Plan Trustees
c/o Mr. Michael Richter
Diversified Labeling Solutions, Inc. 401(k) Plan
1285 Hamilton Parkway
Itasca, IL 60143

Attention: Mr. Richter

We have audited the financial statements of Diversified Labeling Solutions, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2021, and we will issue our report thereon dated July 18, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 28, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The following significant risks of material misstatement were identified during planning and performance of our audit:

Management override of controls - Management may perpetrate financial reporting frauds by overriding established control procedures and recording unauthorized or inappropriate journal entries or other closing adjustments. The risk of management override of controls were addressed by audit procedures including but not limited to the examination of any posted journal entries, review of accounting estimates for bias, and evaluation of business rationale for unusual transactions.

Improper revenue recognition due to error or fraud - Potential misstatements as a result of fraudulent financial reporting often result from an overstatement of revenue. Some fraud risks associated with improper revenue recognition are premature revenue recognition, recording fictitious revenue, improperly shifting revenue to an earlier or later period, and manipulating estimates used in accounting for revenue. The risk of improper revenue recognition was addressed by audit procedures including but not limited to the examination of subsequent cash receipts, evaluation of estimates used in accounting for revenue, and performing a reconciliation of contributions from the census to payroll and a reconciliation of investment income from trust reports.

Timeliness of remittances – The Department of Labor requires plans to remit employee deferrals as soon as administratively feasible. Management could hold employee deferrals and thus, not remit to participant accounts on a timely basis. This risk was addressed by comparing all pay dates to employee deferral remittance dates to ensure proper disclosure of any delayed remittances.

Authorization and calculation accuracy of distributions – Management could direct wires of unauthorized benefit payments by overriding deposit account numbers, and requesting distributions without a participant's knowledge. This risk was addressed by examining signed participant distribution request forms or observing electronic participant authorization on the third-party website. Additionally, the vesting percentages on benefit payments selected for testing were recalculated to ensure the participant received all funds for which they were entitled.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We did not identify any significant accounting estimates.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 18, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan Trustees of Diversified Labeling Solutions, Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
