INDEPENDENT AUDITORS' REPORT

The Plan Administrator, Management, and Trustees
Digital Check Corp. 401(k) Plan
Northbrook, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Digital Check Corp. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from two qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the 2021 Financial Statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held At End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Digital Check Corp. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 19, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DIGITAL CHECK CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Digital Check Corp. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan covering employees of Digital Check Corp. and Benchmark Technology Group, Inc. (collectively, "the Company"). The Plan covers all employees who have reached 18 years of age and who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to the maximum dollar amount allowable as established by the Internal Revenue Service, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Effective June 1, 2020, participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect another deferral rate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, subject to a 1% annual increase until the deferral rate percentage equals 6% (Note 10). The Plan currently offers investment choices through Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan's investments, which include a common collective trust fund, a group annuity contract, as well as mutual funds through various registered investment companies. The Company contributes an employer safe harbor contribution amounting to 3% of compensation of eligible participants. Employer profit-sharing contributions may be made at the option of the Company on behalf of each participant allocation group. Discretionary employer matching contributions can also be made by the Company up to 4% of employee compensation. The Company made or accrued safe harbor matching contributions of \$602,496 to the Plan for the year ended December 31, 2021. The Company made or accrued discretionary profit-sharing and employer matching contributions of \$73,195 to the Plan for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions; qualified rollover contributions; allocations of the Company's contributions, if any; and Plan earnings. It is also charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan. Forfeited balances of terminated participants' nonvested accounts are first applied to pay administrative expenses. Any remaining forfeitures are then added to the employer's contribution and allocated to participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in discretionary profit-sharing and matching contributions allocated to individual participants, plus actual earnings thereon, is based upon years of continual service as defined in the Plan. A participant is 100% vested after six years of service.

DIGITAL CHECK CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.50% as of December 31, 2021. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship withdrawals and in-service distributions are permitted if certain criteria are met.

Forfeited Accounts

At December 31, 2021 and 2020, unallocated plan assets resulting from forfeited nonvested accounts totaled \$13 and \$4, respectively. These accounts will be used to reduce future administrative expenses and or employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for loan losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the note receivable to be in default, the participant loan balance is reduced; and a benefit payment is recorded.

DIGITAL CHECK CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included as a reduction in net appreciation of fair value of investments. The Plan made direct payments for administration fees of \$71,317 for the year ended December 31, 2021.

CARES Act Provisions

Effective January 1, 2020, the Plan allowed special Coronavirus-related distributions ("CRD") in accordance with the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") for the period beginning January 1, 2020 and ending December 31, 2020. Qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.

Subsequent Events

Management has evaluated subsequent events through July 20, 2022, the date on which the financial statements were available to be issued. There were no subsequent events requiring recognition or disclosure in these financial statements, except as described in Note 11.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The following information included in the accompanying financial statements and supplemental information as of December 31 was obtained from data that has been prepared and certified to as complete and accurate by the custodians of the Plan, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC:

	<u>2021</u>	<u>2020</u>
Investments, at fair value:		
Mutual funds	\$ 17,946,698	\$ 14,888,806
Common/collective trust	701,440	499,380
Investment, at contract value:		
Group annuity contract	2,971,670	2,179,374
Notes receivable from participants	109,659	104,872

The custodians also certified the completeness and accuracy of \$1,394,351 of net appreciation in the fair value of investments, \$801,514 of dividends and interest, \$24,529 of other income, and \$4,884 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2021.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (“ASC 820”), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Units are valued using the NAV practical expedient of the common/collective trust (“CCT”) as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without notice or restrictions and has no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021

*Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at the fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020, respectively. NOTE 5 – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (“Great-West”) totaling \$2,971,670 and \$2,179,374 at December 31, 2021 and 2020, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than .90%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 5 – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan; and therefore, these transactions qualify as party-in-interest transactions under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

As described in Note 2, the Company may pay certain administrative expenses related to Plan operations to various service providers. In addition, employees of the Company provide administrative services to the Plan for which no fees are charged. Notes receivable from participants also qualify as party-in-interest transactions under ERISA.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 – TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since the prototype plan was adopted, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. No assets or liabilities relative to uncertain tax positions are recorded as of December 31, 2021 or 2020. The Plan is subject to routine audits by taxing jurisdictions. However, as of December 31, 2021, there were no audits in progress for any open tax periods.

NOTE 9 – RISKS AND UNCERTANTIES

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks such as interest rate risk, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan is subject to risks associated with unforeseen or catastrophic events, including terrorist attacks, natural disasters, and the emergence of a pandemic, which could create economic disruptions both locally and globally. As an example, during 2020 and continuing through the issuance of these financial statements, the COVID-19 outbreak has resulted in a world-wide pandemic. Given the uncertainty of COVID-19's developing circumstances and outcomes, the future impacts are not quantifiable and could materially impact the Plan and its activities.

NOTE 10 – PLAN AMENDMENTS

Effective January 1, 2020, the Plan was amended to add an additional trustee to the Plan.

Effective January 1, 2020, the Plan was amended to allow special Coronavirus-related distributions under the CARES Act for the period beginning January 1, 2020 and ending December 31, 2020.

Effective June 1, 2020, the Plan was amended to add an auto-enrollment provision, whereby participants are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan or elect another deferral rate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, subject to a 1% annual increase until the deferral rate percentage equals 6%.

Effective January 1, 2021, the Plan was amended to allow employees of Benchmark Technology Group, Inc. to participate in the Plan.

