BIOMATRIX SPECIALTY PHARMACY, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the BioMatrix Specialty Pharmacy, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was adopted effective January 1, 2013 as a defined contribution plan by Biomatrix Specialty Pharmacy, LLC, and has been amended and restated over the years to admit related employers into the Plan and comply with tax legislation. The Plan is sponsored by BioMatrix Specialty Pharmacy, LLC, and its controlled group affiliates FFP Holdco, LLC d/b/a BioMatrix, Factor Support Network Pharmacy, Inc., CMC Pharmacy, LLC, GRM Pharmacy, LLC, FFP Acquisition II, LLC, K&K Rx Services, LP, Elwyn Rx, Inc., and BiologicTx, LLC (collectively, the Sponsors or Employers). The Plan is a defined contribution plan covering the eligible employees of the Sponsors. Eligible employees of the Sponsors may participate in the Plan upon completing three months of continuous service and reaching age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan

The custodian of the Plan is Voya Retirement Insurance and Annuity Company (Voya or the Custodian) and its affiliate, Voya Financial is the Plan's recordkeeper. The Plan Administrator is BioMatrix Specialty Pharmacy, LLC (the Company). The Custodian holds all assets of the Plan in accordance with the service provider contract with the Company. The Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act:

- Special coronavirus distribution up to $100,000;
- Extended period for loan repayments, if applicable, up to one year; and
- Suspended required minimum distributions for 2020.

Contributions

Each year, participants in the Plan may contribute 90% of their annual compensation, as defined, within the limits prescribed by the Internal Revenue Service (IRS). Additionally, participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans (rollover). For the year ended December 31, 2020, individual participant contributions were limited to $19,500. Participants who are age 50 and older may also contribute an additional $6,500 for the year ended December 31, 2020. The Plan allows for Roth 401(k) contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employers make a safe harbor matching contribution of 100% of the first 3% of eligible compensation that a participant contributes to the Plan and an additional 50% between 3% and 5% of eligible compensation that a participant contributes to the Plan. For the year ended December 31, 2020, the Employers made safe harbor matching contributions to the Plan in the amount of $815,632. All safe harbor matching contributions are invested as directed by the participants. The Employers may make additional discretionary matching contributions. No such additional discretionary contributions were made for the year ended December 31, 2020.

Contributions are subject to certain IRS limitations.

Note 1 – Description of Plan, Continued

Participant accounts

Each participant account is credited with the participant's contribution, and an allocation of (a) the Employers' safe harbor contributions and (b) an allocation of Plan earnings or losses thereon, and is charged with his or her withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Vesting of benefits

Participants are immediately vested in their contributions and their Employers' safe harbor contributions, plus actual earnings or losses thereon. A participant must accumulate five years of credited service in order to be fully vested in the Employers' discretionary matching contribution, plus any earnings or losses thereon. Participant accounts become fully vested in the event of retirement (62), death, disability, or upon termination of the Plan.

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce future Employers' contributions. During the year ended December 31, 2020, no forfeitures were used. At December 31, 2020 and 2019, available forfeited nonvested accounts totaled $5,348 and $1,681, respectively.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%, determined as of the date of the loan request. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed thirty years.

Payment of benefits

Upon termination of service due to death, disability, retirement, or other reasons, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. Distributions may be in the form of a lump-sum payment, or a rollover into another qualified plan. The Plan does not allow for in-service withdrawals.

Administrative expenses

The Plan allows certain administrative expenses to be paid directly from Plan assets. Certain administrative expenses are paid directly by the Sponsors and are not reflected in these financial statements.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts which are valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2020 and 2019. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable is reduced and a benefit payment recorded.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Risks and uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Payment of benefits

The Plan records benefits when paid.

Other Plan liabilities

Other Plan liabilities consist of amounts the Plan Administrator identified as excess matching contributions made by the Employers during the years ended December 31, 2020 and 2019 which were subsequently refunded to the Employers.

Plan administration

The Employers are the Administrator of the Plan, and as such, they control and manage the operations of the Plan. The Plan's investments are maintained by Voya Retirement Financial, an affiliate of Voya Retirement Insurance and Annuity Company (the Custodian). Participant and the Employers' contributions are held and managed by the Custodian who invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the participants). EJ Reynolds, Inc. is the Plan's third-party administrator.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, Plan management has determined it does not have any positions at December 31, 2020 that it would be unable to substantiate.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment activity and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2020 and 2019.

Note 4 – Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Valued at its NAV based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31, 2020 and 2019:

	Fair Value Measurements at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 20,147,919	$ -	$ 20,147,919

	Fair Value Measurements at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 15,603,601	$ -	$ 15,603,601

Note 5 – Group Annuity Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive investment contract. The Voya Fixed Account is intended to be a long-term investment for participants seeking stability of principal through a group annuity contract with Voya Retirement Insurance and Annuity Company (VRIAC, the issuer). VRIAC may impose restrictions on transfers and withdrawals involving the Voya Fixed Account if competing investment options are offered.

The Voya Fixed Account guarantees principal and a guaranteed minimum interest rate (GMIR) for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period - currently one calendar year. The guaranteed minimum floor rate may change after a defined period, but it will never be lower than the GMIR that applies for the life of the contract. The current rate, the guaranteed minimum floor rate, and the GMIR are expressed as annual effective yields. For each of the years ended December 31, 2020 and 2019, the average interest crediting rate was 3.0%, which incorporates the effect of compounding, the daily yields of interest credited, and the current crediting rate. Contract value as reported by the issuer of the Voya Fixed Account at December 31, 2020 and 2019, was $377,788 and $348,488, respectively.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 – Group Annuity Contract with Insurance Company, Continued

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsors or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 6 – Party-In-Interest Transactions

Plan investments are administered by Voya Financial (Voya) for the years ended December 31, 2020 and 2019. The transactions with Voya qualify as party-in-interest transactions. Voya provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Sponsors and Voya. Voya receives revenue from pooled separate account service providers for services Voya provides to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan.

If the revenue received by Voya from such pooled separate accounts exceeds the amount owed under the MSA, Voya remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Sponsors may make a payment to Voya for administrative expenses not covered by revenue sharing.

Certain administrative functions are performed by officers and employees of the Employers. No officer or employee receives compensation from the Plan for these services.

EJ Reynolds is the Plan's third-party administrator and receives compensation for certain Plan reporting, accounting and compliance services. Therefore, transactions with EJ Reynolds qualify as party-in-interest transactions.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirement of ERISA.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Sponsors have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 9 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized profit-sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and therefore, the Plan and its related trust are tax-exempt.

Note 9 – Tax Status, Continued

The Plan has not received a determination letter specific to the Plan itself, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 10 – Delinquent Participant Contributions

During 2020 and 2019, the Sponsors were untimely in remitting certain participant contributions in the amount of $11,143 and $6,219, respectively. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Sponsors remitted the delinquent participant contributions, as well as related matching contributions in 2020 and 2019, respectively. In addition, the Sponsors reimbursed the Plan for lost earnings related to the 2020 and 2019 contributions in 2021 and 2020, respectively.

Note 11 – Significant Uncertainties

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic and the President of the United States of America declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined.

Note 12 – Subsequent Events

On June 1, 2021, Plan management executed a recordkeeping service agreement with The Lincoln National Life Insurance Company (Lincoln) and appointed Lincoln as the successor custodian and record keeper for the Plan. Substantially all of the Plan's assets were transferred to Lincoln.

Effective June 1, 2021, the Plan was amended and restated to comply with tax legislation and to merge the BioMatrix Care Coordination, LLC 401(k) Plan with the Plan.

Management evaluated activity of the Plan subsequent to December 31, 2020 through August 11, 2022, the date on which the financial statements were available to be issued, for events that require recognition in the financial statements or disclosure in the notes thereto.
