Independent Auditors' Report

To the Participants and Plan Administrator of
Scholarship America 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Scholarship America 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets as of December 31, 2021 and Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Scholarship America 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Scholarship America 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Scholarship America, Inc. (the Organization) on October 1, 2010, under the provisions of Section 403(b) of the Internal Revenue Code (IRC) of 1986, as amended, which includes elective deferral contributions made pursuant to a salary reduction agreement for the benefit of eligible employees of Scholarship America, Inc. and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the requirements of Section 403(b) of the IRC. The Organization is the sponsor and administrator of the Plan and the custodian is Principal Trust Company (the Custodian). The Custodian manages the investments of the Plan as directed by the participants and provides recordkeeping services.

Eligibility

All employees of the Organization are eligible to participate in the Plan. Salary deferral contributions to the Plan can begin at the earliest monthly entry date upon commencement of employment. Following completion of 90 days of service, employees who are at least 21 years of age are eligible for the matching employer contributions to the Plan.

Contributions

Upon enrollment, each participant may choose the amount of salary reduction that will be contributed to the Plan. This amount must be not more than the lesser of (i) 100 percent of the participant's compensation or (ii) the maximum limit imposed by Section 402(g) of the IRC. Plan participants may change their salary deferral amount daily.

Scholarship America provides a discretionary matching contribution to eligible participants. Eligibility for the employer match requires the employee to contribute a minimum of 2 percent of gross earnings.

Participant Accounts

Each participant's account includes all Plan contributions and is adjusted for investment experience and administrative expenses charged to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct their account balance into various investment options offered by the Plan. A participant may change investment options anytime.

Vesting

Participant contributions and rollover contributions are fully vested in contributed amounts and investment experience thereon. Employer contributions vest equally over a three-year period.

Forfeited Accounts

Employer contributions were reduced by \$8,855 and \$8,437 from forfeited nonvested accounts in 2021 and 2020, respectively. As of December 31, 2021 and 2020, there were no forfeited nonvested accounts. It is the Plan's policy to use forfeited nonvested accounts to pay plan expenses and reduce future employer contributions.

Notes to Financial Statements
December 31, 2021 and 2020

Payment of Benefits

Upon termination of employment with Scholarship America, Inc., a participant may elect to receive benefits under any optional forms of benefit set forth in the applicable funding vehicles in which the participant's benefits are invested.

Early Withdrawals

Payment of benefits may not commence while a participant is employed by Scholarship America, Inc. unless the participant attains age 59½ or the payments are required by law. Withdrawals are permitted in cases of financial hardship and disability.

Termination of Plan

Although it has not expressed any intent to do so, Scholarship America, Inc. has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Notes Receivable From Participants

Plan loans may be requested by a participant, using their account as collateral for the loan. A participant may apply for a loan to be made from his or her vested account balance in the Plan not to exceed the lesser of (i) \$50,000 or (ii) 50 percent of the participant's vested account balance in the Plan. Loans may be further limited by the funding vehicles.

Administrative Expenses

Certain investment management fees are netted with investment income. These fees are charged directly to the individual participant's accounts. Substantially all other administrative expenses are paid by Scholarship America, Inc. and excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value determined by the Custodian using quoted market prices (except for fully-benefit-responsive investment contracts, which are reported at contract value). See Note 3 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation (depreciation) in fair value of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses and unrealized appreciation or depreciation. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Scholarship America 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Organization has evaluated subsequent events through July 27, 2022, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

3. Fair Value Measurements

The Plan follows accounting principles generally accepted in the United States of America for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Observable market-based inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Scholarship America 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following valuation methodologies and assumptions were used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the balances of assets measured at fair value on a recurring basis by level within the hierarchy.

December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 8,097,848	\$ 8,097,848	\$ -	\$ -

Scholarship America 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Investment Contract With Insurance Company

The Plan has a benefit-responsive guaranteed investment contract with Principal Life Insurance Company (PLIC), who maintains the contributions in a general account, Principal Fixed Income Guaranteed Option (PFIGO). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by PLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed semiannually for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The PFIGO is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a Stable Value fund. As a result, the average yield earned by the Plan is the interest credited on the group annuity contract. The composite crediting rate at December 31, 2021 and 2020 was 1.55% and 1.60%, respectively, prior to any plan-level recordkeeping expenses.

Average yield earned by the Plan for all fully benefit-responsive investment contracts with an adjustment to reflect the actual interest rate credited to participants is calculated by dividing the annualized earnings credited to participants for all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts.

5. Party in Interest Transactions

The Plan's investments include shares of funds and interests in accounts held and/or managed by Principal. Principal is a party in interest as a result of providing custody services and/or investment of plan assets in their investment offerings. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

Scholarship America 403(b) Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator believes the plan is operating in accordance with the applicable requirements of section 403(b) and believes the plan is qualified and the related custodial accounts are tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken. The Plan recognized any interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

Investments, in general, are subject to various risks, including credit, interest and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan investments are not insured by FDIC or similar coverage.

8. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

9. Concentrations

The following investments represent 10 percent or more of the Plan's net assets available for benefits as of December 31:

	2021	2020
Principal Lifetime 2030 R5 Fund	\$ 1,751,692	\$ 1,241,877
Principal Lifetime 2035 R5 Fund	841,786	*
Principal Lifetime 2040 R5 Fund	*	674,651

* - Does not represent 10% or more of the Plan's net assets available for benefits as of December 31.

10. Delinquent Participant Contributions

During 2020, due to circumstances with obtaining data in December from the Plan Sponsor's third-party payroll vendor, the Plan sponsor failed to remit employee contributions for one pay period to the plan on a timely basis, as defined by the DOL's Rules and Regulations for Reporting and Delinquent Participant Contributions disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled \$30,026, were corrected outside of the Voluntary Fiduciary Correction Program. Additionally, the Plan sponsor has compensated participants for lost earnings resulting from the one-time delay in contributions.

The delinquent participant contributions relate to 2020 and were corrected in 2021.
