Financial Statements and Supplemental
Information

Year Ended December 31, 2021

WIPFLI

Independent Auditor's Report

To the Plan Administrator and Participants
CentroMotion 401(k) Plan
Waukesha, WI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of CentroMotion 401(k) Plan the ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of CentroMotion 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 5, 2021, we indicated that (a) because of the significance of information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1: Description of Plan

The following description of the CentroMotion 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

General

The Plan is a participant-directed defined contribution plan sponsored by CentroMotion (the "Company"). The Company is the plan administrator and T. Rowe Price Trust Company is the Plan's trustee, holds the Plan's investment assets, and executes investment transactions. On August 2, 2021, the Company acquired Carlisle Brake & Friction, Inc ("CBF"). During 2021, the trust associated with CBF's 401(k) plan transferred substantially all of its assets to the CentroMotion 401(k) Plan. Included in this transfer were approximately \$1,085,000 of notes receivable from participants and approximately \$43,656,000 of investments.

Eligibility

Eligible employees include all regular full-time employees of the Company, who are hired to work at least 1,000 hours every 12-month period, except employees covered under a collective bargaining agreement, nonresident aliens, and leased employees. Eligibility requirements are the same for the Company matching contributions.

Contributions

Each year participants may contribute pretax or after tax annual compensation between 1% and 50%, subject to the annual maximum allowed by the Internal Revenue Service ("IRS"). Participants who have attained the age of 50 are eligible to make catch-up contributions to the Plan. The Plan allows participants to rollover distributions from other qualified retirement plans. The Plan provides for the Company to make matching contributions of 50% of employee deferrals up to 8% of the participant's eligible compensation. Further, if a participant is at an elective deferral rate of less than 15%, the Plan also automatically increases a participant's elective deferral by 1% annually until employee contributions equal 15%, unless the participant affirmatively denies the election. Company discretionary contributions to the Plan are determined each year by the Company. No such contributions were made during 2021.

The Plan provides automatic enrollment for all new participants upon becoming eligible to participate in the Plan at a contribution rate of 8% of their eligible compensation, if no election or waiver is made by the participant. CBF employees who became part of the CentroMotion 401(k) Plan on August 2, 2021, are excluded from the automatic enrollment process. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common collective funds as investment options for participants.

CentroMotion 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, Company matching contributions, and allocations of (a) the Company's discretionary contributions, (b) Plan earnings or losses, and (c) forfeitures, and is charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Separate pre-tax and Roth contribution accounts are maintained for participants.

Vesting

Participants are immediately vested in their voluntary contributions and Company matching contributions plus actual earnings thereon. Vesting in a participant's allocation of Company discretionary contributions is based on years of service. Company discretionary contributions and their related earnings are fully vested after three years starting with 33% after the first year and an additional 33% each year thereafter.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a range of 4.25% to 6.50%, which is commensurate with prevailing rates. The notes are payable over a period not to exceed five years unless the note is used by the participant to acquire a principal residence which shall not exceed twenty years. Principal and interest are paid ratably through payroll deductions. In April 2020, the Plan adopted provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES act) which was signed into law on March 27, 2020. Under the CARES Act, the maximum loan amount was increased from \$50,000 to \$100,000 and suspended certain participant loan repayments.

Payment of Benefits

A participant's vested account generally becomes distributable upon the earliest occurrence of any of the following events (an event of maturity): (a) death, (b) voluntary or involuntary separation from service, (c) retirement, (d) attainment of age 59 ½, or (e) disability (as defined by the Plan). A participant's vested account may be distributed in cash or as a rollover into an IRA or another employer-sponsored plan. In addition, hardship distributions are permitted if certain criteria are met. Under the CARES act, the Plan allows individuals impacted by the coronavirus to withdraw up to \$100,000 from the Plan, with certain tax exceptions.

Forfeitures

Plan forfeitures may arise as a result of participants who terminate with the Company before becoming 100% vested in Company discretionary contributions. These forfeitures may be used to reduce Company contributions or may be used to pay administrative expenses in accordance with the Plan document.

CentroMotion 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Excess Contributions Payable

At December 31, 2021 and 2020, amounts payable to participants totaling \$92,610 and \$47,640 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants in 2022 and 2021, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

CentroMotion 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company.

Expenses that are paid by the Company are excluded from these financial statements. Expenses paid by the Plan are allocated proportionately to Plan participants based on their respective account balances.

Subsequent Events

The Company has evaluated subsequent events through July 28, 2022, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Company uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Company measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There were no Plan assets requiring the use of Level 3 as of December 31, 2021 and 2020.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Fair value for these investments is determined by the NAV based on the fair value of the underlying funds. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The funds do not require a redemption notice period for participants and allows participants to immediately redeem all or a portion of their investments. There are no unrecorded commitments.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 83,877,401	\$ -	\$ -	\$ 83,877,401
Investment assets measured at NAV				2,685,476
Total investment assets at fair value	\$ 83,877,401	\$ -	\$ -	\$ 86,562,877

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,360,464	\$ -	\$ -	\$ 32,360,464
Investment assets measured at NAV				1,834,441
Total investment assets at fair value	\$ 32,360,464	\$ -	\$ -	\$ 34,194,905

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price Trust Company (the "trustee"), through December 31, 2021.

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company discretionary contributions.

CentroMotion 401(k) Plan

Notes to Financial Statements

Note 7: Tax Status

The IRS has determined and informed the Company by a letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 8: Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by the trustee, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. In addition fees incurred and paid by the Plan for the investment management services are included in administrative expenses. These fees are not, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Notes receivable from the Plan's participants also qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.
