Independent Auditors' Report

To the Board of Trustees of
The Carlyle Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of The Carlyle Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Carlyle Group 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of The Carlyle Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1991, and effective April 1, 2017, the Plan was amended and restated to use the T. Rowe Price Retirement Plan Services, Inc. PDS Premier Volume Submitter 401(k) Savings/PS Plan. All provisions under the volume submitter plan are substantially the same as the previous individually designed plan, as described in the applicable sections below. The Plan is a defined contribution plan, pursuant to the provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by The Carlyle Group Employee Co., L.L.C. (the Company, Carlyle or the Plan Administrator) and the trustee and record-keeper of the Plan is T. Rowe Price Trust Company (T. Rowe or the Trustee).

Contributions

Participating employees may elect to make pre-tax 401(k) contributions or post-tax Roth 401(k) contributions, up to \$19,500 for 2021, which applies to all elective deferrals made during the tax year to the Plan. Employees hired or rehired after December 31, 2011, who are not limited term or temporary employees, are automatically enrolled in the Plan as of the first payroll date that is more than 90 days after their date of hire with a 5% deferral, treated as a pre-tax contribution and invested in the Vanguard Institutional Target Retirement Investment Fund with the target date closest to the year in which the employee turns 65 years of age, unless otherwise noted. Participating employees who have attained age 50 before the end of the plan year may elect to make catch-up contributions, up to \$6,500 for 2021. In addition, the Plan limits the annual amount to be allocated to a participating employee's account to the lesser of \$58,000 for the year ended December 31, 2021 or 100% of the employee's compensation. Qualified distributions from other qualified retirement plans also can be contributed to the Plan.

The Company provides a non-discretionary employer matching contribution as determined by the Company for all employees, other than certain classes of managing directors as defined in the plan document, who have attained age 21 and completed 180 days of service. For the year ended December 31, 2021, the Company provided an employer matching contribution up to 4% of a participants' eligible compensation. Compensation in excess of \$200,000 was not eligible for the matching contribution. In addition, the Company may provide a discretionary non-elective contribution; however, no such contribution was made for the plan year ended December 31, 2021.

Participant Accounts

Individual accounts are maintained for each participant and include the participant's salary-deferral contribution, the Company's non-discretionary matching contribution, rollover contributions, if any, an allocation of plan earnings, and an allocation of administrative expenses paid by the Plan. Allocations are based on participant compensation and account balances as defined. Participants direct their contributions and any employer contributions among the various funds made available by the Company through the Trustee.

The Carlyle Group 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Vesting

Participants vest in their non-discretionary employer matching contributions based on years of service.

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0 %
2 years	50
3 years or more	100

Participants' salary-deferral and rollover contributions are fully vested and non-forfeitable, but are subject to gains and losses on investments. A year of service for vesting purposes equates to at least 1,000 hours worked during a year.

Effective April 1, 2021, the Plan was amended such that all participants who were employed by Metropolitan Real Estate Equity Management, LLC or Metropolitan Real Estate Holdings, LLC, which are entities that were previously acquired by Carlyle in 2014, became 100% vested immediately prior to the sale of these entities to BentallGreenOak (U.S.) Limited Partnership on April 1, 2021.

Eligibility

All employees, other than employees who are hired by the Company as limited term or temporary employees, are eligible to begin making 401(k) contributions to the Plan as of their date of hire, provided they have attained age 21 as of their date of hire. Limited term or temporary employees who perform a year of eligibility service are eligible to begin making 401(k) contributions as of the quarterly entry date coinciding with, or next following, the date they perform a year of eligible service. Participants, other than certain classes of managing directors as defined in the plan document, are eligible for the non-discretionary employer matching contribution after 180 days following the first hour of service.

Payment of Benefits

Payments from the Plan that are eligible for rollover distributions may either be paid as a direct rollover to an individual retirement account, another qualifying employer plan or paid as a lump sum to the participant. Terminated employees with vested contributions may elect to receive their account balance in the form of a lump sum or, in the case of certain mandatory distributions, installment payments. If an employee's account is more than \$1,000, the funds will be left in the Plan until T. Rowe receives a request from the participant for payment. However, payments must begin no later than the April 1st following the plan year in which the participant attains age 70½ years old. If the participant is a 5% or more owner of the Company, their payments may be further deferred until the owner retires.

Notes Receivable From Participants

A participant may request loans from the Plan; however, a participant may not have more than two loans outstanding at any point in time. The maximum loan allowed to a participant (when added to the outstanding balance of any existing loans of such participant) may not exceed the lesser of 50% of the participant's vested account or \$50,000. The minimum loan is \$1,000. Participant loans are secured by the participant's account. Participant accounts may not be used as security for a loan outside of the Plan. Loan principal and interest are repaid through payroll deductions, with payments due not less than quarterly. Loans become due immediately upon termination of the participant's employment. Loans must be repaid within five years of the date of the loan unless the loan is used to purchase a primary residence, in which case, the loan must be repaid within 30 years of the date of the loan. Interest is assessed at a rate based on the Wall Street Journal Prime plus 2.00% at the time of origination. As of December 31, 2021 and 2020, the interest rates on loans outstanding range from 5.25% to 7.50%.

