Plan Investment Committee and Participants
RevSpring, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of RevSpring, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i—schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 23, 2021 we indicated that: (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

RevSpring, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of RevSpring, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan covering all full-time employees of RevSpring, Inc. (the Company) who have completed one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration: The Plan is administered by the Company (the Plan's Management). The Plan's management has been given all powers necessary to carry out its duties, including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan, and to authorize disbursements for the payment of Plan benefits. The Company has given Fidelity Management Trust Company (the Trustee) the authority to hold the assets of the Plan and to invest, control and disburse all assets of the Plan in accordance with the Plan agreement.

Contributions: The Plan provides for employee salary 401(k) contributions up to a maximum of 100% of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). The Plan also allows participants to contribute up to 100% of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to Internal Revenue Service (IRS) limits.

The Company also provides a discretionary matching contribution of 50% of the participant's contribution not to exceed 6% of compensation. Participants must be age 21 or older and complete at least one month of service to be eligible to receive the discretionary matching contribution. The Company's discretionary matching contributions totaled \$1,366,296 for the year ended December 31, 2021.

Additionally, the Plan provides for discretionary nonelective contributions. These contributions are allocated based on the participant's eligible compensation as a percentage of total compensation for all participants eligible for the nonelective contributions. To be eligible for the nonelective contributions, employees must be actively employed on the last day of the contribution period and had earned at least 1,000 hours of service during the Plan year. The Company did not make any discretionary nonelective contributions during the year ended December 31, 2021.

Participant accounts and forfeitures: Each participant's account is credited with the participant's contribution, allocations of the Company's contributions and plan earnings, and charged with an allocation of plan losses and administrative expenses. Allocations are based on the participant's compensation or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RevSpring, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

As of December 31, 2021 and 2020, the Plan had forfeited nonvested accounts of approximately \$121,600 and \$82,800, respectively. Forfeited nonvested accounts are retained in the Plan and used to pay Plan expenses or fund future Employer contributions. For the year ended December 31, 2021, approximately \$46,300 of forfeited nonvested accounts were used to fund Employer matching contributions.

Vesting: Participants are immediately 100% vested in their employee contributions and rollover contributions, plus any earnings. Vesting in the Company's nonelective and matching employer contributions, plus any earnings, is based on years of service.

Participants vest in the contributions made by the Company 20% after one year of service, and an additional 40% in years two and three until the participant becomes fully vested after three years of service.

Investment options: Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may elect at any time to have all or part of their account balances and future contributions transferred from one fund to another or in any combination.

Notes receivable from participants: The trustee may, at the Plan Administrator's sole discretion, make notes to participants and beneficiaries in amounts not to exceed the lesser of 50% of a participant's vested balance or \$50,000. The term of the note may not exceed five years, unless it is for a principal residence, in which case, the note term can be up to 10 years. The rate of interest on new notes is set at a reasonable market rate, as determined by the Plan Administrator. The interest rates on outstanding note balances ranged from 4.25% to 6.50% at December 31, 2021. These notes are due at various dates through December 2029. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Benefits paid to participants represent the amounts paid during the year to withdrawing participants due to death, permanent disability, retirement or termination of service. Participants may make a withdrawal prior to termination of employment upon attainment of age 59½ or in the event of a hardship. If a participant's vested account balance is \$5,000 or less, the Plan Administrator will direct the trustee that any amount exceeding \$1,000 be distributed to an individual retirement account (IRA) or annuity for their benefit. If the participant's vested account balance is \$1,000 or less, the Plan Administrator will direct the trustee to distribute it to the participant as a lump-sum distribution without their consent. Prior to such distribution, the participant still has the right to request that the amount be distributed directly to them in the form of a lump-sum payment or that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

If the participant fails to request a different treatment of an automatic distribution under the Plan's cash-out provision, their distribution will be paid over to an IRA provider chosen by the Plan Administrator and invested in a product designed to preserve the principal of that distribution while still providing a reasonable rate of return and preserving liquidity. The fees assessed by its provider against this newly established IRA will be paid by the participant's account balance.

A participant's consent will be required for any distribution if their vested account balance is greater than \$5,000.

Participants may also elect to receive qualifying in-service hardship withdrawals, subject to a minimum withdrawal amount of \$500.

RevSpring, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Investment Committee determines the Plan's valuation policies, utilizing information provided by the investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year).

Benefits paid to participants: Benefits paid to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included as an offset to net appreciation in fair value of investments.

Risks and uncertainties: The Plan utilizes various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments have occurred since December 31, 2021, or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events through July 26, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of and for the year ended December 31, 2021, and as of December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments at fair value:		
Mutual funds	\$ 43,886,862	\$ 34,686,989
Collective trust fund	824,926	721,545
Notes receivable from participants	486,186	631,903

The trustee also certified to the completeness and accuracy of \$3,766,465 of net appreciation in fair value of investments, \$2,392,156 of interest and dividends related to the aforementioned investments, and \$31,742 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset and liability, either directly or indirectly, for substantially the same term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued at the quoted market price of shares held by the Plan at year-end in the active market in which the individual securities are traded.

Collective trust fund: The fair market value of the collective trust fund has been established using the net asset value (NAV) provided by the administrator of the fund under the practical expedient approach and, therefore, is not assigned to a level in the hierarchy table. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The collective trust fund is not subject to restrictions regarding redemptions, and there are no unfunded commitments to the fund. There are also no restrictions on the NAV price or its equivalent.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 43,886,862	\$ -	\$ -	\$ 43,886,862
Total investments at fair value	<u>\$ 43,886,862</u>	<u>\$ -</u>	<u>\$ -</u>	<u>43,886,862</u>
Investments measured at net asset value (a)				824,926
Total investments				<u>\$ 44,711,788</u>
Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 34,686,989	\$ -	\$ -	\$ 34,686,989
Total investments at fair value	<u>\$ 34,686,989</u>	<u>\$ -</u>	<u>\$ -</u>	<u>34,686,989</u>
Investments measured at net asset value (a)				721,545
Total investments				<u>\$ 35,408,534</u>

- (a) In accordance with FASB Accounting Standards Codification Topic 820, certain investments that are measured at NAV or its equivalent as a practical expedient are not included in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes an investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is application only to the Plan.

	Fair Value as of December 31		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2021	2020			
Collective trust fund	<u>\$ 824,926</u>	<u>\$ 721,545</u>	None	Daily	One Year

Note 5. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by FMR LLC. The prototype plan has received an opinion letter dated June 30, 2020, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since the prototype plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments include shares of registered investment companies managed by Fidelity Management Trust Company, the trustee as defined by the Plan; therefore, these transactions qualify as permissible party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine.
