Independent Auditors' Report

To the Participants and Plan Administrator of
BASA Resources, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of BASA Resources, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The financial statements of the Plan as of December 31, 2020, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report dated August 12, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

BASA Resources, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

General

The BASA Resources, Inc. 401(k) Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on August 1, 1999. The Plan is sponsored by BASA Resources, Inc. (the Company or Plan Administrator). Fidelity Management Trust Company (the Trustee), in conjunction with Fidelity Investment Institutional Operations (collectively, known as Fidelity), serves as the trustee and record-keeper of the Plan, respectively. The following description provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

The Plan covers all eligible employees of the Company who elect to participate. Employees are eligible to contribute upon completion of a two month period of service and attainment of at least 21 years of age. The Plan entry dates are the first day of each calendar month. The Plan has an automatic enrollment feature. Upon meeting eligibility requirements, eligible employees will be automatically enrolled into the Plan with a deferral of 4% of eligible compensation, unless otherwise elected by the employee. Automatically enrolled participants will have their deferral rate increased annually by 1% per year, up to a maximum deferral rate of 8%.

Subject to certain limitations on annual additions, each participant's account is credited with the participant's contributions, Company contributions and earnings or losses thereon. Investment income or loss is allocated based on the ratio of each participant's account balance. Contributions and earnings or losses are allocated among investment options as selected by the participant. Participants may change their investment allocation at any time.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax or after-tax "Roth" compensation up to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$19,500 for 2021). Employees who are eligible to make elective deferrals under the Plan and who attain the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2021). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

The Plan allows for Company discretionary matching contributions to be determined by the Company. During 2021, the Company elected to make discretionary matching contributions each pay period in the amount of 100% up to 6% of eligible participant compensation. Catch-up contributions are excluded from Company discretionary matching contributions.

The Company may also elect to make a discretionary profit sharing contribution. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the year to receive any discretionary profit sharing contributions made for the year. For the year ended December 31, 2021, the Company did not make a discretionary profit sharing contribution to the Plan.

BASA Resources, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

Investment Options

The Plan provides for the direction of both employee contributions and Company contributions to be invested by the participant among a variety of investment options, including mutual funds of registered investment companies and common collective trusts, in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the plan website for additional fund information.

Vesting

Participants are 100% vested in their deferral and Roth contributions and rollover contributions, plus actual earnings thereon. Participants vest in all Company contributions at a rate of 20% for each year of service after one year and are 100% vested after five years of service or upon occurrence of the participant's retirement, death or disability, as defined by the plan document.

Benefits Paid to Participants

Upon attainment of normal retirement age, death, disability or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions, subject to a \$500 minimum amount. Participants with vested account balances of \$5,000 or less, at the time of distribution, will be cashed out as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan, based on certain criteria, as defined by the plan document.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to pay administrative expenses or reduce Company matching contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2021 and 2020, the amount of forfeitures total \$71 and \$6,385, respectively. During 2021, forfeitures in the amount of \$34,062 were used to reduce the Company matching contributions.

Revenue Sharing Agreement

A Plan account is maintained to hold revenue sharing funds the Plan receives from the Trustee pursuant to an agreement between the Trustee and the Plan. These revenue sharing funds are available to be allocated to participant accounts on a pro rata basis or to pay reasonable Plan expenses. At December 31, 2021 and 2020, available revenue sharing funds totaled \$9,081 and \$9,587, respectively. During 2021, no revenue sharing was utilized.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciations (depreciation) of fair value of investments.

BASA Resources, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a nonforfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

Notes Receivable From Participants

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). A participant may only have one loan outstanding at any given time. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator, based on the prevailing market interest rates. Repayment terms range from 1 to 5 years from the date of the note, except for the purchase of the participant's primary residence. At December 31, 2021, maturity dates on notes receivable range from March 2022 through September 2027, and notes bear interest ranging from 4.25% to 6.50%. At December 31, 2020, maturity dates on notes receivable range from March 2021 through January 2026, and notes bear interest ranging from 4.25% to 6.50%.

Coronavirus Aid Relief and Economic Security Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

BASA Resources, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expenses when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on the investments bought and sold, as well as held during the year.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

BASA Resources, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds of registered investment companies are valued at the net asset value (NAV) or quoted market prices of shares held by the Plan at year end.

Common collective trusts are valued at NAV. The NAV, as determined by the issuer, is used as a practical expedient to measure fair value, and has been determined based on the unit values of the fund. Unit values are determined by the entity sponsoring such common collective trusts by dividing the fund's net assets at fair value by its units outstanding at each valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies, at fair value	\$ 2,940,767	\$ -	\$ -	\$ 2,940,767
Investments measured at net asset value (1)				19,351,664
				<u>\$ 22,292,431</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies, at fair value	\$ 3,139,499	\$ -	\$ -	\$ 3,139,499
Investments measured at net asset value (1)				16,490,115
				<u>\$ 19,629,614</u>

(1) Investments that are measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

BASA Resources, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

In accordance with the fair value measurement and disclosures guidance, the following tables present the category, fair value, redemption frequency and redemption notice period for those Plan investments, whose fair value was estimated using the NAV per share as of December 31, 2021 and 2020.

	December 31, 2021		
	Fair Value	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$19,351,664	n/a	n/a
	December 31, 2020		
	Fair Value	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$16,490,115	n/a	n/a

4. Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company as of December 31, 2021 and 2020, and for the year ended December 31, 2021, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

5. Tax Status

The Plan is based on volume submitter profit sharing plan with CODA developed by the Fidelity Management and Research Company, which received a favorable advisory letter dated March 31, 2014, from the IRS stating that the volume submitter constitutes a qualified plan under section 401 of the IRC. Plan Administrator believes the Plan is designed and being operated in compliance with applicable requirements of the IRC and that the Plan and related trust, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the Trustee and Fidelity Investments, an affiliate of the Trustee; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

BASA Resources, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

7. Risks and Uncertainties

The Plan provides for various options of investments. Such investments are exposed to various risks, such as interest rate, concentration, market and credit risk. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2021, the Statements of Net Assets Available for Benefits date, through August 8, 2022, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2021, except as follows:

Effective January 10, 2022, the Plan was amended and restated to the FMR, LLC volume submitter profit sharing plan with CODA, which received a favorable advisory letter dated June 30, 2020.
