INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Deshazo 401(k) Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Deshazo 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Deshazo 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Deshazo 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Deshazo 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Deshazo 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis of an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's rules and Regulations for Reporting and Disclosure under ERISA.

DESHAZO 401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1 - PLAN DESCRIPTION

The following description of Deshazo 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement or Summary Plan Description for more complete information.

General

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of Mitchell Industries, Inc. (the Sponsor). An employee is eligible to participate in the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Subject to certain limitations under Internal Revenue Code (IRC) Section 401(k), participants may contribute a percentage of their annual compensation, as defined in the Plan, the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Such transfers from other qualified plans are reported as rollover contributions. Employees are automatically enrolled in the Plan at a 3% deferral rate, unless they elect to opt out in a timely manner. Participants direct the investment of their contributions into various options offered by the Plan. The Sponsor made a discretionary matching contribution equal to the lesser of fifty percent of each participant's deferrals, up to six percent of his/her compensation or 3% of each participant's year-to-date compensation for the Plan year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's and the Sponsor's contributions and an allocation of net Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are immediately vested in their elective deferrals and any income or loss thereon. Participants become 100% vested in Sponsor contributions after five years of service. Amounts not vested at the time a covered participant ceases to participate in the Plan are forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest from 4.25% to 6.50%. The interest rate on participant loans is determined by the plan administrator in accordance with Plan provisions. Principal and interest are paid through payroll deductions as indicated in the loan policy. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

NOTE 1 - PLAN DESCRIPTION - Continued

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation of service, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the Plan document.

Forfeitures

The nonvested portion of a terminated participant's account balance shall be forfeited and used to pay administrative expenses or to reduce any Sponsor contributions otherwise payable for the Plan year in which such forfeitures arise or for any succeeding Plan year. Forfeiture allocations are deemed to be Sponsor discretionary contributions. Forfeitures of \$1,723 and \$60,000 were used to reduce Plan expenses and employer contributions, respectively, for the year ended December 31, 2021. Unallocated invested forfeiture balances for the Plan years ended December 31, 2021 and 2020 totaled \$76,706 and \$65,644, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation of fair value of investments. The Sponsor pays certain administrative costs of the Plan associated with professional services provided to the Plan, and the cost of communications to the participants. Any expenses not paid by the Sponsor may be paid by the Plan. Administrative expenses recorded in the Plan represent processing fees, professional fees, and other recordkeeping fees paid directly from the Plan. Loan fees are deducted directly from the participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. In preparing the financial statements, management evaluated subsequent events through August 1, 2022, the date the financial statements were available to be issued.

DESHAZO 401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020
(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of Accounting - Continued

As required by accounting principles generally accepted in the United States of America, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. At December 31, 2021 and 2020, the Plan's investment options included a stable value option with Fidelity Management Trust Company and Putnam Investments, respectively, which are fully benefit-responsive investment contracts, held in a fixed account. The statements of net assets available for benefits present contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Market Risk

As of December 31, 2021, approximately 12% of the Plan's net assets were invested in one registered investment account. As of December 31, 2020, approximately 24% of the Plan's net assets were invested in one money market fund and one registered investment account. The underlying value of the investments are dependent on the performance of the individual investment holding and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the money market fund, registered investment account, and common collective trust account and their investment holdings in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized gains and losses from security transactions are reported on the average cost method.

DESHAZO 401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020
(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Fair Value

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price the Plan would expect to receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs which are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Stable Value Fund

The Plan's Stable Value Fund (Fund) is a separately managed account within the Plan. Market value events may limit the ability of the Fund to transact at contract value with the issuer. Contract value of the Fund totaled \$1,171,981 and \$917,760 at December 31, 2021 and 2020, respectively.

