INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Administrator
Brox Industries, Inc. 401(k) Retirement Plan
Dracut, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Brox Industries, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Brox Industries, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Brox Industries, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Brox Industries, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Brox Industries, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Brox Industries, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Brox Industries, Inc. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BROX INDUSTRIES, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

DECEMBER 31, 2021 AND 2020

Note 1 - Description of the Plan

The following brief description of Brox Industries, Inc. 401(k) Retirement Plan is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - Brox Industries, Inc. and its affiliate, CMI Leasing Corp (the Companies), established the Plan, a 401(k) profit sharing plan, for the benefit of their eligible employees and their beneficiaries. Under the Plan, a certain amount of employee wages, as defined in the Plan, can be deferred as an employee contribution to the Plan. Brox Industries, Inc. is the plan administrator. Effective April 15, 2021, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West") serves as the custodian and trustee, respectively, of plan assets. As of December 31, 2020 and for the period January 1, 2021 through April 15, 2021, Massachusetts Mutual Life Insurance Company ("MassMutual") served as record keeper and custodian of plan assets. Great-West and MassMutual allocate to each participant account its proportionate share of the funds' investment earnings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Companies' contributions to the Plan are based on participants' pretax contributions, at a rate of 100% of the first 3% of eligible wages. Additional matching contributions up to 3% of eligible wages are at the discretion of the Companies. The Companies' matching contributions to the Plan for the year ended December 31, 2021 amounted to \$542,884 which represents 6% of eligible wages. Additionally, the Plan provides for a profit sharing contribution at the Companies' discretion. Each employee's portion of the Companies' discretionary profit sharing contribution is based on the employee's compensation in relation to the plan compensation.

Contributions made by "highly compensated" employees may be restricted to satisfy Internal Revenue Code discrimination rules. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participation - The Plan includes all employees of the Companies who are at least 21 years old, who have completed six months of service on the semi-annual enrollment date and who are not included in a unit of employees covered by a collective bargaining agreement between the employers and employee representatives. Eligible employees may contribute to the Plan through payroll deductions at a specified percentage (ranging from 3% to 100% up to annual maximums as allowed by law) of their compensation.

Enrollment - Effective January 1, 2008, the Plan adopted provisions for automatic enrollment. Employees who first become eligible to participate in the Plan on or after January 1, 2008, who fail to affirmatively make any deferral election (including an election to contribute 0% of eligible compensation) within the time prescribed by the Administrator, shall be deemed to have elected to defer 3% of eligible compensation as a pre-tax contribution. Automatically enrolled participants have their contributions invested in the American Funds American Balanced Investment Option until changed by the participants. Participants may change such deferral percentage at any time.

BROX INDUSTRIES, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

DECEMBER 31, 2021 AND 2020

Note 1 - Description of the Plan (Continued)

Participant Accounts - Participants shall direct the investment of their accounts among various investment options. Each participant's account is credited with (a) the participant's contribution, (b) the Companies' matching contributions (c) an allocation of the Companies' discretionary matching contribution (d) an allocation of the Companies' discretionary profit sharing contribution, if any, and plan earnings based on participant contributions and account balances, respectively, and (e) plan expenses, if any. The benefit, to which a participant is entitled to, is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and company profit sharing contributions, plus actual earnings thereon. Vesting in the matching contributions is based on years of service. A participant is 100 percent vested after three years of credited service. A year of service is twelve consecutive months in which a participant has worked at least 1,000 hours of service.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions to various investment options including mutual funds and a fixed annuity fund effective April 15, 2021 and pooled separate accounts and a guaranteed income fund prior to April 15, 2021. Participants may reallocate their funds or redirect new contributions on a daily basis among any of the offered funds.

Forfeitures - Forfeitures are applied to reduce future employer contributions or pay administrative fees in the following plan year. Unallocated forfeitures at December 31, 2021 and 2020 amounted to \$28,993 and \$15, respectively. Employer contributions have been reduced by \$1,945 and \$10,400 from forfeited non-vested accounts during the year ended December 31, 2021 and 2020, respectively.

Notes Receivable from Participants - With the approval of the plan administrator and subject to plan restrictions, participants may borrow an amount greater than \$1,000 but may not exceed the lesser of \$50,000 or 50% of their vested account balance. All notes are due over a maximum of five years, including for the purchase of a primary residence, and bear an interest rate equal to the prime lending rate plus two points. The notes receivable are secured by the participant's vested interest in the Plan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits and Withdrawals - Benefits, to the extent they are vested, are payable to an eligible employee or former eligible employee upon disability, early retirement, normal retirement at or after age 65 or other severance of service.

