Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Northwire, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

2021 Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Northwire, Inc. 401(k) Plan Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Northwire, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan, under section 401(k) of the Internal Revenue Code (IRC), covering all eligible employees of Northwire, Inc. (the "Company") who are at least 18 years of age and have completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on October 1, 1988. The Plan was restated effective May 1, 2019, disclosures below reflect all changes from that amendment.

Contributions

Participants may, after meeting eligibility requirements, contribute a percentage of their pre-tax annual compensation, as defined in the plan agreement. The Plan allows after-tax (Roth) contributions. Contributions are subject to certain limitations as defined by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Effective May 1, 2019, automatically enrolled participants have their deferral rate set at 6% (4% prior to May 1, 2019) of eligible compensation. The Company may contribute for each participant a matching contribution on elective contributions made by the participants. During 2021 and 2020, the Company made matching contributions equal to 50% of the employee's contribution up to 6% of their eligible salary. The Company may also make discretionary contributions, however no discretionary contributions were made into the Plan during 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are fully vested in their voluntary and rollover contributions at all times. Participants vest ratably in employer contributions and are fully vested at the end of five years of service.

**Northwire, Inc. 401(k) Plan
Notes to Financial Statements**

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Participants or designated beneficiaries may receive distributions from the Plan upon death, disability, retirement, termination of service, or certain "in-service" situations, as defined by the Plan. A participant may elect to receive a lump sum amount equal to the vested value of their account, payments in substantially equal installments, or ad hoc payments. Upon termination of employment, the participant's eligible vested account balance may remain in the Plan if the balance is over \$5,000. Balances between \$1,000 and \$5,000 are automatically rolled over to a qualified individual retirement account. Balances under \$1,000 are automatically distributed.

Forfeitures

Forfeitures resulting from a terminated participant's failure to be fully vested in the employer contributions to the Plan are used to offset Plan expenses or reduce employer contributions. Forfeited nonvested account balances totaled \$4,115 and \$24,017 at December 31, 2021 and 2020, respectively. Forfeitures of \$36,377 and \$10,552 were used to reduce Plan expenses and employer contributions during 2021 and 2020, respectively.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes must be repaid in five years or within 20 years if used for the purpose of a primary residence. The notes are secured by the balance in the participant's account and bear interest at 1% over the Prime Rate on the first business day of the month the note is originated. Principal and interest is paid ratably through payroll deductions. If note payments by participants are delinquent, they are considered a deemed distribution in the Plan year they are delinquent.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of CARES Act may be effective and operationalized immediately, prior to amending the plan agreement.

The Plan has implemented the following relief provisions, however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

Coronavirus-related distribution: Qualified participants may take a coronavirus-related distribution of up to \$100,000 from their Plan without a 10% early withdrawal penalty. Eligible distributions can be taken up to December 31, 2020. Coronavirus-related distributions may be repaid within three years.

**Northwire, Inc. 401(k) Plan
Notes to Financial Statements**

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

CARES Act

Participant loans: Qualified participants may elect to suspend loan repayments due through December 31, 2020. Repayments must resume in January 2021. Loans will be re-amortized to extend payoff period by one year and will include accrued interest for suspension period. Qualified participants may borrow up to a maximum equal to the lesser of \$100,000 or 100% of their vested account balance through September 22, 2020.

Required minimum distribution (RMDs): RMDs were temporarily suspended for 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Funding Policy

Discretionary matching contributions are generally remitted to the Plan at the same time as employee deferrals. Discretionary contributions are remitted to the Plan generally following the end of the Plan year.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) in the accompanying financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants valued at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and trustee.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Northwire, Inc. 401(k) Plan
Notes to Financial Statements**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded at December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments and administrative expenses.

NOTE 3 – CERTIFICATIONS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (the custodian and trustee of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**Northwire, Inc. 401(k) Plan
Notes to Financial Statements**

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV as a practical expedient to fair value based on the fair value of underlying investments at year-end.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,835,469	\$ -	\$ -	\$ 10,835,469
Total assets in the fair value hierarchy	<u>\$ 10,835,469</u>	<u>\$ -</u>	<u>\$ -</u>	10,835,469
Investment measured at NAV				<u>1,763,481</u>
Investments at fair value				<u>\$ 12,598,950</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$10,558,066	\$ -	\$ -	\$ 10,558,066
Total assets in the fair value hierarchy	<u>\$ 10,558,066</u>	<u>\$ -</u>	<u>\$ -</u>	10,558,066
Investment measured at NAV				<u>643,738</u>
Investments at fair value				<u>\$ 11,201,804</u>

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust funds at				
December 31, 2021	\$ 1,763,481	\$ -	Daily	Annual
December 31, 2020	\$ 643,738	\$ -	Daily	Annual

The following events may limit the ability of the Plan to transact at contract value:

- The Plan's failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund.
- Any change in law, regulation, or administrative ruling applicable to the Plan that could have material adverse effect on the Fund's cash flow.
- Any transfer of assets from the Fund directly into a competing investment option

**Northwire, Inc. 401(k) Plan
Notes to Financial Statements**

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Complete or partial termination of the Plan or its merge with another plan.
- Any substantive modifications of the Fund or the administration of the Fund that is not consented to by the wrap issuer.
- Any change in law regulation or administrative ruling applicable to a plan investing in the Fund that could have a material adverse effect on the Fund's cash flow.

Plan management believes the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Key Guaranteed Portfolio Fund, which is provided as a core investment option to participants in the Plan. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Key Guaranteed Portfolio Fund is a general account product of the Great-West Life & Annuity Insurance Company. The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and will be determined by the issuer prior to the last day of the previous calendar quarter, and the effective rate will never be less than 0%. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Noted during 2021, the group contract holder of the Key Guaranteed Portfolio Fund declared a contract termination due to a contract conversion and entered a new group annuity contract with Great-West Investments Fixed Account – Series III.

The Great-West Investments Fixed Account – Series III, which is provided as a core investment option to participants in the Plan. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The Great-West Investments Fixed Account – Series III is a general account product of the Great-West Life & Annuity Insurance Company. The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and will be determined by the issuer prior to the last day of the previous calendar quarter, and the effective rate will never be less than 0%. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The following events may limit the ability of the Plan to transact at contract value:

- Amendments to the Plan's documents (including complete or partial plan termination or merger with another plan)
- Changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan
- The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA.

The plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with plan participants is not probable.

The average and actual yields earned by the GWI Fixed Account – Series Class III for the years ended December 31, 2021, was 1.40%.

The average and actual yields earned by the Key Guaranteed Portfolio Fund for the year ended December 31, 2020, was 1.04%.

NOTE 6 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments were managed by Great-West Life & Annuity Insurance Company, the custodian of the Plan and the parent company of the trustee of the Plan. These transactions qualify as party in interest transactions but are not prohibited transactions as defined by ERISA.

NOTE 7 – TAX STATUS

The plan sponsor is relying on an opinion letter that the pre-approved plan received from the IRS dated June 30, 2020, that the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The plan administrator believes the pre-approved plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Notes to Financial Statements**

NOTE 7 – TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in employer contributions.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 1, 2022, the date which the financial statements were available to be issued.
