INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of
Bay State Community Services, Inc. Retirement Plan
Quincy, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bay State Community Services, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bay State Community Services, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bay State Community Services, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bay State Community Services, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bay State Community Services, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bay State Community Services, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Bay State Community Services, Inc. Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following description of the Bay State Community Services, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a customized defined contribution 403(b) plan covering all eligible employees of Bay State Community Services, Inc. (the "Organization"). The Organization established the Plan to provide employees with a systematic means of savings and investing for the future. All permissible employees of the Organization, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire. Employees become eligible for matching contributions after completing one year of service and attaining the age of twenty-one. The Plan's management is responsible for oversight of the Plan. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Amendment

The Plan was amended, effective April 1, 2021, to adopt regulatory changes to hardship withdrawals per the Bipartisan Budget Act of 2018 and to permit roth deferrals to the Plan.

Contributions

Each year, participants may contribute up to 100% of their compensation subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified by the Plan into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Organization, at their discretion, may make a matching contribution to the Plan. In 2021 and 2020, the Organization made a matching contribution equal to 50% of employee deferrals, up to 6% of compensation. Contributions are subject to certain limitations.

Participant Accounts

Each participant account is credited with the participant's contributions, the Organization's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Note 1 - Description of the Plan - Continued

Participant Accounts - continued

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions made to the Plan plus actual earnings thereon. Vesting in the Organization's contributions is based on employees' years of service until they become fully vested after six years.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, in installments or in any form permitted under the annuity contract or custodial agreement, as elected in writing by the participant. For termination of service for other reasons, a participant may elect to defer payment until normal retirement age provided the participant's vested account balance is greater than \$5,000 or receive a lump-sum payment or a direct rollover to another qualified plan. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between \$1,000 and \$5,000, their vested benefit may automatically be rolled over to an IRA selected by the Plan Administrator.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000. The maximum loan is the lesser of \$50,000 less the highest outstanding loan balance during the one-year period prior to the new loan application date, or 50% of the participant's account balance less any current outstanding loan balances. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%, which are issued at the prime rate plus 1% at inception of the loan as determined by the Plan administrator.

Forfeited Accounts

Plan forfeitures may be allocated to participant accounts, used to pay administrative expenses, or used to reduce employer contributions. Forfeited non-vested accounts at December 31, 2021 and 2020 totaled \$0 and \$4,899, respectively. During 2021, \$18,106 was used to reduce employer contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments. Administrative fees for loans or distributions will be charged against the participants' accounts.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America and in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, except for distributions paid to participants, which are prepared on the cash basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reportable at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policy utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2 - **Summary of Accounting Policies - Continued**

Investment Valuation and Income Recognition - continued

Purchases and sales of securities are recorded on a trade-date basis, interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Note 3 - **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Observable inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; and• Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. |

Note 3 - **Fair Value Measurements - Continued**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts ("PSA"): Valued daily at their net asset values ("NAV"). The NAV is used as a practical expedient to estimate fair value.

The practical expedient would not be used if it is determined to be probable that the Plan would sell the investment for an amount different from reported NAV. The NAV of a PSA is based on the market value of its underlying investments, but the PSA NAV is not publicly quoted in an active market.

Note 3 - Fair Value Measurements - Continued

The Plan's assets are measured at fair value based upon NAV and, accordingly, do not fall within the fair value categorizations. At December 31, 2021 and 2020, they are as follows:

Assets at Fair Value as of December 31,:

	<u>2021</u>	<u>2020</u>
Investments measured at net asset value (1)		
Pooled separate accounts	\$ <u>5,397,213</u>	\$ <u>4,687,262</u>

(1) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available For Plan Benefits.

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share as of December 31,:

Fair Value Estimated using NAV Per Share as of December 31, 2021

Note 3 - **Fair Value Measurements - Continued**

Accounting standards require disclosure of investment strategies for investments valued using NAV as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as direct filing entity (“DFE”). The following table discloses investment strategies for such investments:

Investments measured at fair value:	<u>2021</u>	<u>2020</u>
Pooled Separate accounts		
Allocation (a)	\$ 4,508,976	\$ 3,941,454
Growth (b)	442,234	446,418
Blend (c)	141,476	144,557
Fixed Income (d)	189,892	90,041
International (e)	67,297	33,294
Value (f)	<u>47,338</u>	<u>31,498</u>
	\$ <u>5,397,213</u>	\$ <u>4,687,262</u>

- (a) Allocation pooled separate accounts seek long-term capital growth by investing in small cap companies.
- (b) Growth pooled separate accounts invest primarily in undervalued funds that have sustainable earnings growth potential.
- (c) Blend pooled separate accounts invest in stocks with a positive reward to risk ratio and limited downside risk.
- (d) Fixed income pooled separate accounts invest in fixed income securities and seek real return while preserving principal.
- (e) International pooled separate accounts seek a favorable long-term rate of return through capital appreciation and income from a broadly diversified portfolio that consist primarily of foreign and domestic common stocks.
- (f) Value pooled separate accounts invest primarily in companies that have above-average yields and are trading at discounts to historical valuations or are undervalued based on relative valuations.

Note 4 - **Investment Contracts with Insurance Companies**

The Plan has benefit-responsive investment contracts with Voya Retirement Insurance and Annuity Company (“Voya”) and American United Life Insurance Company (“AUL”). Both contract issuers maintain the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuers are contractually obligated to repay the principal at specified interest rates that are guaranteed to the Plan.

BAY STATE COMMUNITY SERVICES, INC.

RETIREMENT PLAN

Notes to the Financial Statements - Continued

December 31, 2021 and 2020

Note 4 - Investment Contracts with Insurance Companies - Continued

As described in Note 2, because the contracts are fully benefit-responsive, contract value is the relevant measurement attribute for those portions of the net assets available for benefits attributable to the guaranteed investment contracts.

The contract values, as reported to the Plan by Voya and AUL, represent contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rates are based on a formula agreed upon with the issuers, but it may not be less than 3%. Interest rates related to the investment contracts with Voya and AUL are reviewed on an annual and quarterly basis, respectively, for resetting. The Plan's ability to receive amounts due is dependent on the issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act ("ERISA"), or (5) premature termination of the contract. The Plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring. Certain events allow AUL to terminate the contract at an amount different than contract value. Such events include: (1) a violation of the Plan's investment guidelines, (2) a material breach of the contract, (3) a material misrepresentation of the contract, or (4) a material amendment to the Plan without AUL's consent. The AUL investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The contract does not permit Voya from terminating the agreement prior to contract maturity date.

Note 5 - Information Prepared and Certified by the Custodians

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan have certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Total investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- The Schedule of Assets (Held at End of Year) at December 31, 2021.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6 - Transactions with Parties-in-Interest

Under ERISA, parties-in-interest are defined to include the Plan sponsor, officers, directors and employees of the sponsor; direct and indirect owners of the sponsor, and their relatives, if they have combined voting power of 50% or more; the Plan custodian or trustee, and the Plan administrator; other parties with fiduciary responsibilities; and a person and his or her relatives or an organization that provides services to the Plan such as the Plan actuary, auditors, lawyers, investment advisors, etc. Fees paid by the Plan to AUL for investment management services, loan administration and other record keeping services were \$1,249 for the year ended December 31, 2021. Investment related services are provided by Global Retirement Partners, the Plan's advisor, and therefore, these transactions qualify as party-in-interest transactions and were \$20,563 for the year ended December 31, 2021. In addition, notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Tax Status

The Plan has adopted the volume submitter plan document of the Hilb Group of New England, LLC. The volume submitter sponsor received a favorable opinion letter dated March 31, 2017, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

Note 9 - Risks and Uncertainties

Investment Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - **Risks and Uncertainties - Continued**

Investment Risk - continued

The World Health Organization ("WHO") declared a global health emergency on January 30, 2020, as the coronavirus ("COVID-19 outbreak") spread beyond China, where it had originated. In March 2020, the WHO declared a pandemic caused by the COVID-19 outbreak. The pandemic has put unprecedented pressure on the global economy and financial markets. As such, the Plan's investments continue to have significant fluctuations. The full financial effect and duration of the COVID-19 outbreak cannot be reasonably estimated at this time, and as a result, the impact to the Plan's investments and ongoing liquidity cannot be determined.

Note 10 - **Management's Acceptance of Financial Statements**

Management has evaluated subsequent events through July 28, 2022, the date for which the financial statements were available for issuance. Management accepted the financial statements and did not identify any events subsequent to December 31, 2021 requiring disclosure or adjustment in these financial statements.
