Independent Auditors' Report

To the Trustees of
Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements
We have performed an audit of the financial statements of Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

mazars

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters
2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements
We were engaged to audit the 2020 financial statements of Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan

Notes to Financial Statements
Years Ended December 31, 2021 and 2020

1. Description of Plan Provisions

The following description of the Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan provides only general information. Participants should refer to the Ulta Salon Cosmetic & Fragrance 401(k) Retirement Plan (the "Plan") agreement for a more complete description of the Plan's provisions.

General
Effective June 1, 2006, the Plan adopted prototype Plan documents sponsored by Fidelity Management & Research Company ("Fidelity"). The Plan was amended and restated effective January 1, 2019 to a safe-harbor Plan. The Plan is a defined-contribution Plan sponsored by Ulta Beauty, Inc. and participating affiliated employers (collectively, the "Company" or "Employer") covering all employees who are not covered by a collective bargaining agreement and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Company is the Plan sponsor and administrator. The Fidelity Management Trust Company (the "Trustee") serves as the trustee and third-party administrator of the Plan. All investments are self-directed by Plan participants. All administrative expenses are paid by the Plan to the extent not paid by the Company.

Participant Contributions
Participants may elect to make deferral contributions from their total eligible compensation. All deferral contributions are made from pretax earnings through salary reductions and are subject to certain Internal Revenue Code limitations. These contributions are not subject to federal income tax until withdrawn. The Plan also accepts rollovers from other employer qualified retirement plans or from qualified individual retirement accounts.

Employer Contributions
The Company, as part of a safe harbor matching program, contributes 100% of the first 3% and 50% of the next 2% of a participant's eligible compensation.

Participant Accounts
Each participant's account is credited with their contributions, employer contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately 100% vested in their rollover contributions, qualified non-elective contributions, deferral contributions, safe harbor matching employer contributions and any earnings thereon.

Payment of Benefits
Upon termination of service, death, disability or retirement, a participant may receive a lump-sum payment equal to the vested balance of his or her account. In-service distributions may be made from a participant's vested account at any time after attainment of age 59½. Hardship withdrawals are also permitted if certain criteria are met. The Plan allowed for a coronavirus-related distribution from March 27, 2020 to December 31, 2020 up to the lesser of $100,000 of the participants vested balance in the Plan. A coronavirus-related distribution may be repaid in one or more contributions over a three-year period beginning on the date that the distribution was received.

Forfeitures
Forfeited balances of terminated participants are used to pay administrative expenses or used to offset future Employer contributions. During 2021, $11,600 of Employer contributions were paid from forfeited nonvested accounts. Unallocated forfeitures were $415,715 and $158,307 at December 31, 2021 and 2020, respectively.

Notes Receivable from Participants
Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balances. Loan terms range from one to five years. Loans for a principal residence may have loan terms from one to ten years. Participant loans are valued at amortized cost plus accrued bonus but unpaid interest as of both December 31, 2021 and 2020. The loans are secured by the balance in the participant's vested account and bear interest at the rate in effect on the issuance date of the loan as determined by the Plan administrator. As of December 31, 2021, the interest rate on current loans outstanding ranges from 3.25% to 5.50% per annum. Principal and interest are paid ratably through periodic payroll deductions. A participant who satisfied the eligibility requirements for a coronavirus-related loan may delay repayments of a new or existing loan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Investment Programs
Upon enrollment in the Plan, a participant may direct employee contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time. The participants currently have 21 investment options available.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts and shall be entitled to a distribution of their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions by Plan management that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Fees
Recordkeeping fees are paid by the Plan. Certain other fees are paid by the Company. Loan fees are paid by participants.

Subsequent Events
The Plan has evaluated subsequent events through August 2, 2022, which is the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these Financial Statements.

