INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
University at Buffalo Surgeons, Inc. 403(b) Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of University at Buffalo Surgeons, Inc. 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of University at Buffalo Surgeons, Inc. 403(b) Plan (the "Plan") and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University at Buffalo Surgeons, Inc. 403(b) Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University at Buffalo Surgeons, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University at Buffalo Surgeons, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and of assets (held at end of year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of University at Buffalo Surgeons, Inc. 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UNIVERSITY AT BUFFALO SURGEONS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2021 AND 2020 AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. PLAN DESCRIPTION

The following is a brief description of the University at Buffalo Surgeons, Inc. 403(b) Plan (the “Plan”) provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan sponsored by University at Buffalo Surgeons, Inc. (“Plan Sponsor”). The Plan operates under Section 403(b) of the Internal Revenue Code (“IRC”). The Plan was established January, 1, 2003 and restated January 1, 2009. The purpose of the Plan is to provide retirement benefits for participating employees. The Plan is funded by participant contributions and covers all employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Upon date of hire, participants may elect to contribute up to 100% of their eligible Plan defined compensation, on a pre-tax or Roth basis, limited to the IRC maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are participant directed and increased by participant contributions, and the participant’s share of plan earnings (allocated daily). Participant accounts are decreased by the participant’s distributions and the participant’s share of plan expenses and losses. The allocation of earnings and losses is based upon the value of an individual account in relation to the total assets of the Plan.

Vesting – Participants are fully vested in their account balances at all times.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000. The notes are secured by the balance in the participant’s account, and bear interest at a commercially reasonable rate established by the TRG Fiduciary Services, LLC (“the Plan Administrator”). Principal and interest are paid ratably through regular payroll deductions. Participants may have one loan outstanding at a time.

Payment of Benefits – A participant will be eligible for payment of benefits upon attaining normal retirement age of 59 ½, disability, or death prior to termination or severance date. Upon termination of service, a participant may receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. Distributions are also permitted in the event of financial hardship, as defined by the Plan.

Administrative Expenses – Fees related to the administration of investments, notes receivable from participants, requests for distributions and record keeping fees are charged directly to the participant’s account and are included in administrative expenses.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities, which are subject to be reported at fair value based on U.S. generally accepted accounting standards. The standard establishes a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets, which are not actively traded, or market prices of similar assets or liabilities, which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments at fair value as of December 31, 2021 and 2020:

Mutual funds: Valued based on the net asset values ("NAV") of units held by the Plan at year end. The fair values of the underlying assets in mutual funds are measured using quoted market prices in active markets for similar assets.

Money market fund: Valued at the daily closing price as reported by the funds. The money market funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish a daily NAV and to transact at that price. The money market funds are deemed to be actively traded.

Pooled separate account: Valued based on the NAV of units held by the Plan at year end. The fair values of the underlying assets in the pooled separate account are measured using quoted prices in active markets for identical assets or on the pricing data provided by outside valuation service providers, who in turn generally use the mean of bid and ask prices, but may also use alternative observable pricing inputs for certain securities. The pooled separate account has been measured at fair value using the NAV practical expedient as of December 31, 2021 and 2020, and generally has no redemption restrictions or unfunded capital commitments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through July 22, 2022, the date which the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FULLY BENEFIT-RESPONSIVE GUARANTEED FIXED ANNUITY

The traditional annuity benefit responsive account is a fixed interest account which guarantees a specified interest rate which is adjusted at the beginning of each calendar year. This investment is fully benefit responsive, and has been valued based on the contract value of the underlying investments in the fund, which approximates fair value. Contract value represents contributions made under the contract, adjusted for dividend earnings, transfers, loan activity, and distributions.

4. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value, with the exception of the pooled separate account that is measured at fair value using the NAV practical expedient. The fair value for the pooled separate account is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (continued)

	2021	2020
<i>Level 1:</i>		
Mutual funds	\$ 6,482,897	\$ 5,297,157
Money market funds	42,060	5,684
<i>Investments measured at net asset value:</i>		
Pooled separate account	<u>4,685</u>	<u>36,898</u>
Total investments, at fair value	<u>\$ 6,529,642</u>	<u>\$ 5,339,739</u>

5. PARTY IN INTEREST TRANSACTIONS

Certain Plan activities and investments are administered by TIAA-CREF. TIAA-CREF is a trustee, as defined by the Plan. Therefore, these transactions qualify as party in interest transactions.

6. INCOME TAX STATUS

The Plan is intended to comply with the applicable requirements of Section 403(b) of the IRC. A tax determination letter program is not yet available for IRC Section 403(b) plans through the Internal Revenue Service ("IRS"); however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and as such is exempt from Federal income taxes.

7. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. SUMMARY OF TRUSTEE INFORMATION

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules. The information was prepared by Mid-Atlantic Trust Company (MATC) and Teachers Insurance and Annuity Association of America-College Retirement Equities Fund (TIAA-CREF), the Plan's trustees, and furnished to the plan administrator. The trustees have certified that the information is complete and accurate:

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
University at Buffalo Surgeons, Inc. 403(b) Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of University at Buffalo Surgeons, Inc. 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of University at Buffalo Surgeons, Inc. 403(b) Plan (the "Plan") and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University at Buffalo Surgeons, Inc. 403(b) Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of University at Buffalo Surgeons, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University at Buffalo Surgeons, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and of assets (held at end of year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of University at Buffalo Surgeons, Inc. 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UNIVERSITY AT BUFFALO SURGEONS, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2021 AND 2020 AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. PLAN DESCRIPTION

The following is a brief description of the University at Buffalo Surgeons, Inc. 403(b) Plan (the “Plan”) provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan sponsored by University at Buffalo Surgeons, Inc. (“Plan Sponsor”). The Plan operates under Section 403(b) of the Internal Revenue Code (“IRC”). The Plan was established January, 1, 2003 and restated January 1, 2009. The purpose of the Plan is to provide retirement benefits for participating employees. The Plan is funded by participant contributions and covers all employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Upon date of hire, participants may elect to contribute up to 100% of their eligible Plan defined compensation, on a pre-tax or Roth basis, limited to the IRC maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are participant directed and increased by participant contributions, and the participant’s share of plan earnings (allocated daily). Participant accounts are decreased by the participant’s distributions and the participant’s share of plan expenses and losses. The allocation of earnings and losses is based upon the value of an individual account in relation to the total assets of the Plan.

Vesting – Participants are fully vested in their account balances at all times.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000. The notes are secured by the balance in the participant’s account, and bear interest at a commercially reasonable rate established by the TRG Fiduciary Services, LLC (“the Plan Administrator”). Principal and interest are paid ratably through regular payroll deductions. Participants may have one loan outstanding at a time.

Payment of Benefits – A participant will be eligible for payment of benefits upon attaining normal retirement age of 59 ½, disability, or death prior to termination or severance date. Upon termination of service, a participant may receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. Distributions are also permitted in the event of financial hardship, as defined by the Plan.

Administrative Expenses – Fees related to the administration of investments, notes receivable from participants, requests for distributions and record keeping fees are charged directly to the participant’s account and are included in administrative expenses.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities, which are subject to be reported at fair value based on U.S. generally accepted accounting standards. The standard establishes a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets, which are not actively traded, or market prices of similar assets or liabilities, which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments at fair value as of December 31, 2021 and 2020:

Mutual funds: Valued based on the net asset values ("NAV") of units held by the Plan at year end. The fair values of the underlying assets in mutual funds are measured using quoted market prices in active markets for similar assets.

Money market fund: Valued at the daily closing price as reported by the funds. The money market funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish a daily NAV and to transact at that price. The money market funds are deemed to be actively traded.

Pooled separate account: Valued based on the NAV of units held by the Plan at year end. The fair values of the underlying assets in the pooled separate account are measured using quoted prices in active markets for identical assets or on the pricing data provided by outside valuation service providers, who in turn generally use the mean of bid and ask prices, but may also use alternative observable pricing inputs for certain securities. The pooled separate account has been measured at fair value using the NAV practical expedient as of December 31, 2021 and 2020, and generally has no redemption restrictions or unfunded capital commitments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through July 22, 2022, the date which the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FULLY BENEFIT-RESPONSIVE GUARANTEED FIXED ANNUITY

The traditional annuity benefit responsive account is a fixed interest account which guarantees a specified interest rate which is adjusted at the beginning of each calendar year. This investment is fully benefit responsive, and has been valued based on the contract value of the underlying investments in the fund, which approximates fair value. Contract value represents contributions made under the contract, adjusted for dividend earnings, transfers, loan activity, and distributions.

4. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value, with the exception of the pooled separate account that is measured at fair value using the NAV practical expedient. The fair value for the pooled separate account is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (continued)

	2021	2020
<i>Level 1:</i>		
Mutual funds	\$ 6,482,897	\$ 5,297,157
Money market funds	42,060	5,684
<i>Investments measured at net asset value:</i>		
Pooled separate account	<u>4,685</u>	<u>36,898</u>
Total investments, at fair value	<u>\$ 6,529,642</u>	<u>\$ 5,339,739</u>

5. PARTY IN INTEREST TRANSACTIONS

Certain Plan activities and investments are administered by TIAA-CREF. TIAA-CREF is a trustee, as defined by the Plan. Therefore, these transactions qualify as party in interest transactions.

6. INCOME TAX STATUS

The Plan is intended to comply with the applicable requirements of Section 403(b) of the IRC. A tax determination letter program is not yet available for IRC Section 403(b) plans through the Internal Revenue Service ("IRS"); however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and as such is exempt from Federal income taxes.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. SUMMARY OF TRUSTEE INFORMATION

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules. The information was prepared by Mid-Atlantic Trust Company (MATC) and Teachers Insurance and Annuity Association of America-College Retirement Equities Fund (TIAA-CREF), the Plan's trustees, and furnished to the plan administrator. The trustees have certified that the information is complete and accurate:
