INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
ARDEX, L.P. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of ARDEX, L.P. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of assets available for benefits as of December 31, 2021, and the related statement of changes in assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of assets available for benefits of the Plan as of December 31, 2020 and the statement of changes in assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 2, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ARDEX, L.P. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of ARDEX, L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the adoption agreement for a more complete description of the Plan's provisions.

General - The Plan, established effective June 1, 1992 and amended and restated effective as recently as September 1, 2021, is a defined contribution plan which covers substantially all full-time, non-union employees of ARDEX, L.P. (the "Sponsor") and The W.W. Henry Company, L.P., a related company. Effective January 1, 2021, the Plan was amended to cover employees of DTA USA. Employees who are at least 18 years of age are eligible to participate in the Plan. Through August 31, 2021, employees were required to complete six months of service to enroll in the Plan. Effective September 1, 2021, the Plan was amended to remove the six month service requirement.

CARES Act - The Coronavirus Aid, Relief and Economic Security (CARES) Act contains several provisions related to employee benefit plans. The Plan adopted these provisions in 2020, but the Plan has not yet been formally amended. The plan administrator expects a formal amendment to be executed prior to the required date of December 31, 2022. The provisions adopted by the Plan include the following:

- Allowing participants to take a coronavirus-related distribution of up to \$100,000 (not to exceed the participant's account balance) without a 10% early withdrawal penalty.
- Allowing participants to borrow up to \$100,000 in loans, for loans made from March 27, 2020 through September 22, 2020, and repayment can be delayed.
- Allowing suspension of loan payments due March 27, 2020 through December 31, 2020 for up to one year.
- Allowing suspension of 2020 required minimum distributions.

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial

statements and the reported amounts of changes in net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values as the trustee determines. The unrealized appreciation (depreciation) of investments is determined by the change in current market value from the beginning of the year (if held for the entire year) to the end of the year, or from the date of purchase to the end of the year. The realized appreciation (depreciation) of investments is determined by the change in the current market value from the beginning of the year (if held since the beginning of the year) to the date of sale, or from the date of purchase to the date of sale. Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned and are generally reflected as a component of net appreciation or depreciation in fair value of investments.

Contributions - Participants may elect to contribute between 1% and 75% of compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code. Eligible participants automatically defer 5% of their compensation into the Plan, increasing each year until a deferral amount of 12% is attained. As further detailed in the adoption agreement, participants are able to make affirmative elections to contribute less or more than would be automatically deferred. The Plan also accepts rollover contributions from other qualified plans.

The employers may make discretionary matching contributions to the Plan. For the year ended December 31, 2021, the matching contribution was 60% of participant salary deferrals, up to 5% of the participant's eligible compensation. For the year ended December 31, 2020, the matching contribution was 40% of participant salary deferrals, up to 5% of the participant's eligible compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution, an allocation of the employer matching contribution, if applicable, and plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct their contributions and any related earnings into various investment options. The Plan is invested in various funds maintained by Great-West Trust Company, LLC.

Risks and Uncertainties - The Plan's funds are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits and statements of changes in assets available for benefits.

Notes Receivable from Participants - Participants are able to borrow up to 50% of their vested account balance up to \$50,000 (however, see CARES Act provisions previously disclosed). The amount of the loan is required to be at least \$1,000. Loans are generally required to be repaid over a five year period in equal semi-monthly installments. The interest rate on new participant loans is the prime rate at loan inception plus 2%. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. At December 31, 2021, the interest rate on outstanding loans ranged from 4.75% to 7.50%, and at December 31, 2020, the interest rate on outstanding loans ranged from 4.50% to 7.50%.

Distributions - Upon termination of service due to death, disability, retirement or other termination, participants or their beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account or IRA rollover. If a participant's vested account balance exceeds \$5,000, he or she may elect to receive a distribution in a lump-sum payment (or IRA rollover) or make partial withdrawals. If a participant's vested account balance is less than \$5,000, his or her account will be automatically distributed.

Vesting - The accounts for all participants' contributions and earnings thereon are fully vested and nonforfeitable at all times. Employer contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2 - 3	50%
4 or more	100%

Cash and Cash Equivalents – Cash and cash equivalents are categorized as investments in the statements of assets available for benefits and include a forfeiture account and an expense account. At December 31, 2021 and 2020, the balance in the forfeiture account was \$8,826 and \$1,703, respectively. The balance may be used to reduce employer contributions. For the years ended December 31, 2021 and 2020, forfeitures were \$7,078 and \$11,954, respectively. Employer contributions were reduced by \$31,315 from the forfeiture account during 2020. Employer contributions were not reduced by the forfeiture account in 2021. Other activity in the forfeiture account consisted of interest income and fees.

