INDEPENDENT AUDITORS' REPORT

Administrative Committee
Bosselman Employee Retirement Plan
Grand Island, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Bosselman Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits – cash basis for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance the cash basis of accounting.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after July 26, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Information Required by ERISA

The supplementary information as of and for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Bosselman Employee Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Plan Description

The following brief description of the Bosselman Employee Retirement Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan sponsors (the Company) include the following adopting employers within the Bosselman Companies: Bosselman Administrative Services, Inc., Bosselman Pump & Pantry, Inc., Bosselman Travel Centers, Inc., Boss Truck Shops, Inc., Bosselman Food Services, Inc., Bosselman Motels, Inc., and VisionComm Vending, Inc.

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of the Company.

Employees are eligible to make salary reduction contributions and receive discretionary employer matching and profit-sharing contributions after attaining age 18 and completing six months of service. Eligible employees become participants on the first day of the following month coinciding with the date on which entry requirements were fulfilled. In order to be eligible for profit-sharing contributions, employees are required to have 1,000 hours of service during the Plan year and must be employed on the last day of the Plan year.

Contributions

Participants are permitted to make voluntary pre-tax salary reduction contributions and Roth contributions up to 100% of their total compensation as provided by the Plan, up to the maximum deferral dollar amounts allowed by law. Participants may also contribute amounts representing distributions from other qualified plans.

The Company match is a discretionary percentage of employees' deferrals to be determined by the Company and subject to change (50% of the participants' elected deferral up to 6% of eligible compensation in 2021 and 2020). The Company may contribute additional amounts to the Plan as determined by resolution of the Board of Directors of the Company (none in 2021 or 2020). For a period of time during 2020, the Company stopped its discretionary match.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Company's discretionary matching and profit-sharing contributions and b) Plan earnings or losses. The Company's discretionary matching contributions are allocated among participants based upon each participant's elected deferral. The Company's discretionary profit-sharing contributions are allocated based upon eligible compensation of participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are currently

maintained in individual member accounts managed by Transamerica Life Insurance Company (Transamerica).

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. The Company's discretionary matching and profit-sharing contributions credited to participants' accounts are vested based on years of continuous service. A participant is 20% vested after one years of credited service and vesting increases 20% per year until a participant is 100% vested after five years of credited service.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive either a lump sum or installment payments equal to the value of the vested funds allocated to the participant's account. Hardship withdrawals and age 59.5 in-service distributions are also permitted by the Plan. Distributions between \$1,000 and \$5,000 will be contributed to an IRA if no option is elected by the participant whereas amounts under \$1,000 will be paid out to those participants in one lump sum. Benefits are recorded when paid.

Coronavirus Aid, Relief, and Economic Security (CARES) Act Provision

As a result of the CARES Act, signed on March 27, 2020, the Plan allowed early withdrawals for participants impacted by the coronavirus. The 10% IRS tax penalty was waived for up to \$100,000 for early withdrawals by participants directly impacted by coronavirus through December 2020. Participants were also able to borrow from their accounts up to \$100,000 or 100% of their vested account balance through September 2020. Repayments of any new or existing note receivables from participants were eligible to be delayed up to one year.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability, or death, the portion of their Company contributions not then vested shall be forfeited. The forfeitures account will be used to reduce plan administrative expenses or the Company's discretionary matching and profit-sharing contributions. During the years ended December 31, 2021 and 2020, forfeitures of \$26,973 and \$26,912, respectively, were used to reduce Company discretionary matching contributions and to pay plan expenses. As of December 31, 2021 and 2020, forfeited non-vested amounts totaled \$1,425 and \$1,583, respectively.

Notes Receivable from Participants

Participants currently employed by the Company may borrow from their fund accounts any amount up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants are only allowed from pre-tax and Roth participant deferrals. The notes may not exceed five years unless it is a qualified home loan, and only one note is allowed at any one time. The notes are secured by the vested balance in the participant's account and bear interest at a

rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The Plan uses a cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Contributions are recorded when received by the Plan. Corrective distributions resulting from failures in compliance testing are recorded in the year distributed. Investment income and interest income from notes receivable is recorded when received rather than when earned. Benefit payments are recorded when paid.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with the cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Realized and unrealized gains and losses are recorded in net appreciation in fair value of investments. Interest and dividend income are recorded when received.

Other

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Audit fees and fees related to administrative activities are paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments. Recordkeeping expenses and the fidelity bond premium are paid by the Company on behalf of the Plan.

Bosselman Employee Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any interest that is earned at end of each calendar year. Participant notes receivable are deemed past due and in default after a scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. These are treated as a deemed distribution from the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits – cash basis.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits – cash basis date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. The Plan and the Company have considered such events or transactions through July 26, 2022, noting no items requiring disclosure.

3. Information Certified by Transamerica

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary information.

The following table presents the fair value of the participant-directed Plan assets that were certified by Transamerica as of December 31:

	<u>2021</u>	<u>2020</u>
Investments at Fair Value	\$ 12,260,137	\$ 11,270,489
Notes Receivable from Participants	\$ 158,465	\$ 232,173

Bosselman Employee Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Transamerica also certified to the completeness and accuracy of the following related to the investments for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Net Appreciation in Fair Value of Investments	\$ 1,328,993	\$ 1,498,602
Interest and Dividends from Investments	3,409	4,024
Net Investment Income	<u>\$ 1,332,402</u>	<u>\$ 1,502,626</u>
Interest Income on Notes Receivable from Participants	<u>\$ 9,141</u>	<u>\$ 13,410</u>

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Bosselman Employee Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Stable Value Fund: The Transamerica Stable Value Fund is a fully benefit-responsive investment contract. The fund is stated at fair value on the financial statements, as the fair value approximates the contract value of the investment. Contract value is determined daily, based on previous deposits made into the account, plus any current contributions and credited interest, less any withdrawals, charges, or expenses. The interest crediting rate is established semi-annually with no set maturity.

Pooled Separate Accounts: For Transamerica Level 1 pooled separate accounts, those funds that invest in mutual funds or domestic equity securities are measured using quoted prices in active markets for identical assets.

Collective Trust Funds: The estimated value of the collective trust fund is at Net Asset Value (NAV). The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions. FASB ASC 820, *Fair Value Measurement*, allows NAV per share to serve as a practical expedient to estimate fair value as long as certain requirements are met. It is in the Plan's assessment that this fund meets those requirements, since the participants have the ability to redeem this fund at NAV as of the measurement date on a daily basis.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Stable Value Fund*	\$ -	\$ -	\$ -	\$ 196,079
Pooled Separate Accounts	11,786,348	-	-	11,786,348

Bosselman Employee Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Stable Value Fund*	\$ -	\$ -	\$ -	\$ 228,241
Pooled Separate Accounts	10,637,723	-	-	10,637,723
Collective Trust Fund*	-	-	-	404,525
Total Investments at Fair Value	\$ 10,637,723	\$ -	\$ -	\$ 11,270,489

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits – cash basis.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

6. Tax Status

The Plan is qualified as a profit-sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code of 1986, as amended.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The cash basis of accounting, a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Related Party Transactions

Certain Plan investments are a stable value fund or pooled separate accounts managed by Transamerica. Transamerica is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest.
