INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Godbersen-Smith Construction Company 401(k) Profit Sharing Plan
Ida Grove, Iowa 51445

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Godbersen-Smith Construction Company 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Godbersen-Smith Construction Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Godbersen-Smith Construction Company 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Godbersen-Smith Construction Company 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Godbersen-Smith Construction Company 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Godbersen-Smith Construction Company 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 3, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GODBERSEN-SMITH CONSTRUCTION COMPANY
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

A. DESCRIPTION OF THE PLAN

The following brief description of the Godbersen-Smith Construction Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Godbersen-Smith Construction Company and Subsidiaries ("the Company") who are at least 19 years old and who have completed six (6) months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan.

Participant Accounts. Each participant in the Plan has individual account balances representing their interest in the Plan. Additions to each account include 1) employee elective deferrals; 2) matching contributions; 3) investment income earned on each individual's account balance; and 4) forfeitures by employees who have left the Plan prior to becoming fully vested. Accounts are charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participating earnings or account balances, as defined. Discretionary contributions and profit sharing forfeitures are used to reduce trust fees. Employer match forfeitures are allocated to each participant on the basis of the participant's match. Investment income is added to each participant's account based on the investment performance of the fund in which the participant is invested. The Plan provides for all investments of employee elective deferrals, employer matching contributions and discretionary contributions to be self-directed by the participant. Participants are permitted to make rollover transfers from other qualified plans. Normal retirement age is the date the participant attains his/her 65th birthday. The participant can receive his/her account balance under two methods, 1) a lump-sum distribution of the full amount; or 2) periodic payments of substantially equal amounts until the balance is depleted. At December 31, 2021 and 2020, benefits to be paid in a subsequent year for employees who have left the Plan totaled \$5,675,368 and \$4,753,273, respectively.

Contributions. Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Additionally, the Plan provides for voluntary after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Contributions are subject to certain statutory limits.

A. DESCRIPTION OF THE PLAN (Continued)

Matching Contributions. The employer makes matching contributions equal to 50 percent of the participants' salary reductions limited to a maximum match of 3.75%.

Vesting. Participants are immediately vested in their elective deferrals plus actual earnings thereon. Employees become fully vested in their allocated matching and discretionary contributions after five years of service. To receive credit for a year of service, the employee must work 1,000 hours. However, the hours of service requirement is waived if the employee terminates employment on account of death, disability, or if the participant has attained normal retirement age.

Payment of Benefits. Any benefits provided by the Plan are paid from net assets available for benefits. The benefit to which a Plan member is entitled is the benefit (based on the Plan's vesting schedule) that can be provided by the contributions and income thereon allocated to such member's account. Upon disability, retirement, death or termination, the participant or beneficiary may elect to receive either a lump sum or installment payments equal to the value of the participant's vested interest in his or her account. In the event an employee terminates participation in the Plan with a vested balance less than \$1,000 and he/she does not complete a distribution request, the vested balance is automatically distributed as a lump-sum payment. If the terminated participant's vested balance is between \$1,000-\$5,000 and he/she does not complete a distribution request, the balance is automatically rolled over into an Individual Retirement Account (IRA). In the event an employee terminates participation in the Plan, the non-vested contributions and allocated income are allocated to remaining active participants as an additional matching contribution. The Plan also permits in-service distributions for those participants who have reached the age of 70½.

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, any adjustments necessary to properly reflect any unallocated funds (e.g., contributions, realized and unrealized gains and losses, etc.) since the last valuation date must be made. Any amounts then credited to the accounts of the participants shall become fully vested and non-forfeitable. Distribution to participants of their account balances would then be made in a lump sum as soon as practicable after the termination date.

Forfeited Accounts. The profit sharing portion of forfeitures is used to reduce trust fees. The employer match portion of forfeitures is reallocated as additional matching contributions to active participants.

During 2021, participants and/or beneficiaries received the vested portions of their accounts. The remaining non-vested portion of \$39,559 was forfeited and will be reallocated during 2022 and future years to remaining participants.

A. DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts (Continued). During 2020, participants and/or beneficiaries received the vested portions of their accounts. The remaining non-vested portion of \$43,770 was forfeited and was reallocated during 2021 to remaining participants.

A total of \$40,053 and \$43,875 of unallocated assets were held by the Plan at December 31, 2021 and 2020, respectively, and will be used as additional matching contributions to active participants in accordance with Plan provisions.

