INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrators of the
American Behavioral Health Systems 401(k) Plan
Spokane Valley, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of American Behavioral Health Systems 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors’ Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the American Behavioral Health Systems 401(k) Plan (“the Plan”). As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

AMERICAN BEHAVIORAL HEALTH SYSTEMS 401(k) PLAN NOTES TO THE FINANCIAL STATEMENTS

For the Years Ended December 31, 2021 and 2020

Note 1 – Description of the Plan

The following description of the American Behavioral Health Systems 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution and profit-sharing plan, which became effective September 1, 2005 and was most recently restated effective January 1, 2019 to incorporate deferrals after hardship withdrawals. The Plan covers all employees of American Behavioral Health Systems, Inc. and Specialty Services II, LLC (together referred to as “the Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for oversight of the Plan.

Eligibility

Employees may enter the Plan on the first entry date immediately following the completion of one year of service and having attained age 21. A year of service for eligibility is a 12-month consecutive period during which the employee has 1,000 or more hours of service. Entry dates occur on the first day of each calendar month. Participants are eligible to receive safe harbor employer matching contributions if they have contributed to the Plan during the year, regardless of their hours of service or employment status at year-end. Participants with one year of service and having attained age 21 will be eligible for discretionary employer profit sharing contributions.

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation, as defined by the Plan document, up to the maximum amount allowed by laws promulgated by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer will make a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 4% of participant’s compensation. The Employer may make discretionary employer profit sharing contributions in an amount decided by the Employer. There were no discretionary employer profit sharing contributions made during the year ended December 31, 2021. The Employer’s contributions are invested as directed by the participant.

Participant Accounts

Each participant’s account is credited with the participant’s deferral contributions and the Employer’s safe harbor matching contributions, as well as earnings thereon. Participant accounts may be charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

AMERICAN BEHAVIORAL HEALTH SYSTEMS 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

For the Years Ended December 31, 2021 and 2020

Vesting

Participants are vested immediately in their deferral contributions and safe harbor employer matching contributions, plus actual earnings on those contributions, or upon death or permanent disability. Vesting in the discretionary employer profit sharing contribution is based on years of continuous service. A participant is 100% vested after six years of credited service. Participants also become fully vested in discretionary employer profit sharing contributions upon death or disability.

Notes Receivable from Participants

Participants may not borrow from their fund accounts.

Forfeitures

As of December 31, 2021 and 2020, the balance of non-vested account forfeitures was \$0. When forfeitures occur, the amounts are used to pay administrative expenses of the Plan. There were \$3,185 and \$4,078 of forfeitures applied to the Plan expenses during the years ended December 31, 2021 and 2020, respectively.

Benefit Payments

Normal retirement under the Plan occurs at age 65. Upon retirement or termination of employment, participation in the Plan will cease and benefits will be distributed according to provisions set forth in the Plan document. All vested account balances less than \$5,000 shall be distributed in a lump-sum payment or rolled over into another qualified plan, at the election of the Employer. Participants with vested account balances exceeding \$5,000 that have retired or terminated employment are not required to take a payout until reaching the age of 70½. In-service distributions may be made to current employees of the Employer provided the participant has attained age 59½. Hardship distributions of participants' pretax deferral and safe harbor employer contribution balances are allowable, if the participant has a qualifying hardship, as defined by the Plan document.

Termination of the Plan

Although it has not expressed intent to do so, the Employer has the right to discontinue its contributions at anytime and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and related disclosures. Actual results could differ from those estimates.

AMERICAN BEHAVIORAL HEALTH SYSTEMS 401(k) PLAN NOTES TO THE FINANCIAL STATEMENTS

For the Years Ended December 31, 2021 and 2020

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participant's compensation. Employer matching contributions are recorded in the same period as the participant's deferral being matched. Profit-sharing contributions are recorded in the period the related compensation was earned.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through July 28, 2022, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures* ("Topic 820"), provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted and observable quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are as follows:

- **Level 1** - Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- **Level 2** - Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly, including:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- **Level 3** - Unobservable inputs where there is little or no market data, which required the reporting entity to develop its own assumptions.

AMERICAN BEHAVIORAL HEALTH SYSTEMS 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

For the Years Ended December 31, 2021 and 2020

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual Funds - Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund - Valued at cost plus interest, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 1,337,615	\$ -	\$ -	\$ 1,337,615
Money Market Fund	83,132	-	-	83,132
	<u>\$ 1,420,747</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,420,747</u>
December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 1,265,299	\$ -	\$ -	\$ 1,265,299
Money Market Fund	343,307	-	-	343,307
	<u>\$ 1,608,606</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,608,606</u>

Note 4 – Related-Party and Party-in-Interest Transactions

Certain investments of the Plan are shares of mutual funds managed by Reliance Trust Company or its affiliates. Reliance Trust Company is the Plan's custodian. Purchases and sales of shares of these mutual funds qualify as exempt party-in-interest transactions.

Note 5 – Information Prepared and Certified by the Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including investments held at December 31, 2021 and 2020, as well as net appreciation of fair value of investments and dividend income for the year ended December 31, 2021, was obtained or derived from information supplied by the Employer and certified as complete and accurate by Reliance Trust Company (the custodian of the Plan).

AMERICAN BEHAVIORAL HEALTH SYSTEMS 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

For the Years Ended December 31, 2021 and 2020

Note 6 – Tax Status

The Plan uses a pre-approved plan document sponsored by Randall & Hurley Inc. which received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:
