates, was exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2018.

**VALLEY TELEPHONE COOPERATIVE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

Note 4 – Information Prepared and Certified by Plan Custodian:

The Plan Committee has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan Committee has received certification from the custodian of the market value of all the Plan's investments as of December 31, 2021 and 2020, and of interest income and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2021 and 2020. The Plan's financial statements and supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2021, have been prepared based upon this certified information and reflect the amounts certified by the custodian.

The Plan's independent public accountants did not perform auditing procedures with respect to this information certified as complete and accurate by the custodian, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 – Concentration of Credit Risk:

The Plan contains certain investment options, whose balances represent a significant concentration of Plan investments. For the years ended December 31, 2021 and 2020, Fidelity Freedom 2030 and 2045 Funds represented 30 percent of total investments, and each individually represented in excess of 10 percent of total investments.

Note 6 – Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Following is a description of the valuation methodologies used for investments measured at fair value.

Interest-bearing cash: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 – inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 – observable inputs, such as, quoted market prices of similar assets or liabilities in active markets or for identical assets or liabilities in markets that are not active, and Level 3 – inputs are unobservable and have the lowest priority. As discussed above, the Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

	<u>2021</u>	<u>2020</u>
Level 1:		
Interest bearing cash	\$ 210,763	\$ 142,760
Mutual funds	<u>11,122,626</u>	<u>8,734,541</u>
Investments at Fair Value	<u>\$ 11,333,389</u>	<u>\$ 8,877,301</u>

**VALLEY TELEPHONE COOPERATIVE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

Note 7 – Correction of Operational Errors and ERISA Violations:

As allowed by the Internal Revenue Service and DOL certain corrective actions are made available to plan sponsors via self-correction and Voluntary Fiduciary Correction Programs (VFCP). In the event of an operational error or ERISA violation, we first seek to self-correct findings and if necessary, complete the appropriate VFCP procedures. The Plan, participants, and beneficiaries are intended to be restored to the condition that would have existed if the error or violation had not occurred.

Note 8 – Risks and Uncertainties:

The Plan holds various investment instruments via mutual funds and interest-bearing cash options. Each of the instruments is designed to offer participants various levels of risk tolerance. In general, all investments are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market volatility can be impacted by both domestic and global economic conditions. Due to the level of risk associated with certain investment options, it is reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect participants' account balances and the amounts reported on the financial statements. As of the date of the financial statements were available to be issued, Plan assets have had a notable decline in fair market value. We believe this decline in investment values will be temporary. Due to the nature of domestic and global economic conditions, it is difficult to forecast these conditions future impact on the Plans operations and assets with any certainty.

Note 9 – Subsequent Events:

In February 2022, the Plan elected to change service providers. As a result of this change, Plan assets were transferred to a new custodian. Additionally administrative services were transitioned to the same provider. Plan operations and provisions were not altered as a result of the transition.

We have evaluated subsequent events through July 27, 2022, the date which the financial statements were available to be issued.

Independent Auditor's Report

To the Plan Committee
Valley Telephone Cooperative, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Valley Telephone Cooperative, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Valley Telephone Cooperative, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Telephone Cooperative, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Telephone Cooperative, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Telephone Cooperative, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Telephone Cooperative, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

See accompanying notes to financial statements.

VALLEY TELEPHONE COOPERATIVE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1 – Description of Plan:

The following brief description of the Valley Telephone Cooperative, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective May 1, 1993. Fidelity Management Trust Company (Fidelity) serves as the Plan asset custodian and record keeper (the custodian). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Participation in the Plan is limited to employees of Valley Telephone Cooperative, Inc. (the Cooperative), who have attained the age of 18 and have completed six months of continuous service as defined by the Plan document. Employees may enter the Plan on the first of the month after they become eligible. Upon completion of eligibility requirements, participants are automatically enrolled in the Plan, with an initial deferral rate of 4 percent of eligible compensation.

Contributions

Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 are permitted to make additional "catch up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Cooperative's policy to match employee contributions at 300 percent on the employee's first 1 percent of eligible contributions with a 100 percent match on the next 3 percent of eligible contributions. Maximum matching contributions under the new policy is 6 percent of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant and matching contributions and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The participant's contributions and matching contributions, along with the associated earnings on those investments, are at all times fully vested and nonforfeitable.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as general investments of the Plan. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest based on commercial lending rates for similar loans at the time of the loan. Active loans have interest rates ranging from 5 percent to 7 percent. Principal and interest is paid ratably through monthly payroll deductions.

VALLEY TELEPHONE COOPERATIVE, INC.
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1 – Description of Plan: (continued)

Expenses of the Plan

All reasonable expenses of administering the Plan will be paid out of the Plan assets, unless paid for by the Cooperative. The Cooperative paid or reimbursed the Plan for expenses totaling \$12,769 and \$13,975 during 2021 and 2020, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and Cooperative contributions in any of the Plan's investment options. Participants may change their investment options daily through Fidelity.

