Gecko's Hospitality Group, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

General

Gecko's Hospitality Group, LLC (the "Company") sponsors Gecko's Hospitality Group, LLC 401(k) Plan (the "Plan"), which is a defined contribution plan. Substantially all employees of the Company are eligible to participate in the Plan subject to the eligibility criteria discussed below.

The Plan Administrator is responsible for the day-to-day operation and administration of the Plan. The Plan Administrator maintains the plan records, provides forms necessary to request a distribution from the Plan, and directs the payment of vested benefits when required under the Plan. The Plan enables qualified employees of the Company to voluntarily defer pre-tax and/or after-tax compensation to provide additional income for retirement. The Plan is a defined contribution plan, which is intended to qualify under Section 401(a) of the Internal Revenue Code. As a defined contribution plan, it is not covered under Title IV of ERISA, and therefore, benefits are not insured by the Pension Benefit Guaranty Corporation.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

Eligibility and Contributions

Employees must be at least 21 years of age and have completed one year of service in order to participate in the Plan. An employee must have worked at least 1,000 hours to meet the requirement of one year of service.

The IRS imposes limits on the amount that can be contributed as Salary Deferrals. For 2020, the maximum deferral limit is $19,500. A catch-up contribution for employees 50 years and older is $6,500.

Plan participants are also eligible for a Company match.

Matching Contributions

Employees are entitled to share in any Matching Contributions if the following conditions are met:

- The employee must meet the eligibility requirements above
- The employee must be employed on the last day of the Plan year
- The employee must have worked 1,000 hours during the Plan year

The Company is authorized under the Plan to make a Matching Contribution on behalf of eligible Plan participants. A Matching Contribution is an Employer Contribution that is made to participants who make Salary Deferrals to the Plan. The Company has discretion whether or not to make a Matching Contribution. Any Matching Contribution is determined as a percentage of Salary Deferral or as a uniform dollar amount. In determining the amount of Matching Contributions, the Company may decide not to match contributions above a specified percentage of compensation or above a specified dollar amount.

Participant accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and any Plan earnings or losses.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers registered mutual funds, which include 9 target retirement funds as investment options for participants.

Vesting

Plan participants are always 100% vested in the amount of their Salary Deferrals. Employer Matching Contributions vest under the following schedule:

Years of Vesting Service	Vested Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

The above vesting schedule no longer applies once a participant reaches Normal Retirement Age under the Plan. Participants still employed at Normal Retirement Age will be 100% vested in all contributions under the plan.

Participant Loans and In-Service Withdrawals

The Plan does not permit Participants to take a loan from the Plan. To access Plan assets, participants must be eligible to receive a distribution from the Plan.

In-service withdrawals to employees are limited to vested amounts in the Plan for those who satisfy the Plan's requirements for in-service distributions. Different in-service distributions apply depending on the type of contribution being withdrawn from the Plan. Salary Deferral and

Matching Contribution amounts can be withdrawn by participants who are to post-age 59.5 or have incurred a hardship.

Payment of Benefits

Following termination of employment, retirement, disability, or death, a distribution to a participant shall be made in a lump-sum cash payment except as otherwise provided in the Plan document.

Forfeitures

Participants are entitled to receive a distribution of *vested* benefits if employment is terminated before becoming fully vested in the Plan. Non-vested benefits will be forfeited. Forfeited amounts can be used by the Company to pay Plan expenses or to offset other Employer Contributions under the Plan. In 2020, there was $0.00 forfeited from non-vested accounts and available to pay expenses or reduce employer contributions.

Administrative Expenses

Fees and expenses of the Plan for legal, accounting, and other administrative services may be paid directly by the Plan or by the Company. If the Company does not pay Plan-related expenses, these fees will be allocated to the accounts of the Participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of Participants in the Plan.

Plan Amendments and Termination

The Company has the authority to amend the Plan at any time. Although the Company intends to maintain the Plan indefinitely, it has the ability to terminate the plan at any time, subject to the provisions of the ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles (“GAAP”) in the United States of America.

Investments Valuation and Income Recognition

The Company’s investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. See Note 6 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Payment of benefits is recorded when paid.

Income Tax Status

The Plan was designed in accordance with the applicable IRC requirements and, therefore, the related trust is not subject to tax under current tax law. The Plan is required to operate in conformity with the IRC to maintain its tax qualification. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, as a result, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Subsequent Events

Management has evaluated all events and transactions that occurred after December 31, 2020 through June 9, 2021, the date these financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee under such regulation:

- Total investments at fair value, included in the statement of net assets available for benefits

- Investment income information included in the statement of changes in net assets available for benefits
- All investment information as included in notes 4 and 6
- All information included in the supplemental schedule of assets held at year end

4. INVESTMENTS

The Plan's investments are held in trust by the trustee. The Plan's trust agreement requires the trustee to invest the Plan's assets into various fund options as directed by each participant.

During the year ended December 31, 2020, the Plan's net appreciation (depreciation) in investments (including gains and losses on investments bought and sold, as well as held during the year) resulted exclusively from mutual funds.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held in investments managed by the Plan trustee, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. FAIR VALUE MEASUREMENTS

The Plan accounts for certain assets and liabilities at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Plan categorizes each of our fair value measurements in one of these levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Unadjusted quoted prices available in active markets for identical investments as of the Reporting date.

Level 2 – Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The Plan's policy is to recognize significant transfers between levels at the actual date of the event for circumstance that caused the transfer. For the year ended December 31, 2020, there were no transfers in or out of levels 1, 2 or 3.

The Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as discussed as of December 31, 2020 are as follows:

	Plan Assets			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 611,904	-	-	$611,904
Total	$ 611,904	-	-	$611,904

Shares of mutual funds and money market funds are categorized as Level 1. They are valued at quoted market prices that represent the net asset value of shares held by the Plan year-end.