DESHAZO 401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020
(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Stable Value Fund - Continued

All of the contracts that the Fund purchases are benefit responsive at contract value for all Plan permitted, participant directed transactions. There are no exceptions to this stipulation. Additionally, the Fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and Plan terminations. Due to the size of the Fund and the specific percentage allowances negotiated by the Fund, it is highly unlikely (not probable) that any event would occur that would limit the Fund's ability to transact at contract value with each issuer under these events. The only event or circumstance that would allow issuers to immediately terminate a fully benefit-responsive wrap contract with the Fund at an amount different from contract value would be if they were provided with willingly fraudulent information about the Fund by the trustee. This would constitute a breach of contract and would allow for termination at a value that could be different from contract value. Additionally, most wrap contracts have provisions that allow the issuer to terminate at book value over a specified period of time, normally the duration of the portfolio being wrapped. At no point may an issuer of a wrap contract immediately terminate at market value (other than as specified above) if the market value of the underlying portfolio is less than the book value.

Payment of Benefits

Benefits are recorded when paid.

De Minimis Distributions Payable

Amounts payable to participants for de minimis distributions not yet disbursed are recorded as a liability with a corresponding increase in distributions.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments at fair value and notes receivable from participants, included in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, net appreciation in fair value of investments, and interest income on notes receivable from participants, included in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021, included in the supplemental information.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE - Continued

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 4 - PLAN TERMINATION

Although it has not expressed intent to do so, the Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Sponsor contributions.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE 6 - FAIR VALUES

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the years ended December 31, 2021 and 2020.

- *Registered Investments*: Valued at the closing price reported on the active market on which individual securities are traded.
- *Money Market Fund*: Valued at the closing price reported on the active market on which individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 - INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Internal Revenue Code (IRC) Section 401(a). Although the Plan has been amended since the determination letter, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities.

The Sponsor has concluded that as of December 31, 2021 and 2020, the Plan had no significant uncertain tax positions or material amounts of unrecognized tax benefits that qualify for either recognition or disclosure in the financial statements for open tax years based on an assessment of many factors including experience and interpretations of tax laws.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments, registered investments and a common collective trust, are managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Deshazo 401(k) Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Deshazo 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Deshazo 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Deshazo 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Deshazo 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Deshazo 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis of an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - PLAN DESCRIPTION

The following description of Deshazo 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement or Summary Plan Description for more complete information.

General

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of Mitchell Industries, Inc. (the Sponsor). An employee is eligible to participate in the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Subject to certain limitations under Internal Revenue Code (IRC) Section 401(k), participants may contribute a percentage of their annual compensation, as defined in the Plan, the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Such transfers from other qualified plans are reported as rollover contributions. Employees are automatically enrolled in the Plan at a 3% deferral rate, unless they elect to opt out in a timely manner. Participants direct the investment of their contributions into various options offered by the Plan. The Sponsor made a discretionary matching contribution equal to the lesser of fifty percent of each participant's deferrals, up to six percent of his/her compensation or 3% of each participant's year-to-date compensation for the Plan year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's and the Sponsor's contributions and an allocation of net Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are immediately vested in their elective deferrals and any income or loss thereon. Participants become 100% vested in Sponsor contributions after five years of service. Amounts not vested at the time a covered participant ceases to participate in the Plan are forfeited.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or fifty percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest from 4.25% to 6.50%. The interest rate on participant loans is determined by the plan administrator in accordance with Plan provisions. Principal and interest are paid through payroll deductions as indicated in the loan policy. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

NOTE 1 - PLAN DESCRIPTION - Continued

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation of service, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the Plan document.

Forfeitures

The nonvested portion of a terminated participant's account balance shall be forfeited and used to pay administrative expenses or to reduce any Sponsor contributions otherwise payable for the Plan year in which such forfeitures arise or for any succeeding Plan year. Forfeiture allocations are deemed to be Sponsor discretionary contributions. Forfeitures of \$1,723 and \$60,000 were used to reduce Plan expenses and employer contributions, respectively, for the year ended December 31, 2021. Unallocated invested forfeiture balances for the Plan years ended December 31, 2021 and 2020 totaled \$76,706 and \$65,644, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation or depreciation of fair value of investments. The Sponsor pays certain administrative costs of the Plan associated with professional services provided to the Plan, and the cost of communications to the participants. Any expenses not paid by the Sponsor may be paid by the Plan. Administrative expenses recorded in the Plan represent processing fees, professional fees, and other recordkeeping fees paid directly from the Plan. Loan fees are deducted directly from the participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. In preparing the financial statements, management evaluated subsequent events through August 1, 2022, the date the financial statements were available to be issued.

DESHAZO 401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020
(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of Accounting - Continued

As required by accounting principles generally accepted in the United States of America, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. At December 31, 2021 and 2020, the Plan's investment options included a stable value option with Fidelity Management Trust Company and Putnam Investments, respectively, which are fully benefit-responsive investment contracts, held in a fixed account. The statements of net assets available for benefits present contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Market Risk

As of December 31, 2021, approximately 12% of the Plan's net assets were invested in one registered investment account. As of December 31, 2020, approximately 24% of the Plan's net assets were invested in one money market fund and one registered investment account. The underlying value of the investments are dependent on the performance of the individual investment holding and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of the money market fund, registered investment account, and common collective trust account and their investment holdings in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Realized gains and losses from security transactions are reported on the average cost method.

DESHAZO 401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020
(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Fair Value

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is the price the Plan would expect to receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs which are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Stable Value Fund

The Plan's Stable Value Fund (Fund) is a separately managed account within the Plan. Market value events may limit the ability of the Fund to transact at contract value with the issuer. Contract value of the Fund totaled \$1,171,981 and \$917,760 at December 31, 2021 and 2020, respectively.

DESHAZO 401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020
(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Stable Value Fund - Continued

All of the contracts that the Fund purchases are benefit responsive at contract value for all Plan permitted, participant directed transactions. There are no exceptions to this stipulation. Additionally, the Fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and Plan terminations. Due to the size of the Fund and the specific percentage allowances negotiated by the Fund, it is highly unlikely (not probable) that any event would occur that would limit the Fund's ability to transact at contract value with each issuer under these events. The only event or circumstance that would allow issuers to immediately terminate a fully benefit-responsive wrap contract with the Fund at an amount different from contract value would be if they were provided with willingly fraudulent information about the Fund by the trustee. This would constitute a breach of contract and would allow for termination at a value that could be different from contract value. Additionally, most wrap contracts have provisions that allow the issuer to terminate at book value over a specified period of time, normally the duration of the portfolio being wrapped. At no point may an issuer of a wrap contract immediately terminate at market value (other than as specified above) if the market value of the underlying portfolio is less than the book value.

Payment of Benefits

Benefits are recorded when paid.

De Minimis Distributions Payable

Amounts payable to participants for de minimis distributions not yet disbursed are recorded as a liability with a corresponding increase in distributions.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments at fair value and notes receivable from participants, included in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, net appreciation in fair value of investments, and interest income on notes receivable from participants, included in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021, included in the supplemental information.

(Continued)

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE - Continued

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 4 - PLAN TERMINATION

Although it has not expressed intent to do so, the Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Sponsor contributions.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE 6 - FAIR VALUES

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used during the years ended December 31, 2021 and 2020.

- *Registered Investments*: Valued at the closing price reported on the active market on which individual securities are traded.
- *Money Market Fund*: Valued at the closing price reported on the active market on which individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 - INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Internal Revenue Code (IRC) Section 401(a). Although the Plan has been amended since the determination letter, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Tax positions are recognized in the financial statements when it is more likely than not that the position will be sustained upon examination by the tax authorities.

The Sponsor has concluded that as of December 31, 2021 and 2020, the Plan had no significant uncertain tax positions or material amounts of unrecognized tax benefits that qualify for either recognition or disclosure in the financial statements for open tax years based on an assessment of many factors including experience and interpretations of tax laws.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments, registered investments and a common collective trust, are managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions.
