Balch Springs, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Glenn Thurman, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution, Great-West Life and Annuity Insurance Company, the trustee of the Plan ("Trustee") as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the Trustees. In our report dated July 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the Trustees were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Glenn Thurman, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Therefore, participants should refer to the Plan's prototype plan document and related adoption agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Glenn Thurman, Inc. and its wholly owned subsidiaries, Thurman Transportation, Inc., and GTI Energy Services, LLC (collectively, the "Company" or "Employer"). The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). The Plan was adopted to enable eligible employees to defer their compensation and share in Employer contributions to save and invest those funds for retirement. Great-West Life and Annuity Insurance Company (the "Custodian") is responsible for asset custody, executing investment transactions on behalf of the Plan and its participants and is responsible for record keeping of participants' accounts. RetirementPlans.com, formerly known as Pension Analysis Bureau, Inc., is the Plan's third party administrator (TPA) responsible for preparing the Plan's Form 5500 and performing certain administrative transactions between the Plan and Custodian.

Eligibility

All employees of the Company who have completed one year of service, with more than 1,000 hours during a twelve-month period, are eligible to participate in the Plan upon the last day of the twelve-month period.

Employer contributions

As a safe-harbor matching contribution, the Company matches one hundred percent (100%) of employee contributions to the Plan, limited to three percent (3%) of compensation, and an additional fifty percent (50%) of employee contributions to the Plan, limited to two percent (2%) of compensation. In addition, the Company may, at the discretion of the Company's board of directors, make discretionary non-elective contributions. The Company made no discretionary non-elective contributions for the year ended December 31, 2021.

Employee contributions

Participants may contribute up to 100% of their annual compensation as defined in the Plan. All contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions up to IRS limits. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

1. DESCRIPTION OF PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, any Employer contributions, and an allocation of investment interest, if any. Investment gains or losses applied to a participant's account are based on the units held by the participant in the applicable fund(s) or another method as prescribed by the plan document. Participants may direct their account balances into any of the investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions, the Company's safe-harbor matching contributions, any discretionary non-elective contributions, and any income thereon made after January 1, 2015. The Company's matching contributions, any discretionary non-elective contributions, and any income thereon, made prior to January 1, 2015 is subject to the vesting schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1 year	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 or more years	100 %

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon a participant's termination of service due to death, disability, or retirement, the participant may take a distribution from the Plan in the form of a lump sum or periodic payment. Cash out provisions of the Plan allows the Plan upon termination of employment, to distribute vested account balances of less than or equal to \$5,000 without the participant's consent. Account balances exceeding \$1,000 may be distributed to an Individual Retirement Account for the benefit of the participant. Account balances less than or equal to \$1,000 may be distributed as a lump sum distribution. Hardship distributions of pre-tax elective distributions are permitted.

In addition, participants are permitted to request in-service distributions from their vested Plan accounts at any time after having attained age 59 1/2.

1. DESCRIPTION OF PLAN (continued)

Administrative expenses

Administrative expenses cover the routine expenses for services of lawyers, accountants, third party administrators, and other advisors. The Plan requires that certain expenses related to the Plan be paid directly by the Employer, but permits certain expenses incurred to administer the Plan to be paid from Plan assets.

Certain Plan investments are shares of pooled separate accounts and a guaranteed interest account managed by affiliates of the Custodian for which certain fees paid to the Custodian for investment management services are incorporated into the expense ratios of the Plan's individual funds and paid directly from fund earnings, thus impacting Plan earnings.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to reduce administrative expenses. Forfeited accounts available for the Employer to reduce future administrative expenses totaled \$1,368 and \$65 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, no forfeitures were applied to reduce administrative expenses.

Participant notes receivable

Loans may be made to participants at their request subject to certain statutory and Plan limitations on principal and repayment provisions. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. No more than two loans may be outstanding at any one time, with the second loan available only for the purchase of a primary residence. Loan terms may range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and accrue interest at a rate based on the prime rate of interest published by Federal Reserve Bank as of the date of the loan, plus 2%. Interest rates on participant notes outstanding as of December 31, 2021, range from 5.25% to 7.50%. Participant loans are recorded at their unpaid principal balance plus any unpaid accrued interest.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for benefits and changes in those assets.

Glenn Thurman, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. See discussion below of significant estimates used to measure fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and Plan's financial statements.

Investment valuation and income recognition

Participants direct the investment of their contributions into a variety of investment options offered by the Plan, including pooled separate accounts (PSAs) and in Key Guaranteed Portfolio Fund, a guaranteed interest account (GIA). The Plan's investment in PSAs is stated at net asset value (NAV), as a practical expedient to fair value, as determined by the Custodian. The Plan's investment in the GIA is a fully benefit responsive investment contract valued at contract value as reported by the Custodian. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Expenses are recorded when incurred.

Contributions and contribution receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Employer matching contributions and non-elective contributions are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables for Company and employee contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contribution receivables (continued)

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsible Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient ("ASU 2015-12"). Part I of this ASU requires entities to measure, present, and disclose fully benefit-responsive investment contracts only at contract value. Part II eliminates certain disclosure requirements, including disclosures of individual investments comprising 5 percent or more of net assets available for benefits and the disaggregation of net appreciation or depreciation of investments by type. Part III provides a practical expedient for the measurement date for employee benefit plans for which the fiscal period does not coincide with a month-end. All parts of the ASU are effective for fiscal years beginning after December 15, 2015. Management elected to early adopt the provisions of this new standard effective as of the beginning of 2015 and the adoption did not have a material impact on the Plan's financial statements.

3. GROUP ANNUITY CONTRACT

The Plan has a Group Annuity Contract (the "contract") with the Custodian under which the Custodian maintains certain participant directed contributions in the GIA, which is commingled with the general assets of the Custodian. The GIA is considered a fully benefit-responsive guaranteed interest contract and is reported at contract value on the Plan's financial statements, as determined by the Custodian. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The GIA can be terminated by the Custodian if the total fair value of the investments or the annual contribution amounts fall below minimum levels as stated in the contract. The GIA can also be terminated by either the Company or Custodian for additional reasons as defined in the contract. Certain events, such as the premature termination of the GIA by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Custodian. The plan administrator believes the occurrence of such events (which would also limit the Plan's ability to transact at contract value with Plan participants) is not probable.

The average crediting interest rate for the contract at December 31, 2021 and 2020 was 0.90% and 1.04%, respectively. Interest earned on the GIA value is compounded daily to the effective annual interest rate. The interest rate to be credited to the contract holder will be determined by Great-West Life & Annuity Insurance Company prior to the last day of the previous calendar quarter.

4. FAIR VALUE MEASUREMENTS

Accounting standards require that fair value be determined based on the price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in an orderly transaction between market participants. Such fair value is a market-based measurement, not an entity specific measurement. US GAAP establishes a three-level valuation hierarchy based upon observable and unobservable inputs. The hierarchy gives the highest priority to level 1 measurements and the lowest priority to level 3 measurements. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In instances where the determination of fair value measurement is based on inputs from the different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investment in a GIA is valued at contract value and is not disclosed in the fair value hierarchy under US GAAP.

The Plan invests in PSAs under its contract with the Custodian. Investment in PSAs are valued at estimated fair value using the net asset value per share of the investment as a practical expedient. The PSAs are not required to be categorized within the fair value hierarchy.

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such an election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information and notes receivable from participants information, and related activity, certified by the Custodian as accurate and complete, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

The Custodian has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31:

	<u>2021</u>	<u>2020</u>
Investments:		
Pooled separate accounts, at estimated fair value	\$ 7,556,479	\$ 5,954,464
Guaranteed interest account, at contract value	1,611,244	1,429,858
Participant notes receivable	<u>258,511</u>	<u>237,051</u>
	<u>\$ 9,426,234</u>	<u>\$ 7,621,373</u>

Investment income and interest on notes receivable from participants certified by the Custodian for the year ended December 31, 2021:

Interest	\$ 13,721
Interest on participant loans receivable	\$ 14,152
Net appreciation in fair value of investments	\$ 991,721

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would have various options for the disposition of their 100% vested accounts as defined in the plan document.

7. TAX STATUS

Effective January 1, 2016, the Plan adopted the prototype plan document sponsored by the TPA. The TPA received an opinion letter from the IRS dated July 21, 2014, which states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements
December 31, 2021 and 2020

8. RELATED PARTY AND PARTIES-IN-INTEREST

ERISA defines parties-in-interest similarly to FASB ASC 850, Related Party Disclosures, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. We did not identify any related parties to the Plan that were not considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the Custodian and its affiliates, including fund fees and revenue sharing arrangements, qualify as party-in-interest transactions. The Plan's sponsor pays certain fees and expenses on behalf of the Plan; these transactions qualify as party-in-interest transactions. Fees and expenses paid by the Company on behalf of the Plan are not required to be reimbursed by the Plan.

The Custodian retains as compensation, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions.

9. SUBSEQUENT EVENTS

Effective January 1, 2022, the Plan's sponsor amended and restated the Plan. No significant provisions of the Plan were amended.

The Plan has evaluated subsequent events through July 28, 2022, the date the financial statements were available to be issued. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.