Payments of Benefits

Upon death, disability, retirement, or termination, a participant shall be entitled to receive that participant's account balance in a lump-sum payment. A participant's benefits will be distributed no later than April 1 of the calendar year following the later of: (1) the calendar year in which the participant attains the age of 70 ½ or (2) the calendar year in which the participant retires.

Participants may make withdrawals from their account for hardship purposes as defined by the Plan document. Only employee contributions to the account are available for hardship withdrawals. In-service withdrawals are available to participants who have obtained the age of 59.5. All vested participant balances are available for in-service withdrawals.

The Plan may receive excess contributions for certain participants. Excess contributions are refundable to participants in the first two and a half months of the subsequent Plan year per Internal Revenue Service (IRS) regulation.

Participants no longer active within the Plan who have a vested balance of less than \$5,000 are required to remove funds from the Plan. Failure to do so will result in required distributions into an individual retirement account on behalf of the former participant.

At December 31, 2021 and 2020, there were no Plan assets allocated to accounts of participants who had elected withdrawals from the Plan but had not yet been paid.

Amendment and Termination

Although it has not expressed an interest to do so, the Cooperative has the right to terminate the Plan and the related trust at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants will remain 100 percent vested in the accounts.

Party-in-Interest and Related Party Transactions

The Plan and its participants pay both direct and indirect fees to the Custodian for investment management services and other service providers. The Plan Sponsor may pay directly certain other fees related to Plan operations. Transactions such as these qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

Note 2 – Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from those estimates. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the market value of these investments may occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on an ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

Note 3 – Federal Income Taxes:

The Internal Revenue Service has determined, in its letter dated June 30, 2020, and a previously letter dated March 31, 2008, that the Fidelity prototype plan as adopted by the Cooperative was a qualified plan under Section 401(a) of the Internal Revenue Code and the trust, under which the Plan operates, was exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2018.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

Note 4 – Information Prepared and Certified by Plan Custodian:

The Plan Committee has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan Committee has received certification from the custodian of the market value of all the Plan's investments as of December 31, 2021 and 2020, and of interest income and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2021 and 2020. The Plan's financial statements and supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2021, have been prepared based upon this certified information and reflect the amounts certified by the custodian.

The Plan's independent public accountants did not perform auditing procedures with respect to this information certified as complete and accurate by the custodian, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 – Concentration of Credit Risk:

The Plan contains certain investment options, whose balances represent a significant concentration of Plan investments. For the years ended December 31, 2021 and 2020, Fidelity Freedom 2030 and 2045 Funds represented 30 percent of total investments, and each individually represented in excess of 10 percent of total investments.

Note 6 – Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Following is a description of the valuation methodologies used for investments measured at fair value.

Interest-bearing cash: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 – inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 – observable inputs, such as, quoted market prices of similar assets or liabilities in active markets or for identical assets or liabilities in markets that are not active, and Level 3 – inputs are unobservable and have the lowest priority. As discussed above, the Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

	<u>2021</u>	<u>2020</u>
Level 1:		
Interest bearing cash	\$ 210,763	\$ 142,760
Mutual funds	<u>11,122,626</u>	<u>8,734,541</u>
Investments at Fair Value	<u>\$ 11,333,389</u>	<u>\$ 8,877,301</u>

401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020**

Note 7 – Correction of Operational Errors and ERISA Violations:

As allowed by the Internal Revenue Service and DOL certain corrective actions are made available to plan sponsors via self-correction and Voluntary Fiduciary Correction Programs (VFCP). In the event of an operational error or ERISA violation, we first seek to self-correct findings and if necessary, complete the appropriate VFCP procedures. The Plan, participants, and beneficiaries are intended to be restored to the condition that would have existed if the error or violation had not occurred.

Note 8 – Risks and Uncertainties:

The Plan holds various investment instruments via mutual funds and interest-bearing cash options. Each of the instruments is designed to offer participants various levels of risk tolerance. In general, all investments are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market volatility can be impacted by both domestic and global economic conditions. Due to the level of risk associated with certain investment options, it is reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect participants' account balances and the amounts reported on the financial statements. As of the date of the financial statements were available to be issued, Plan assets have had a notable decline in fair market value. We believe this decline in investment values will be temporary. Due to the nature of domestic and global economic conditions, it is difficult to forecast these conditions future impact on the Plans operations and assets with any certainty.

Note 9 – Subsequent Events:

In February 2022, the Plan elected to change service providers. As a result of this change, Plan assets were transferred to a new custodian. Additionally administrative services were transitioned to the same provider. Plan operations and provisions were not altered as a result of the transition.

We have evaluated subsequent events through July 27, 2022, the date which the financial statements were available to be issued.

SUPPLEMENTAL SCHEDULE