Effective June 1, 2021, the Plan was amended to allow rollover contributions of in-kind assets for participant loans pursuant to an acquisition or merger to the Plan.

NOTE 11 – SUBSEQUENT EVENT

Effective February 1, 2022, the Plan was amended to allow employees of Avivatech, LLC to participate in the Plan.

DIGITAL CHECK CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Digital Check Corp. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan covering employees of Digital Check Corp. and Benchmark Technology Group, Inc. (collectively, "the Company"). The Plan covers all employees who have reached 18 years of age and who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to the maximum dollar amount allowable as established by the Internal Revenue Service, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Effective June 1, 2020, participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect another deferral rate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, subject to a 1% annual increase until the deferral rate percentage equals 6% (Note 10). The Plan currently offers investment choices through Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan's investments, which include a common collective trust fund, a group annuity contract, as well as mutual funds through various registered investment companies. The Company contributes an employer safe harbor contribution amounting to 3% of compensation of eligible participants. Employer profit-sharing contributions may be made at the option of the Company on behalf of each participant allocation group. Discretionary employer matching contributions can also be made by the Company up to 4% of employee compensation. The Company made or accrued safe harbor matching contributions of \$602,496 to the Plan for the year ended December 31, 2021. The Company made or accrued discretionary profit-sharing and employer matching contributions of \$73,195 to the Plan for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions; qualified rollover contributions; allocations of the Company's contributions, if any; and Plan earnings. It is also charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan. Forfeited balances of terminated participants' nonvested accounts are first applied to pay administrative expenses. Any remaining forfeitures are then added to the employer's contribution and allocated to participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in discretionary profit-sharing and matching contributions allocated to individual participants, plus actual earnings thereon, is based upon years of continual service as defined in the Plan. A participant is 100% vested after six years of service.

DIGITAL CHECK CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.50% as of December 31, 2021. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship withdrawals and in-service distributions are permitted if certain criteria are met.

Forfeited Accounts

At December 31, 2021 and 2020, unallocated plan assets resulting from forfeited nonvested accounts totaled \$13 and \$4, respectively. These accounts will be used to reduce future administrative expenses and or employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for loan losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the note receivable to be in default, the participant loan balance is reduced; and a benefit payment is recorded.

DIGITAL CHECK CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included as a reduction in net appreciation of fair value of investments. The Plan made direct payments for administration fees of \$71,317 for the year ended December 31, 2021.

CARES Act Provisions

Effective January 1, 2020, the Plan allowed special Coronavirus-related distributions ("CRD") in accordance with the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") for the period beginning January 1, 2020 and ending December 31, 2020. Qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result.

Subsequent Events

Management has evaluated subsequent events through July 20, 2022, the date on which the financial statements were available to be issued. There were no subsequent events requiring recognition or disclosure in these financial statements, except as described in Note 11.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The following information included in the accompanying financial statements and supplemental information as of December 31 was obtained from data that has been prepared and certified to as complete and accurate by the custodians of the Plan, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC:

	<u>2021</u>	<u>2020</u>

The custodians also certified the completeness and accuracy of \$1,394,351 of net appreciation in the fair value of investments, \$801,514 of dividends and interest, \$24,529 of other income, and \$4,884 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2021.

DECEMBER 31, 2021 AND 2020

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (“ASC 820”), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Units are valued using the NAV practical expedient of the common/collective trust (“CCT”) as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without notice or restrictions and has no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021

NOTE 5 – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (“Great-West”) totaling \$2,971,670 and \$2,179,374 at December 31, 2021 and 2020, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than .90%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5 – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan; and therefore, these transactions qualify as party-in-interest transactions under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

As described in Note 2, the Company may pay certain administrative expenses related to Plan operations to various service providers. In addition, employees of the Company provide administrative services to the Plan for which no fees are charged. Notes receivable from participants also qualify as party-in-interest transactions under ERISA.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 – TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since the prototype plan was adopted, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. No assets or liabilities relative to uncertain tax positions are recorded as of December 31, 2021 or 2020. The Plan is subject to routine audits by taxing jurisdictions. However, as of December 31, 2021, there were no audits in progress for any open tax periods.

NOTE 9 – RISKS AND UNCERTANTIES

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks such as interest rate risk, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan is subject to risks associated with unforeseen or catastrophic events, including terrorist attacks, natural disasters, and the emergence of a pandemic, which could create economic disruptions both locally and globally. As an example, during 2020 and continuing through the issuance of these financial statements, the COVID-19 outbreak has resulted in a world-wide pandemic. Given the uncertainty of COVID-19's developing circumstances and outcomes, the future impacts are not quantifiable and could materially impact the Plan and its activities.

NOTE 10 – PLAN AMENDMENTS

Effective January 1, 2020, the Plan was amended to add an additional trustee to the Plan.

Effective January 1, 2020, the Plan was amended to allow special Coronavirus-related distributions under the CARES Act for the period beginning January 1, 2020 and ending December 31, 2020.

Effective June 1, 2020, the Plan was amended to add an auto-enrollment provision, whereby participants are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan or elect another deferral rate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, subject to a 1% annual increase until the deferral rate percentage equals 6%.

Effective January 1, 2021, the Plan was amended to allow employees of Benchmark Technology Group, Inc. to participate in the Plan.

Effective June 1, 2021, the Plan was amended to allow rollover contributions of in-kind assets for participant loans pursuant to an acquisition or merger to the Plan.

NOTE 11 – SUBSEQUENT EVENT

Effective February 1, 2022, the Plan was amended to allow employees of Avivatech, LLC to participate in the Plan.