3. Risks and Uncertainties

The Plan invests in various investment securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

4. Information Certified by the Trustee

The following is a summary of the information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the Trustee at December 31, 2021 and 2020, is as follows:

	2021	2020
Registered investment companies	$ 328,744,273	$ 262,271,579
Money market fund	6,302,979	6,217,795
Notes receivable from participants	6,262,748	6,571,695
	$ 341,310,000	$ 275,061,069

The following was also certified by the Trustee for the year ended December 31, 2021:

Net appreciation in fair value of investments	$ 32,356,721
Interest and dividends	$ 9,871,131
Interest from notes receivable from participants	$ 256,650

5. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosure* ("ASC Topic 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets; and
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Shares of registered investment companies are valued using quoted market prices in an active market.
- Money market fund is valued at the cost plus accrued interest, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies at December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered investment company shares	$ 328,744,273	$ -	$ -	$ 328,744,273
Money market fund	6,302,979	-	-	6,302,979
	$ 335,047,252	$ -	$ -	$ 335,047,252

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Registered investment company shares	$ 262,271,579	$ -	$ -	$ 262,271,579
Money market fund	6,217,795	-	-	6,217,795
	$ 268,489,374	$ -	$ -	$ 268,489,374

6. Tax Status

The Plan is a nonstandardized prototype Plan sponsored by Fidelity. Fidelity has obtained an opinion letter on the Plan dated June 30, 2020 stating that the form of the Plan is acceptable under Section 401(a) of the Internal Revenue Code. The Plan administrator and the Plan may rely on the opinion letter received by Fidelity as to the form of the Plan qualifying under the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan's management and its tax council have analyzed the tax positions taken by the Plan, and have concluded that as of both December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are

currently no audits for any tax periods in progress. The Plan's management and its tax counsel believe it is no longer subject to income tax examinations for the years prior to 2018.

7. Party-in-Interest Transactions

Plan investments are held by Fidelity Management Trust Company. The Fidelity Management Trust Company is the trustee, as defined by the Plan, and therefore, qualifies as a party-in-interest. Fidelity also performs administrative and recordkeeping services for the Plan. The administrative fees paid to Fidelity were $846,666 for the year ended December 31, 2021.

Independent Auditors' Report

To the Trustees of
Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements
We have performed an audit of the financial statements of Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

mazars

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters
2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements
We were engaged to audit the 2020 financial statements of Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan

Notes to Financial Statements
Years Ended December 31, 2021 and 2020

1. Description of Plan Provisions

The following description of the Ulta Salon Cosmetics & Fragrance 401(k) Retirement Plan provides only general information. Participants should refer to the Ulta Salon Cosmetic & Fragrance 401(k) Retirement Plan (the "Plan") agreement for a more complete description of the Plan's provisions.

General
Effective June 1, 2006, the Plan adopted prototype Plan documents sponsored by Fidelity Management & Research Company ("Fidelity"). The Plan was amended and restated effective January 1, 2019 to a safe-harbor Plan. The Plan is a defined-contribution Plan sponsored by Ulta Beauty, Inc. and participating affiliated employers (collectively, the "Company" or "Employer") covering all employees who are not covered by a collective bargaining agreement and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Company is the Plan sponsor and administrator. The Fidelity Management Trust Company (the "Trustee") serves as the trustee and third-party administrator of the Plan. All investments are self-directed by Plan participants. All administrative expenses are paid by the Plan to the extent not paid by the Company.

Participant Contributions
Participants may elect to make deferral contributions from their total eligible compensation. All deferral contributions are made from pretax earnings through salary reductions and are subject to certain Internal Revenue Code limitations. These contributions are not subject to federal income tax until withdrawn. The Plan also accepts rollovers from other employer qualified retirement plans or from qualified individual retirement accounts.

Employer Contributions
The Company, as part of a safe harbor matching program, contributes 100% of the first 3% and 50% of the next 2% of a participant's eligible compensation.

Participant Accounts
Each participant's account is credited with their contributions, employer contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately 100% vested in their rollover contributions, qualified non-elective contributions, deferral contributions, safe harbor matching employer contributions and any earnings thereon.

