INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Martel Construction 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Martel Construction 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Martel Construction 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing our audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Martel Construction 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

Auditor's Responsibilities for the 2021 Financial Statements (Continued)

In performing our audit in accordance with generally accepted auditing standards, we:

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Martel Construction 401(k) Plan's ability to continue as a going concern for a reasonable amount of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters

2021 Supplemental Schedules Required by ERISA (Continued)

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule relates to assets held by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 Financial Statements of the Martel Construction 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for opinion and accordingly, we did not express an opinion on the 2020 Financial Statements, and (b) the form and content of the information included in the 2020 Financial Statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MARTEL CONSTRUCTION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Martel Construction 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was originally effective on January 1, 1993, and has subsequently been amended and restated to conform the Plan to new tax laws. Effective January 1, 2016, the Plan was amended to meet the current requirements of the Pension Protection Act.

Effective October 1, 2018, the Plan was amended to include that an employee must satisfy a 90 day waiting period before they are eligible to participate in the Plan. Effective January 1, 2019, the Plan was amended to allow automatic enrollment and automatic escalation. Each employee shall be deemed to make a pre-tax contribution of five percent per pay period after satisfying the 90 day waiting period. The automatic deferral provision applies to all newly eligible participants and all other currently eligible participants who have not made a salary deferral election. An automatic one percent increase to the salary deferral election will occur annually up to a maximum of ten percent.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Martel Construction, Inc. As such, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Plan Administration

The administration of the Plan is the responsibility of the Plan Sponsor. All money that is contributed to the Plan is held for the benefit of the participants.

Contributions

Each year, participants may contribute a percent of pre-tax elective deferrals and post-tax Roth elective deferrals into the Plan. Participants can contribute up to 100% of qualified compensation (subject to the maximum limits set by the Internal Revenue Service). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from certain other qualified retirement plans. Rollover contributions were \$223,327 and \$52,553 for the years ended December 31, 2021 and 2020, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan.

Martel Construction, Inc. made no matching contributions or profit sharing contributions to the Plan for the years ending December 31, 2021 or 2020.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1-5 years or a longer reasonable period of time no greater than 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates are prime plus 2%. Principal and interest are paid ratably through payroll deductions.

MARTEL CONSTRUCTION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions and Davis-Bacon contributions plus actual earnings thereon. Vesting in the employer matching or the Company's profit sharing contribution portions of their accounts are based on years of continuous service. A participant is 20% vested after two years of covered service and vesting increases 20% for each year of covered service thereafter. A participant is 100% vested after six years of covered service.

Payment of Benefits

On termination of service a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Additionally, a participant may elect to receive partial installment distributions over a specified period of time not to exceed the life expectancy of the participant.

Forfeited Accounts

Nonvested forfeited accounts may be used to reduce future employer contributions. There were no forfeitures for the years ending December 31, 2021 or 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MARTEL CONSTRUCTION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount the participant would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements are prepared on the contract value basis for fully benefit-responsive investment contracts.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the loan is reclassified as a distribution based upon the terms of the Plan document.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Martel Construction, Inc. Expenses that are paid by Martel Construction, Inc. are excluded from these financial statements.

Benefit Payments

Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment information disclosed in the accompanying financial statements and schedule including investments held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, dividends, and gains on sales of assets for the years then ended were obtained or derived from information supplied to the Plan administration and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians.

Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the independent public accountants, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule:

	<u>2021</u>	<u>2020</u>
Investments	\$ 7,360,960	\$ 6,926,711
Net appreciation in value of investments	595,516	644,902
Interest and dividends	265,460	125,525

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the “Fair Value Measurements” under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include (a) quoted market prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted market prices that are observable for the asset or liability, or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2021				
Registered investment companies	\$ 5,576,621	\$ -	\$ -	\$ 5,576,621
Total investments at fair value	<u>\$ 5,576,621</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,576,621</u>
December 31, 2020				
Registered investment companies	\$ 4,553,604	\$ -	\$ -	\$ 4,553,604
Total investments at fair value	<u>\$ 4,553,604</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,553,604</u>

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan maintains two fully benefit-responsive guaranteed investment contracts with Great-West Life & Annuity Insurance Company. The accounts are credited with all contributions made by or on behalf of the participants, all interest credited to the fixed accounts on an annual effective basis pursuant to the guaranteed interest rate applicable, any amounts transferred or distributed from the accounts and applicable charges and fees. The contracts are included in the financial statements at contract value as reported to the Plan by Empower Retirement. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts were \$1,784,339 and \$2,373,107 for the years ended December 31, 2021 and 2020, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed for resetting. The average yields earned by the fixed annuity investment contract were 1.85% and 1.98% for the years ended December 31, 2021 and 2020, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from Plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. Such events also include: (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete Plan termination; or (3) Plan disqualification.

MARTEL CONSTRUCTION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan paid service provider fees of \$11,038 and \$11,381 to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC as of December 31, 2021 and 2020, respectively. Additionally, the Plan paid investment advisor fees of \$16,945 and \$15,419 as of December 31, 2021 and 2020, respectively.

7. TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Since then, the Plan has been amended, however, the Plan administrator and the Plan trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participant accounts will become 100% vested in employer contributions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

Effective May 1, 2022, the Plan was restated pursuant to the cycle three restatement period and includes an addendum intended as a good faith effort to comply with the requirements of the Further Consolidated Appropriations Act, including the SECURE Act provisions, the Coronavirus, Aid, Relief and Economic Security (CARES) Act and the Consolidated Appropriations Act.

Management has evaluated subsequent events through July 29, 2022, the date the financial statements were available to be issued. Management determined there were no other subsequent events that required reporting in the financial statements.
