Independent Auditor's Report

To the Participants and Administrator of
Whitaker Oil 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of financial statements of Whitaker Oil 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Whitaker Oil 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Whitaker Oil 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of Plan

The following description of the Whitaker Oil 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document, which provides a more complete description of the Plan's provisions.

General

Effective January 1, 1997, and restated April 1, 2016, Whitaker Oil Company (the Plan Sponsor or the Company) established the Plan as a defined contribution plan covering substantially all employees except nonresident aliens, employees covered by a collective bargaining agreement and residents of Puerto Rico. Employees must have completed six months of service to be eligible to participate in the Plan except for profit sharing which requires one year of service. Eligible employees are permitted to enter the Plan beginning on the first day of the month following or coinciding with the date each employee satisfies the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. An officer of the Company serves as Trustee of the Plan.

Standard Insurance Company (the Standard or the Custodian) serves as the Custodian of the Plan. The Standard receives all contributions made under the Plan, holds plan assets, pays benefits as directed by the Plan Administrator and assists in the administration of the Plan. The Standard serves as the intermediary for all asset purchases and redemptions. Additionally, the Standard manages certain investment options of the Plan (see Note 6).

Contributions

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may deposit pretax contributions totaling a maximum of 100% of compensation, as defined, subject to the statutory limit set by the Internal Revenue Code (IRC). The limit for 2021 was \$19,500. Participants who have attained at least age 50 are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2021 was \$6,500. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

The Company may match, subject to limitations under the IRC, a portion of the participants' contributions. The Plan Sponsor has elected to match 50% of each participant's elective deferrals up to 6% of the participant's compensation. The Plan Sponsor's matching contributions totaled \$169,921 for 2021.

The Company may also make discretionary profit sharing contributions to the Plan. In general, a participant must be employed at the end of the Plan year and have completed one year of service to first be eligible for such contributions. After meeting the requirements, for participants not employed at the end of the Plan year, 500 hours of service must be completed to still be eligible. These contributions are allocated based on the participant's compensation. During 2021, the Company did not make a discretionary profit sharing contribution.

Participant Accounts

Each participant account is credited with the participant's pretax and rollover contributions and the participant's portion of the Plan Sponsor's matching and profit sharing contributions and actual plan earnings or losses thereon. The participant's account is also charged with withdrawals, applicable allocations of investment gains/losses and administrative expenses. Allocations are based on the participant's Plan compensation, account balances or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participant vesting in the Plan Sponsor's discretionary matching, profit sharing contributions, and income earned thereon is based on years of continuous service during which an employee completes with the Plan Sponsor. All participants become 100% vested after six years of service. The vesting percentages are as follows:

Years of Service	Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become 100% vested upon termination of the Plan or upon reaching normal retirement age of sixty-five or upon disability or death while still an employee of the Plan Sponsor.

Any portion of the participant's account balance attributable to pretax and rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options selected by the Plan Administrator, including certain options for which The Standard or its affiliates serve as investment advisors (Note 6). Participants can make changes to their investment options daily.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are limited to one outstanding note at a time. The notes are secured by the balance in the participant's vested account balance and bear interest at rates that range from 3.25% to 5.50% as of December 31, 2021, which are commensurate with local prevailing rates as determined periodically by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions over a period not to exceed five years, except for a note used to finance the purchase of a participant's principal residence, which can be repaid over a period not to exceed ten years.

Payment of Benefits

In general, a participant may withdraw up to 100% of employee cumulative pretax contributions in the event of a participant's heavy and immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant.

In-service withdrawals of all or a portion of a participant's vested pretax account balance may be made by a participant after reaching age fifty-nine and one-half. For distributions of all other account balance sources, the participant must attain normal retirement age (65). In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn by a participant at any time.

Upon reaching normal retirement age, termination of employment, disability or death, a participant or beneficiary may elect to receive the value of the vested account by lump sum distribution, substantially equal installments or partial withdrawal (of at least \$1,000). The Plan may, upon termination of service of a participant for any reason, automatically pay the benefits owed if no alternative election has been made and the account balance is \$5,000 or less, as defined in the Plan Document.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless transferred to another qualified Plan or individual retirement account.

Forfeited Accounts

Unvested account balances of terminated participants are reallocated or used to offset Plan expenses as defined in the Plan Document. Forfeitures in the amount of \$7,022 and \$6,112 were outstanding as of December 31, 2021 and 2020, respectively. In 2021 and 2020, the Plan Sponsor used \$6,095 and \$8,258, respectively, of forfeitures to offset employer contributions.