Payment of Benefits
Upon termination of service, death, disability or retirement, a participant may receive a lump-sum payment equal to the vested balance of his or her account. In-service distributions may be made from a participant's vested account at any time after attainment of age 59½. Hardship withdrawals are also permitted if certain criteria are met. The Plan allowed for a coronavirus-related distribution from March 27, 2020 to December 31, 2020 up to the lesser of $100,000 of the participants vested balance in the Plan. A coronavirus-related distribution may be repaid in one or more contributions over a three-year period beginning on the date that the distribution was received.

Forfeitures
Forfeited balances of terminated participants are used to pay administrative expenses or used to offset future Employer contributions. During 2021, $11,600 of Employer contributions were paid from forfeited nonvested accounts. Unallocated forfeitures were $415,715 and $158,307 at December 31, 2021 and 2020, respectively.

Notes Receivable from Participants
Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balances. Loan terms range from one to five years. Loans for a principal residence may have loan terms from one to ten years. Participant loans are valued at amortized cost plus accrued bonus but unpaid interest as of both December 31, 2021 and 2020. The loans are secured by the balance in the participant's vested account and bear interest at the rate in effect on the issuance date of the loan as determined by the Plan administrator. As of December 31, 2021, the interest rate on current loans outstanding ranges from 3.25% to 5.50% per annum. Principal and interest are paid ratably through periodic payroll deductions. A participant who satisfied the eligibility requirements for a coronavirus-related loan may delay repayments of a new or existing loan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Investment Programs
Upon enrollment in the Plan, a participant may direct employee contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time. The participants currently have 21 investment options available.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts and shall be entitled to a distribution of their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions by Plan management that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Fees
Recordkeeping fees are paid by the Plan. Certain other fees are paid by the Company. Loan fees are paid by participants.

Subsequent Events
The Plan has evaluated subsequent events through August 2, 2022, which is the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these Financial Statements.

3. Risks and Uncertainties

The Plan invests in various investment securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

4. Information Certified by the Trustee

The following is a summary of the information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the Trustee at December 31, 2021 and 2020, is as follows:

	2021	2020
Registered investment companies	$ 328,744,273	$ 262,271,579
Money market fund	6,302,979	6,217,795
Notes receivable from participants	6,262,748	6,571,695
	$ 341,310,000	$ 275,061,069

The following was also certified by the Trustee for the year ended December 31, 2021:

Net appreciation in fair value of investments	$ 32,356,721
Interest and dividends	$ 9,871,131
Interest from notes receivable from participants	$ 256,650

5. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosure* ("ASC Topic 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets; and
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Shares of registered investment companies are valued using quoted market prices in an active market.
- Money market fund is valued at the cost plus accrued interest, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies at December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Registered investment company shares	$ 328,744,273	$ -	$ -	$ 328,744,273
Money market fund	6,302,979	-	-	6,302,979
	$ 335,047,252	$ -	$ -	$ 335,047,252

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Registered investment company shares	$ 262,271,579	$ -	$ -	$ 262,271,579
Money market fund	6,217,795	-	-	6,217,795
	$ 268,489,374	$ -	$ -	$ 268,489,374

6. Tax Status

The Plan is a nonstandardized prototype Plan sponsored by Fidelity. Fidelity has obtained an opinion letter on the Plan dated June 30, 2020 stating that the form of the Plan is acceptable under Section 401(a) of the Internal Revenue Code. The Plan administrator and the Plan may rely on the opinion letter received by Fidelity as to the form of the Plan qualifying under the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan's management and its tax council have analyzed the tax positions taken by the Plan, and have concluded that as of both December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are

currently no audits for any tax periods in progress. The Plan's management and its tax counsel believe it is no longer subject to income tax examinations for the years prior to 2018.

7. Party-in-Interest Transactions

Plan investments are held by Fidelity Management Trust Company. The Fidelity Management Trust Company is the trustee, as defined by the Plan, and therefore, qualifies as a party-in-interest. Fidelity also performs administrative and recordkeeping services for the Plan. The administrative fees paid to Fidelity were $846,666 for the year ended December 31, 2021.