Investment Options. A participant may direct account balances, regardless of source, to any of several stock mutual funds, bond mutual funds, balanced mutual funds, and a common collective trust offered by the Plan. Participants may change their investment elections at any time via telephone or on-line.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan terms are up to five years unless the purpose is for the purchase of a primary residence, which term shall not exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at a "prime rate" of interest reported by the Wall Street Journal as of the date of the participant's loan, plus two percent. Interest rates ranged from 4.25 to 10.25 percent in 2021 and 2020. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants totaling \$414,583 and \$435,894 were outstanding at December 31, 2021 and 2020, respectively.

During the prior year, the Plan adopted the provisions of the Coronavirus Aid, Relief and Economic Security ("CARES") Act. Under these provisions, for eligible participants, the loan limit was raised to the lesser of \$100,000 and 100 percent of a participant's vested balance, applicable to loans taken between March 27 and September 22, 2020. In addition, eligible participants had the option to defer loan repayment. Payments scheduled to occur between March 27 and December 31, 2020 were eligible for suspension. See *Plan Amendments* discussion below for details on the formal amendment in process.

Discretionary Contributions. Contributions to the Plan are at the discretion of the participating employer. Allocation of the contributions to the participants' accounts is made based upon eligible compensation. No discretionary contribution was made for the years ended December 31, 2021 and 2020.

A. DESCRIPTION OF THE PLAN (Continued)

Hardship Distributions. Participants may withdraw money on account of financial hardship when the distribution is not in excess of the amount of the participant's immediate and heavy financial need. The Plan adopted the changes to hardship requirements as amended by the Bipartisan Budget Act of 2018 effective January 1, 2019, while the formal Plan amendment regarding such was effective May 6, 2021 (see *Plan Amendments* discussion below). The hardship distribution may be requested from the vested portion of participant contributions, employer contributions and earnings on participant contributions. The payment may only be made for the following: medical care expenses; purchase of a principal residence; tuition/related education fees for the participant, spouse, or dependent; avoidance of eviction from principal residence or foreclosure on principal residence mortgage; burial or funeral expense for the participant's deceased parent, spouse, children or dependents; or repair of damage to the participant's principal residence. The hardship distribution reduces the value of benefits a participant receives upon termination of employment or other event entitling the participant to distribution.

Plan Amendments. The Plan was restated effective May 6, 2021 in conjunction with the IRS Cycle 3 restatement process. This amendment included the adoption of revised hardship provisions including 1) removal of 6-month freeze of deferrals subsequent to hardship withdrawal, and 2) removal of requirement to obtain a loan prior to a hardship distribution.

During 2020, the Plan adopted the provisions of the Coronavirus Aid, Relief and Economic Security ("CARES") Act. These provisions affected participant loans as described previously in the "Notes Receivable from Participants" section above. In addition, the Act allowed "coronavirus-related distributions" from March 27 through December 31, 2020. These distributions were available to eligible participants who could request a distribution of up to \$100,000 that was exempt from the typical 10% penalty tax on premature distributions, regardless of the participant's age. Also, although the distribution was subject to ordinary income tax, the taxable amount could be spread equally by the participant as part of their individual tax filings over a consecutive three-year period. The participant has the option to repay the distribution within three years, though doing so is not required. The Plan has not been formally amended for the adoption of these provisions, but this will be executed by the required date of December 31, 2022.

Recent Accounting Pronouncements. In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, Codification Improvements, which makes changes to a variety of topics to clarify, correct errors in, or make minor improvements to the Accounting Standards Codification (ASC). The portion of ASU 2018-09 that is most applicable to the Plan relates to the method used to determine fair value for certain investments.

A. DESCRIPTION OF THE PLAN (Continued)

Recent Accounting Pronouncements (Continued). The effective date of this update is fiscal years beginning after December 15, 2019 with early adoption permitted. The Plan adopted the applicable provisions of ASU 2018-09 for the Plan year beginning January 1, 2020. The adoption did not have a material impact on the financial statements.

In August 2018, FASB issued ASU 2018-13, Fair Value Measurement – Disclosure Framework (Topic 820). The updated guidance improves the disclosure requirements for fair value measurements.

