Independent Auditor's Report

To the Plan Administrator
NGP Management, LLC 401(k) Plan
North Reading, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NGP Management, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

NGP Management, LLC (referred to as the “Company” or “Employer”) established the NGP Management, LLC 401(k) Plan (the “Plan”) effective January 1, 1999. The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more comprehensive description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees (except union employees, nonresident aliens, leased employees, and independent contractors) of the Company who have reached the age of 21 and have completed one year of service with the Employer, during which 1,000 hours of service were completed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The plan administrator, who is appointed by the plan sponsor’s 401(k) plan committee, has contracted with Reliance Trust Company (“Reliance”) to hold the Plan’s assets and execute investment transactions.

Participant Contributions

The Company allows eligible employees to contribute any whole percentage (in 1% increments) of their compensation, subject to the Internal Revenue Code (“IRC”) limitation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (“rollovers”). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company provides a non-elective safe harbor matching contribution equal to 100% of the first 3% of compensation and 50% of the next 2% of compensation that a participant contributes to the Plan. The Company may make an additional annual discretionary profit sharing contribution in an amount to be determined by the Company. During the year ended December 31, 2021, the Company did not make a discretionary profit sharing contribution to the Plan. Contributions are subject to certain IRC limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contribution, (b) plan earnings, and (c) plan expenses. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions and the Company’s safe harbor matching contributions plus actual earnings thereon.

NGP Management, LLC 401(k) Plan

Notes to Financial Statements

The Employer's discretionary profit sharing contributions made to each participant's account are subject to vesting requirements. The Employer's discretionary profit sharing contributions vest in accordance with the following schedule:

<i>Years of Service</i>	<i>Vesting Percentage</i>
Less than two years	0%
Less than three years and more than two years	20%
Less than four years and more than three years	40%
Less than five years and more than four years	60%
Less than six years and more than five years	80%
Six years or more	100%

In the event of death, permanent disability, or retirement, a participant's employer contribution account becomes fully vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates between 4.25% and 6.50%, which is commensurate with local prevailing interest rates, as determined by the plan administrator. Principal and interest are paid weekly through payroll deductions over a maximum term of five years.

Payment of Benefits

The Plan allows benefits to be paid in the form of one lump-sum cash payment or in partial withdrawals. Upon termination for any reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant has \$5,000 or more in their account, he or she may elect to maintain the account after separation from the Company. The Plan includes provisions that allow the plan administrator to distribute the balance of a participant's account into an IRA account without consent if the terminated participant maintains a balance equal to or less than \$5,000. Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.

Forfeitures

A participant who leaves the Company forfeits any non-vested balances. The Plan uses such forfeitures to reduce future Employer's profit sharing contributions. There was no outstanding balance in the forfeitures account at December 31, 2021 and 2020. During the year ended December 31, 2021, there were no forfeitures available to be utilized to reduce profit sharing contributions.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

NGP Management, LLC 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements, in accordance with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, with the exception of fully-benefit responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Reliance. See Note 4 for discussion of fair value measurements.

The Plan's fully-benefit responsive investment contract with Transamerica Life Insurance Company ("Transamerica") (Note 5) is valued at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals and expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's net gains and losses on investments bought and sold, as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. See Note 6. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 28, 2022, which is the date the financial statements were available to be issued. Effective January 1, 2022, the plan documents were restated.

NGP Management, LLC 401(k) Plan

Notes to Financial Statements

3. Certified Information

Certain information, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, other income, and interest on notes receivable from participants, for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance. The contract value of the investment contract with the insurance company was also certified by Transamerica.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include:
---------	--

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

NGP Management, LLC 401(k) Plan

Notes to Financial Statements

These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>Investments at fair value as of December 31, 2021</i>	Level 1
--	---------

Mutual Funds	\$ 16,784,606
---------------------	---------------

<i>Investments at fair value as of December 31, 2020</i>	Level 1
--	---------

Mutual Funds	\$ 13,959,467
---------------------	---------------

5. Investment Contract with Transamerica

The Plan entered into a fully-benefit responsive investment contract with Transamerica. Transamerica maintains the contributions in a group annuity contract. The account is credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that adjusts monthly. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan's documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

This contract meets the fully-benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NGP Management, LLC 401(k) Plan

Notes to Financial Statements

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Transamerica and Reliance; therefore, these transactions qualify as party-in-interest transactions. As described in Note 2, the Plan made direct payments to the third-party administrator of \$71,893, which was not covered by revenue sharing. Notes receivable from participants also qualify as party-in-interest transactions.

Transamerica provides certain administrative services to the Plan pursuant to a services agreement between the Company and Transamerica. Transamerica receives revenue from mutual fund service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan.

If the revenue received by Transamerica from such mutual fund service providers exceeds the amount owed under the services agreement, Transamerica remits the excess to the Plan's account on an annual basis equal to 0.20% of the total net assets available for benefits. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. At December 31, 2021 and 2020, there was an excess of \$21,181 and \$7,840, respectively, which is included in other assets on the statements of net assets available for benefits. The Plan or Company may make a payment to Transamerica for administrative expenses not covered by revenue sharing. During the year ended December 31, 2021, \$25,000 of investment fees were covered by revenue sharing. This is included in the net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts, and plan assets shall be distributed in accordance with the terms of the Plan.

8. Tax Status

The Company adopted a Volume Submitter Profit Sharing Plan ("VSPS Plan") with CODA sponsored by Transamerica Retirement Solutions Corporation. The Internal Revenue Service ("IRS") has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated March 31, 2014, that the VSPS Plan is designed in accordance with applicable sections of the IRC. The VSPS Plan's opinion letter is being relied on by the Plan. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NGP Management, LLC 401(k) Plan

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2021 and 2020, one investment comprised 23% of total net assets available for benefits.
