Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Pizza Ranch, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Pizza Ranch, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pizza Ranch, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pizza Ranch, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pizza Ranch, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Pizza Ranch, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PIZZA RANCH, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of Plan

The following description of the Pizza Ranch, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan's summary plan description and plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Pizza Ranch, Inc., (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA). The Company is the sponsor and administrator of the Plan. Newport Trust Company is the trustee of the Plan (the "trustee"). The trustee provides recordkeeping services for the Plan.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act were effective on January 1, 2020 and require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

The Plan administrators and recordkeeper have reviewed the requirements of the SECURE Act and CARES Act and their impact on the Plan and implemented them accordingly. These amendments have not been retroactively adopted as of December 31, 2021.

The plan was restated October 1, 2021 to add involuntary cash-out distributions for terminated participants with vested balances of \$5,000 or less. Involuntary cash-out distributions are subject to automatic rollover to an Individual Retirement Account.

Eligibility

All full-time employees who have one year of service and are age 19 or older are eligible to make contributions and to receive employer matching contributions to the Plan, starting on the first day of each Plan quarter immediately following or coincident with date eligibility is met.

Contributions

Contributions are deducted from the employees' paychecks, up to 100 percent of pretax annual compensation, limited to \$19,500 for 2021 and 2020 due to Internal Revenue Code (IRC) requirements. The Plan also allows for participants who are 50 years of age or older to contribute up to \$26,000 for 2021 and 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Safe Harbor matching amounts are contributed by the Company equal to 100% of salary deferrals that do not exceed 3% of compensation plus 50% of salary deferrals between 3% and 5% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution, and Plan earnings (net of administrative expenses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PIZZA RANCH, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of Plan (continued)

Vesting

Participants are always 100% vested in their accounts attributable to the following contributions: (a) elective deferrals including Roth 401(k) deferrals and catch-up contributions, (b) rollover contributions, and (c) safe harbor match contributions. Participants' vested percentage attributable to nonelective contributions and additional discretionary matching contributions are based on years of continuous service as follows:

0% - Less than 2 Years	20% - 2 Years	40% - 3 Years
60% - 4 Years	80% - 5 Years	100% - 6 or More Years

Payment of Benefits

On termination of service, a participant with a vested account balance that does not exceed \$5,000 must take a lump-sum payment in cash. If no request is made for a lump-sum payment, all vested account balances that do not exceed \$5,000 will be automatically rolled to an Individual Retirement Account. A participant with a vested account balance of \$5,000 or more may elect to receive a distribution of the vested account balance in a lump-sum payment in cash.

Administration of Plan Assets – The Plan's assets are administered under contract with Newport Trust Company. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

Administration Expenses

All reasonable Plan administrative expenses including those involved in retaining professional services may be paid from the assets of the Plan to the extent permitted by the participants' individual agreements. These expenses may be allocated to all Plan participants, or for expenses directly related to one participant, charged against that participant's account balance. The Company may, at its discretion, pay a portion or all of these expenses.

Forfeited Accounts

Forfeitures are used to reduce future employer contributions. Employer contributions were reduced by \$0 and \$185 in 2021 and 2020, respectively. The Plan had a forfeited account balance of \$36 as of December 31, 2021 and 2020.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

PIZZA RANCH, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 2: Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. There were requests for withdrawal received before December 31, 2021 and 2020 that totaled \$2,180 and \$0, respectively that were not paid out as of December 31, 2021 and 2020.

Separated Participants

Plan assets that are attributed to participants who have separated from service but have not withdrawn their 401(k) account balance as of December 31, 2021 and 2020 total \$1,338,089 and \$1,437,479, respectively.

Note 3: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100 percent vested in their accounts.

Note 4: Information Prepared and Certified by Trustee

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company (the trustee of the Plan).

Note 5: Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly, such as:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;

PIZZA RANCH, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 5: Fair Value Measurements (continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Fund: Valued at net asset value (NAV) of one dollar per share.

Mutual Funds: Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021 and 2020, respectively:

Assets at Fair Value as of December 31, 2021				
Investment Category	Fair Value	Level 1	Level 2	Level 3

PIZZA RANCH, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 6: Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2021 and 2020, the Plan had investments of \$6,054,481 and \$5,050,504 respectively, that were concentrated in three funds.

Note 8: Related Party and Party-In-Interest Transactions

The Plan's investments are shares of funds managed by Newport Trust Company. Newport Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These fees were included in administrative fees. Administrative fees paid by the Plan to Newport Trust Company total \$89,264 and \$67,744 for the years ended December 31, 2021 and 2020, respectively.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the audit fee are paid directly by the Company.

During 2021 and 2020, the plan sponsor did not remit certain participant contributions to the plan in a timely manner, as defined by ERISA. The instances for the year ending December 31, 2021 are pending correction through the voluntary fiduciary correction program. These contributions are considered nonexempt party-in-interest transactions, which may result in an imposition of a 15 percent excise tax on the amount of the transactions. The 2020 instances have been fully corrected under the voluntary fiduciary correction program.

Note 9: Subsequent Events

Subsequent events have been evaluated through August 8, 2022, which is the date the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

Note 9: Subsequent Events (continued)

Effective January 1, 2022 and June 1, 2022, new locations, Algona, Iowa and Sergeant Bluff, Iowa, were added to the multiple-employer plan, respectively. Also, two more locations in Iowa were added to the multiple-employer plan on July 1, 2022: Spencer and Sioux City.