The effective date of this update is fiscal years beginning after December 15, 2019, with early adoption permitted. The Plan adopted the applicable provisions of ASU 2018-13 for the Plan year beginning January 1, 2020. The adoption did not have a material impact on the financial statements.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. Administrative Expenses

The administrative expenses for the services provided by the Plan administrator are absorbed by the employer and are therefore excluded from these financial statements. The Plan is charged a quarterly trustee fee for fund monitoring, which is based on the market value of the Plan's assets. These fees are accumulated in the Statements of Changes in Net Assets Available for Benefits. Fees for the administration of notes receivable from participants are included in Loan Fees on the Statements of Changes in Net Assets Available for Benefits and charged directly to the participant's account.

4. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements. If available, quoted market prices are used to value investments.

DECEMBER 31, 2021 AND 2020

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Investment Valuation and Income Recognition (Continued)

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of its investments which consists of the realized gains or losses on investments bought and sold as well as held during the year and the unrealized appreciation on those investments. Investment related expenses are included in the net appreciation in the fair value of its investments.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Reinvested dividends in mutual funds have been included in the caption "Dividends" in the accompanying Statements of Changes in Net Assets Available for Benefits. Reinvested dividends amounted to \$5,211,062 and \$3,204,193 for 2021 and 2020, respectively.

5. Payment of Benefits

Benefits are recorded when paid.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in Loan Fees when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for loan losses is accrued since participant loans are required to be repaid via payroll deduction, therefore there is little risk of loan default.

C. TAX STATUS

The Plan is designed to be in compliance with the provisions of the Employee Retirement Income Security Act of 1974 and related regulations. The United States Treasury Department has advised that the Plan and any amendments thereto constitutes a qualified trust under Section 401(a) of the Internal Revenue Code and is therefore exempt from Federal income taxes under the provisions of Section 501(a).

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

C. TAX STATUS (Continued)

The Plan has no federal or state tax examinations currently in process. As required by accounting principles generally accepted in the United States of America, management has evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that would require recognition in the financial statements.

D. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and dividends for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Trust Company, LLC (the trustee of the Plan). Accordingly, Great-West Trust Company, LLC has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	<u>2021</u>	<u>2020</u>
Participant Directed Investments, at fair value	\$ 66,757,925	\$ 59,764,631
Notes Receivable from Participants, at unpaid principal balance plus accrued interest	414,583	435,894
Net Appreciation in Fair Value of Investments	2,807,803	5,207,873
Dividends	5,210,673	3,204,193
Interest on Notes Receivable from Participants	20,846	24,308

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for limited procedures on the participant loan balances and comparing such information to the related information included in the financial statements and supplemental schedule.

E. FAIR VALUE MEASUREMENTS

A framework for measuring fair value has been established which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

E. FAIR VALUE MEASUREMENTS (Continued)

(level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at NAV. The individual holdings in the funds are publicly traded on major market exchanges, and their end of day price and total shares held are used to determine each fund's total market value. None of these funds have a finite life or unfunded commitments related to this type of investment. The Wells Fargo Stable Return Fund seeks to provide investors with a moderate level of stable income without principal volatility, and allows for redemption following a 12-month notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with market participants, the use of

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 62,226,918	\$ -	\$ -	\$ 62,226,918
Total Investments at Fair Value	\$ 62,226,918	\$ -	\$ -	\$ 62,226,918

Investments measured at Net Asset Value (NAV) at December 31, 2021 were \$4,531,007.

December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 54,899,538	\$ -	\$ -	\$ 54,899,538
Total Investments at Fair Value	\$ 54,899,538	\$ -	\$ -	\$ 54,899,538

Investments measured at Net Asset Value (NAV) at December 31, 2020 were \$4,865,093.

The Plan's policy is to recognize transfers into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2021 and 2020, there were no transfers into or out of Level 3.

F. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

G. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan receives custodial services from Great-West Trust Company, LLC, the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Great-West Life & Annuity Insurance for recordkeeping fees of \$177,874 and \$142,434, respectively, during the Plan years ended December 31, 2021 and 2020. The Plan also made direct payments to Envestnet Retirement Solutions, LLC of \$24,926 and \$21,258, respectively, for investment fiduciary services, and \$6,231 and \$4,919, respectively, to the Plan's investment advisor, Northwestern Mutual Wealth Management Company for investment advisory services during the Plan years ended December 31, 2021 and 2020. Indirect fees of \$63,458 and \$50,694 were paid during the years ended December 31, 2021 and 2020, respectively, to US Bancorp Investments, Inc. for brokerage and advisory services. Certain administrative fees related to the administration of the Plan were paid by the employer. These transactions also qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.
