GOOCH AND HOUSEGO 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEARS ENDED SEPTEMBER 30, 2021 AND 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Gooch and Housego 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all eligible employees of the Gooch and Housego group of U.S. companies (collectively, the Company). The participating companies include Gooch and Housego (California) LLC, Gooch and Housego (Florida) LLC, Gooch and Housego (Ohio) LLC, Optronic Laboratories LLC, Crystal Technology LLC, Gooch and Housego (Boston) LLC, Stingray Optics LLC, and Gould Fiber Optics. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Delaware Charter Guarantee & Trust Company (conducting business under the trade name Principal Trust Company) is the Plan's trustee as well as the Plan's record keeper. The Plan's administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits, interpreting Plan documents, maintaining participants' accounts, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

ELIGIBILITY

Under the terms of the Plan, all employees are eligible to participate in the Plan on the first of the month following the employee's hire date, provided the employee has attained the age of 18, completed one day of employment and is not a nonresident alien, leased employee, or covered by a collective bargaining agreement. Employees eligible for the discretionary non elective contributions must be employed on the last day of the Plan year and have obtained 1,000 hours of service during the Plan year.

CONTRIBUTIONS

A participant may voluntarily contribute a minimum of 1% up to a maximum of 100% of their compensation on a pre-tax basis or after-tax basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

The Company may make discretionary matching contributions which are determined annually and announced in advance of each Plan year. Matching contributions for the years ended September 30, 2021 and 2020 were equal to 100% of the first 5% of employee deferrals. Company discretionary matching contributions were \$1,174,924 and \$1,106,208 for the years ended September 30, 2021 and 2020, respectively. The Company may also make an additional matching contribution after the Plan year, additional discretionary bonus contributions and qualified non-elective contributions (QNEC) to participants' accounts. No additional matching contributions, discretionary bonus contributions, or QNEC were made for the years ended September 30, 2021 and 2020.

INVESTMENT OPTIONS

Participants may elect to invest in a variety of investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's elective deferral, the Company's discretionary matching contributions and an allocation of additional matching contributions, discretionary bonus contributions, QNEC, and Plan earnings (losses) thereon, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FORFEITURES

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At September 30, 2021 and 2020, forfeited, non-vested accounts totaled \$44,300 and \$60,137, respectively. Forfeitures may be used to reduce administrative expenses, company discretionary matching contributions or be reallocated to participants as a discretionary bonus contribution. The Company allocated \$46,690 and \$0 to participant accounts during the years ended September 30, 2021 and 2020, respectively. The Company used \$100 and \$0 to pay Plan expenses during the years ended September 30, 2021 and 2020, respectively.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested after two years of credited service.

PAYMENT OF BENEFITS

Upon termination of service due to death, disability, retirement or separation of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or choose from a variety of life annuities. An early retirement option is available for those who have terminated employment and have attained age 55 and completed 2 years of vested service. For termination of service due to other reasons, a participant will also receive the value of the vested interest in his or her account as a lump-sum payment. Lump sum distributions are required if the vested balance is \$5,000 or less. A participant may receive an in-service distribution if he or she experiences undue financial hardship or upon attainment of age 59 ½. Hardship distributions are limited to actual participant contributions.

In December 2019, the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") was signed into law. The SECURE Act increased the age for required minimum distributions from 70 ½ to 72. This change is effective for participants who turn 70 ½ after December 31, 2019, and does not apply to participants already receiving required minimum distributions.

In March 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. The CARES Act is designed to provide fast and direct economic assistance for workers in the midst of the COVID-19 pandemic. The CARES Act suspends required minimum distribution provisions for the year ending September 30, 2020 and allows qualified participants impacted by the COVID-19 pandemic to withdraw up to \$100,000 of their vested account balance without being subject to the 10% early withdrawal penalty from January 1, 2020 to December 31, 2020. In addition, the minimum distribution requirement is waived for participants who turned 70 ½ in 2019 and postponed their first required minimum distribution until April 1, 2020. The Plan adopted these CARES Act provisions in relation to withdrawals on April 29, 2020.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts up to 50% of their vested account balance, from a minimum of \$1,000 up to a maximum of \$50,000. Notes receivable terms are for a 5 year period or up to 15 years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's vested account and bear interest at the prevailing interest rate at time of issuance. Principal and interest are paid ratably through payroll deductions.