The Carlyle Group 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Forfeitures

Forfeitures relating to the non-vested portion of a terminated participant's employer contributions are retained by the Plan and may be applied to reduce future employer contributions or pay administrative expenses. During the year ended December 31, 2021, approximately \$128,300 of forfeitures was applied to reduce employer contributions.

Administrative Expenses

Plan administrative fees cover the day-to-day expenses of administering the Plan and may be charged directly to a participant's account, covered by a portion of the asset-based fees deducted directly from investment returns, paid through revenue-sharing payments made from investment managers to the recordkeeper, covered by the application of forfeitures or paid by the Company. For the year ended December 31, 2021, the Company paid investment advisory fees of \$90,000 and audit fees of approximately \$16,000 on behalf of the Plan, all of which are not subject to reimbursement by the Plan.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Certain of the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

The common trust fund represents the Plan's investments that are held in a fully benefit-responsive investment contract with T. Rowe. As such, the fund is measured at contract value and is not subject to the fair value measurements hierarchy. Redemptions of units of the fund are based upon the net asset value (NAV) per unit as of the valuation date last preceding the date on which such order to contribute or withdraw assets is received. T. Rowe, in its sole discretion, reserves the right to value any contribution or withdrawal as of the next succeeding valuation date or another date as deemed appropriate.

Net appreciation of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments, unrealized appreciation or depreciation in fair value of investments and investment operating expenses. Net unrealized appreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year. Investment operating expenses include only those expenses directly related to the investments (see Note 1 disclosure discussing administrative expenses). Investment operating expenses included in net appreciation totaled approximately \$1,119,000 for the year ended December 31, 2021.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

The Carlyle Group 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the accompanying financial statements and notes. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through July 27, 2022, which is the date the accompanying financial statements were available to be issued, and no subsequent events were identified.

3. Fair Value Measurements

The Plan follows accounting principles generally accepted in the United States of America (U.S. GAAP) for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted prices for identical instruments in active markets that the Plan has the ability to access.

Level 2 - Quoted market based observable inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

The Carlyle Group 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Significant inputs to the valuation model are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual fund fair values are based on quoted market prices of the shares held by the Plan at year end. Accordingly, these fair value measurements are classified as having used Level 1 inputs.

The plan sponsor is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 390,204,783	\$ -	\$ -	\$ 390,204,783
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 327,029,784	\$ -	\$ -	\$ 327,029,784

4. Investments

The Plan's investments are held in trust by T. Rowe. All investment assets, transactions, income and notes receivable from participants, as presented in the accompanying financial statements and supplemental schedule, were certified by T. Rowe to be complete and accurate as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

The following is disclosure of individual investments, as a percentage of net assets available for benefits that represent a significant concentration as of December 31, 2021 and 2020:

	2021	2020
Vanguard Institutional Index	17 %	15 %
T. Rowe Price Growth Stock Fund	10	10

The Carlyle Group 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The T. Rowe Price Stable Value Fund is a fully benefit-responsive investment contract sponsored by the Trustee. The Trustee maintains contributions within the general accounts of the issuing insurance companies and banks. Consequently, the ability to satisfy the terms of the insurance and bank contracts is dependent upon the general financial soundness of the issuers of those contracts. The insurance and bank contracts are not guaranteed by the U.S. Government or any agency thereof.

The contract is included in the accompanying Statements of Net Assets Available for Benefits at contract value as described in Note 2. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contract at December 31, 2021 and 2020 was \$14,220,954 and \$16,727,868, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Trustee. Such events include the following: (1) material plan amendments (including partial or complete termination of the Plan or merger of the Plan with another plan); (2) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited exemption under ERISA; and (3) changes in the Plan's prohibition on competing investment options. The plan sponsor believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with plan participants is not probable.

5. Related-Party and Party-In-Interest Transactions

Certain of the Plan's investments consist of shares of mutual funds managed by T. Rowe Price Group, Inc. (TRP). The Trustee is a subsidiary of TRP, and therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of investments, as such fees are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to suspend or discontinue contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of complete or partial plan termination, participants will become fully vested in their accounts and the plan assets shall be distributed in accordance with the terms of the Plan.

7. Tax Status

On August 2, 2017, the volume submitter plan upon which the amended and restated plan is based received a favorable advisory letter from the Internal Revenue Service. The Plan is intended to satisfy the tax qualification requirements under Section 401(a) of the IRC therefore, the funds of the Plan are intended to be exempt from federal income taxes under the applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