For balances less than \$1,000, benefit payments are made in the form of a lump sum payment. For balances greater than \$1,000, but less than \$5,000, benefit payments are made in the form of either a lump sum payment, or are rolled over into an Individual Retirement Account for the benefit of the participant. Participants with balances greater than \$5,000 may elect to defer benefit payments or may elect to receive payments either in the form of a lump sum payment, a rollover distribution to an eligible retirement account, or in a series of monthly payments. Assets attributed to terminated participants with balances remaining in the Plan amounted to \$4,021,532 and \$3,870,630 at December 31, 2021 and 2020, respectively.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

DECEMBER 31, 2021 AND 2020

Note 1 - Description of the Plan (Continued)

Payment of Benefits and Withdrawals (Continued) - Participants may withdraw their elective deferrals upon certain hardship situations defined in the Plan or upon attainment of age 59 1/2.

Pursuant to the CARES Act, participants affected by the coronavirus, as defined in the Act, who withdrew funds from their accounts as a Coronavirus-Related-Distribution (CRD), may recontribute such CRD's to the Plan (up to the amount distributed) within three years and the amount recontributed is treated as a roll-in contribution.

Note 2 - Summary of Significant Accounting Policies

Plan Amendment and Termination - The Plan may be amended at any time by the Board of Directors of the Companies, provided that no such amendment may deprive participants of their vested benefits.

Although it has not expressed any intent to do so, the plan sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the participant accounts would become fully vested and the assets would be distributed to participants in accordance with the terms set forth in the Plan.

Basis of Accounting - The financial statements have been prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - All investments are recorded at fair value in these financial statements, except for a fully benefit-responsive investment contract, which is reported at contract value. Fair value is measured in accordance with U.S. generally accepted accounting principles as more fully described in Note 3.

Purchases and sales of securities are recorded on a trade-date basis or, if not materially different, the settlement date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully benefit-responsive contracts held by a defined-contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

DECEMBER 31, 2021 AND 2020

Note 2 - Summary of Significant Accounting Policies (Continued)

Unit Values - Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the trust, but do have an interest therein represented by units which are valued daily. The trust earns interest which is automatically reinvested in additional units. Generally, contributions to and withdrawals from the trust are converted to units by dividing the amount of such transactions by the unit values as last determined and the participant's accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Income Tax Status - The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax laws.

Effective April 15, 2021, the Plan utilizes a Great-West Trust Company pre-approved non-standardized defined contribution plan document. The pre-approved plan being utilized obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service state that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. As of December 31, 2020 and for the period January 1, 2021 through April 15, 2021, the Plan operated under the Massachusetts Mutual Life Insurance Company defined contribution volume submitter plan and trust. This volume submitter plan and trust obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code.

The plan administrator believes the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the plan was qualified as of the financial statement date.

In determining the recognition of uncertain tax positions, the Plan applies a more-likely-than-not recognition threshold and determines the measurement of uncertain tax positions considering the amounts and probabilities of the outcomes that could be realized upon ultimate settlement with taxing authorities. As of December 31, 2021, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is generally subject to potential examination by taxing jurisdictions for the prior three years. Currently there are no audits in progress for any tax periods.

YEAR ENDED DECEMBER 31, 2021

DECEMBER 31, 2021 AND 2020

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Fees - Under the MassMutual Plan, a portion of the Plan's investment income was used to fund a holding account held by the plan. The holding account was maintained to pay the Plan's administrative fees. Effective April 15, 2021, if the Company does not pay the Plan's administrative fees, fees are permitted to be paid from Plan assets. Such fees will either be paid by the Plan's forfeitures account or allocated to participant accounts as more fully described in plan documents. Additionally, certain fees are directly paid by the Plan's participants and include fees for origination of notes receivable from participants and distributions. Certain other administrative fees including legal and audit fees relating to the Plan were paid by the Plan sponsors.