CARES Act

Beginning on April 15, 2020, the Plan adopted the distribution and loan rules of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The CARES Act permitted retirement plans to provide qualified individuals (as defined in the CARES Act) who were impacted by the novel coronavirus (COVID-19) expanded distribution options and certain loan relief. The provisions were in effect until December 31, 2020. In accordance with the provisions of the CARES Act, plan operations were updated to take advantage of provisions in the CARES Act. These changes were made immediately and the plan will be formally amended on or before the amendment deadline of December 31, 2022.

Coronavirus-Related Distributions: Qualified individuals were permitted to take a distribution in an amount up to \$100,000 from the Plan that was exempt from the 10% early distribution penalty. Participants who took a coronavirus-related distribution had the option to pay the income tax (if applicable) over a three year period or to recontribute to a qualifying plan or IRA within a three year period in the form of a rollover contribution with no income tax impact.

Participant Loans: Qualified individuals could elect to suspend loan repayments with repayments restarting in January 2021. Following the suspension, loans were reamortized and included the interest accrued during the suspension period.

Required Minimum Distributions: Any minimum distributions required to be made to participants or beneficiaries in 2020 were waived. This provision also applied to any 2019 required minimum distributions that had to be made by April 1, 2020.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities, including gains and losses, are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participants to be in default, the participants loan balance is reduced and a benefit payment is recorded.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

COVID-19 Disruption

In March 2020, the World Health Organization officially designated COVID-19 as a pandemic, and as a result, businesses across the country and the world have had to take steps to protect their employees, and employees of companies with whom they do business. The associated business disruption has ranged from limited to significant, depending on the nature of the business being impacted. The pandemic is still on-going at the report date, and management believes that appropriate measures have been put in place to limit any adverse effects to the Plan as a result of the disruption; however, no assurances can be made. There have been no adjustments to these financial statements as a result of this uncertainty.

Benefit Payments

Benefit payments are recorded when paid by the Plan.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan Sponsor, as defined in the Plan Document. These expenses include, but are not limited to, legal, accounting and recordkeeping fees, and investment expenses. However, individual transaction fees for withdrawals or notes receivable from participants are paid from the participant's account. For administrative expenses not paid by the Company, a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Note 3: Information Certified by Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by The Standard, except for comparing such information certified by The Standard to information included in the Plan's financial statements:

	2021	2020
Statements of Net Assets Available for Benefits:		
Investments, at fair value	\$ 12,450,728	\$ 12,069,985
Notes receivable from participants	190,334	210,481
Statement of Changes in Net Assets Available for Benefits:		
Investment income:		
Net appreciation in fair value of investments	\$ 1,444,672	
Interest and dividends	16,522	
Interest income on notes receivable from participants	7,300	

Note 4: Fair Value Measurements

The accounting standard for fair value measurement provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no material changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts - Investments in the pooled separate accounts are composed primarily of investments in mutual funds and are valued by the Custodian at the net asset value (NAV) of the shares held by the Plan at the end of the Plan year. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV. Participant-directed transactions (purchases and sales) may occur daily. There are currently no unfunded commitments on these investments.

Stable Asset Fund - The Stable asset fund is privately managed by the Custodian and is not publicly quoted. The fund is valued by the Custodian at NAV which is based on the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The plan has concluded that the NAV is used as a practical expedient to approximate the fair value of the investment. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV. There are currently no redemption restrictions or unfunded commitments on this investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 10,164,004
Stable asset fund measured at net asset value ^(a)	-	-	-	2,286,724
	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,450,728</u>

Assets at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 8,711,021
Stable asset fund measured at net asset value ^(a)	-	-	-	3,358,964
	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,069,985</u>

^(a) These investments are measured using NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statements of net assets available for benefits.

Note 5: Income Tax Status

The Plan Sponsor has entered into a non-standardized adoption agreement of the *Standard Retirement Services, Inc. Volume Submitter Profit Sharing Plan* (the Prototype Plan) sponsored by The Standard. The Prototype Plan received a favorable opinion letter from the IRS dated March 31, 2014, in which the IRS stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has been amended since receiving the favorable opinion, however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of December 31, 2021.

U.S. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

Note 6: Party-in-Interest Transactions

The Standard, the Custodian of the Plan, performs services for, sells products to, and manages certain investment options for which fees are charged to the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$2,688 for the year ended December 31, 2021, which are included in administrative expenses. In addition, notes receivable from participants also qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8: Subsequent Events

The Plan Sponsor has evaluated events and transactions occurring subsequent to December 31, 2021, through the report date, the date of the issuance of the financial statements. During this period, there were no recognized subsequent events requiring recognition or non-recognized subsequent events requiring disclosure in the financial statements other than those disclosed herein.