The CARES Act allows participants to borrow up to \$100,000, or 100% of their vested account balance between the period of March 27, 2020 and September 27, 2020. The first payment date on a new loan is deferred up to one year. Participants with outstanding loans (meaning loans taken before the CARES Act was enacted) for which a payment is due between March 27, 2020 and December 31, 2020, can delay their loan repayments up to one year. Interest will continue to accrue on these deferred payments. The term of the loan will be extended by the length of the deferment period. The Plan adopted these CARES Act provisions in relation to loans on April 29, 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a guaranteed investment contract. This guaranteed investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus interest at a specified rate.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEARS ENDED SEPTEMBER 30, 2021 AND 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments of the Plan are reported at fair value, with the exception of the guaranteed investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by its investment advisors. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains (losses) on the investments purchased and sold, as well as held, during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document. In management's opinion, all notes receivable are fully collectible; accordingly, no allowance for credit losses was recorded as of September 30, 2021 and 2020.

ADMINISTRATIVE EXPENSES

Certain administrative expenses are paid by the Plan. Expenses paid by the Company are excluded from these financial statements.

SUBSEQUENT EVENTS

The Plan evaluated subsequent events through July 27, 2022, the date these financial statements were available to be issued. There were no subsequent events that required recognition or additional disclosure in these financials.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at September 30, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended September 30, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company. This information has not been audited by the Plan's independent auditors.

Registered investment companies	\$44,031,642	\$35,125,180

Interest and Dividends	<u>\$ 724,775</u>	<u>\$ 726,845</u>

NOTE 4 - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs used in valuation models (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurement, are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

GOOCH AND HOUSEGO 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEARS ENDED SEPTEMBER 30, 2021 AND 2020

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2 Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology that are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2021 and 2020.

Registered investment companies – Investments in registered investment companies are stated at the respective fund's net asset value (NAV), which is determined based on market values at the closing price. The NAV is a quoted price on an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2021:

	Level 1	Total
Registered investment companies	<u>\$44,031,642</u>	<u>\$44,031,642</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2020:

	Level 1	Total
Registered investment companies	<u>\$35,125,180</u>	<u>\$35,125,180</u>

GOOCH AND HOUSEGO 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEARS ENDED SEPTEMBER 30, 2021 AND 2020

NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Plan invests in the Principal Fixed Income Guarantee Option (the “Contract”), a benefit - responsive guaranteed general-account backed group annuity contract issued by the Principal Life Insurance Company. The Contract is not a portfolio of contracts whose yields are based on changes in the fair value of underlying assets, but is rather a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned, or the interest credited, on the group annuity contract.

During 2021 and 2020, the Plan participated in an investment contract which invests in a single group annuity contract with a fixed rate of interest. As described in Note 2, because the investment in the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is included in the financial statements at contract value as reported to the Plan by the contract issuer. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan’s prohibition on competing investment options or deletions of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - TAX STATUS

The Plan adopted a Prototype Non-Standardized Volume Submitter Profit Sharing Plan with a cash or deferral arrangement, which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Prototype plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since the Prototype plan received the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GOOCH AND HOUSEGO 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEARS ENDED SEPTEMBER 30, 2021 AND 2020

NOTE 6 - TAX STATUS (CONTINUED)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. As of September 30, 2021 and 2020, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax year pending or in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and a guaranteed investment contract managed by the Trustee and, therefore, these transactions are considered party-in-interest transactions. The Plan also makes loans to plan participants who are also considered to be parties-in-interest.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