At December 31, 2021 and 2020, the balance in the expense account was \$44,970 and \$17,371, respectively. All revenue sharing income from plan assets is credited to the expense account, and the employers may make additional deposits thereto. The expense account may be used to pay the Plan's administrative expenses; residual amounts may be reallocated to participant accounts. For the years ended December 31, 2021 and 2020, revenue sharing income credited to this account was \$109,955 and \$86,868, respectively. For the years ended December 31, 2021 and 2020, administrative expenses paid out of the expense account were \$39,745 and \$57,928, respectively. For the years ended December 31, 2021 and 2020, the employers elected to reallocate a total of \$41,881 and \$45,148, respectively, from the expense account to each participant's account based on the ratio of the participant's account balance to all participants' account balances. Other activity in the expense account consisted of interest income and miscellaneous withdrawals.

Administrative Expenses - The Plan's expenses, which mainly consist of investment advisory and audit fees, are paid by the employers or by the Plan, at the employers' discretion.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs are not quoted prices in active markets but they are observable either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2021 and 2020.

Mutual Funds: Valued using quoted prices in an active market (Level 1 measurement).

Group Annuity Contract: Effective August 12, 2021, all of the assets of the group annuity contract were converted from the Great-West Key Guaranteed Portfolio Fund to the Great-West Fixed Account Series II. Regardless of the change, the annuity contract is a public investment vehicle that is not fully benefit-responsive, and the fund is valued using the value provided by the trustee on the last day of the Plan's year end. That value is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. Participants can redeem units daily for the purpose of funding benefit payments, making participant loans, transferring the participant's interest in the Plan to another investment election or paying trustee fees. The units of participation are valued at the fair value of the trusts' underlying assets. Because the investment is measured at fair value using the net asset value per share practical expedient, it is not classified in the fair value hierarchy.

These methods may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Subsequent Events - The Sponsor has analyzed subsequent events for recognition and disclosure purposes through July 29, 2022, the date which the financial statements were available to be issued.

2. PLAN TERMINATION

The Sponsor anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion. In the event that such discontinuance results in the termination of the Plan, all amounts credited to participant accounts become 100% vested. The net assets of the Plan will be distributed by the trustee in accordance with the trust agreement in a uniform and nondiscriminatory manner.

3. INCOME TAX STATUS

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by Great-West Trust Company, LLC. The Internal Revenue Service has stated in a letter dated March 31, 2014 that the prototype plan is designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management believes there is no liability related to uncertain tax positions at December 31, 2021 and 2020. The Plan is no longer subject

to U.S. federal or state income tax examinations by tax authorities for tax years before 2018.

4. CERTIFIED FINANCIAL INFORMATION

Great-West Trust Company, LLC, the trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits as of December 31, 2021 and 2020.
- Income on investments and notes receivable from participants, as shown in the statements of changes in assets available for benefits for the years ended December 31, 2021 and 2020.
- The schedule of assets held for investment purposes at December 31, 2021, as shown on the accompanying schedule.

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	<u>2021</u>	<u>2020</u>
Assets available for benefits per the financial statements	\$ 48,391,771	\$ 41,782,635
Employer contributions receivable	<u>(957,697)</u>	<u>(698,481)</u>
Assets available for benefits per Form 5500	<u>\$ 47,434,074</u>	<u>\$ 41,084,154</u>

The following is a reconciliation of the increase in assets available for benefits per the financial statements for the years ended December 31, 2021 and 2020 to Form 5500:

	<u>2021</u>	<u>2020</u>
Increase in assets available for benefits per the financial statements	\$ 6,609,136	\$ 5,271,965
Current year contributions receivable	(957,697)	(698,481)
Prior year contributions receivable	<u>698,481</u>	<u>806,639</u>
Increase in assets available for benefits per Form 5500	<u>\$ 6,349,920</u>	<u>\$ 5,380,123</u>

Additionally, there are minor classification differences between the financial statements and Form 5500 in various income and expense categories.

6. PARTIES-IN-INTEREST AND RELATED PARTIES

Great-West Trust Company, LLC serves as the trustee of the Plan and provides access to a certain mutual fund and a group annuity contract and, accordingly, is considered a party-in-interest.

The administrator of the Plan does not receive any compensation from the Plan.