Subsequent Events - The date to which events occurring after December 31, 2021 have been evaluated for possible adjustment to the financial statements or disclosure is the date of the Independent Auditor's Report which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurement

Fair value is defined under U.S. generally accepted accounting principles as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan is required to maximize the use of observable inputs, minimize the use of unobservable inputs, and disclose in the form of an outlined hierarchy the details of such fair value measurements. The hierarchy of valuation techniques is based on whether the inputs to fair value measurement are considered to be observable or unobservable in a marketplace. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The hierarchy requires the use of observable market data. When available, these inputs have created the following fair value hierarchy:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets in active markets or quoted prices for identical assets in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in estimating the value of the assets.

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund and calculated at the close of business on the NYSE. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds are classified within Level 1 of the valuation hierarchy.

Note 3 - Fair Value Measurement (Continued)

Pooled Separate Accounts

The fair values of participant units held in pooled separate accounts are based on their net asset values, as reported by the managers of the pooled separate accounts. The net asset value per share is used as a practical expedient to estimate fair value and is supported by the unit prices of actual purchases and sales transactions occurring as of the financial statement date. These investments measured at net asset value per share have not been classified in the fair value hierarchy.

The following table presents the financial instruments carried at fair value, by caption on the statements of net assets available for benefits and by the valuation hierarchy (as described above) as of December 31, 2021 and 2020, respectively:

	<u>2021</u>	<u>2020</u>
<u>Level 1</u>		
Mutual funds	\$ <u>23,914,556</u>	\$ <u>-</u>
Total Fair Value	\$ <u><u>23,914,556</u></u>	\$ <u><u>-</u></u>

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Instrument</u>	<u>Fair Value at 12/31/20</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

Note 4 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at both fair value and contract value and notes receivable from participants held at December 31, 2021, and all investment income and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodian and trustee of the Plan, respectively. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at both fair value and contract value and notes receivable from participants held at December 31, 2020 was obtained by management and agreed to or derived from information certified as complete and accurate by Massachusetts Mutual Life Insurance Company.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021 **DECEMBER 31, 2021 AND 2020**

Note 5 - Guaranteed Income Fund and Fixed Annuity

The Plan held a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual") through April 15, 2021. Amounts contributed to this contract were deposited in MassMutual's general account. Payment obligations and the fulfillment of any guarantee specified in the group annuity contract were backed by the claims-paying ability of MassMutual. This guaranteed income fund was considered a group annuity contract with no maturity date. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value. In addition, upon a discontinuance of the contract, the contract value would be paid no later than 90 days from the date the sponsor provides notice of discontinuance. The minimum crediting interest rate under this contract was 1.55% for the year ended December 31, 2020. Such rates are reviewed every three months for resetting. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The value of the guaranteed income fund at December 31, 2020 was \$2,039,645. During 2021, as part of the restatement of the Plan, this contract was terminated and all amounts invested in the guaranteed income fund were transferred to the Great-West Investments Fixed Account - Series Class IV.

Effective April 15, 2021, the Plan holds a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company ("Great-West") that invests contributions in the Great-West Investments Fixed Account - Series Class IV. The Great-West Investments Fixed Account - Series Class IV is a general account product guaranteed by the general account assets of Great-West Life & Annuity Insurance Company. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The minimum crediting interest rate under this contract is 1.65%. Such rates are reviewed every three months for resetting. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The value of the fixed annuity fund at December 31, 2021 was \$1,657,573.

Certain conditions may limit the ability of the Plan to transact at contract value with Great-West. Such circumstances include but are not limited to total or partial plan termination, plan merger, and certain other employer-initiated events. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring in the near term.

Note 6 - Notes Receivable from Participants

Interest rates range from 5.25% to 7.50% as of December 31, 2021, with maturity dates ranging through July 29, 2026. Interest rates range from 5.25% to 7.50% as of December 31, 2020, with maturity dates ranging through October 13, 2025.

DECEMBER 31, 2021 AND 2020

Note 7 - Parties-in-Interest Transactions

Plan investments include the guaranteed investment contract issued and managed by Great-West. Therefore, related transactions qualify as party-in-interest transactions. During the year ended December 31, 2021, fees totaling \$30,564 were charged and allocated to participant accounts on a pro rata basis. These fees were paid to the Plan's investment advisor, Merrill Lynch, Pierce, Fenner & Smith Incorporated, in an amount of \$24,952 and the Plan's record keeper, Great-West Life & Annuity Insurance Company in an amount of \$5,517 and Advised Assets Group, LLC for investment management in an amount of \$95. Distribution fees paid to Great-West Life & Annuity Insurance Company in the amount of \$1,250 were charged directly to participant accounts.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemic related issues or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
