Plan Description

The following description of Kann Enterprises Inc (the Company) 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective March 13, 2019. The Plan covers all employees who have completed 1 year or 1000 hours of service and are age 21 or older except for employees included in a collective bargaining unit or nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may authorize payroll deductions up to 92% of compensation as before-tax or Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The employer may make a discretionary match and profit sharing contribution. In 2020 and 2019, the Company did not elect to make matching or profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company contribution and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral plus actual earnings thereon. Vesting in matching and profit sharing contributions is based on years of service. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Notes to Financial Statements

December 31, 2020 and 2019

Plan Description (continued)

Payment of Benefits

A participant may receive a lump-sum or installment payments amount equal to the value of the participant's vested interest in his or her account upon termination of service due to separation of service, death, disability, retirement or other reasons.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value footnote for discussion of fair value measurements.

Net appreciation/depreciation in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains/losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the participant, as provided by the Plan agreement.

Participant Notes Receivable

Participants are permitted to borrow a minimum of \$1000 up to a maximum equal to the lesser of 50 percent of their vested account balance or \$50,000, reduced by the highest outstanding note balance in their account during the previous 12 months, except for the amounts borrowed under the CARES Act, which are subject to higher limits. The note is secured by the balance in the participant's account and bears an interest rate based on rates available for similar notes from commercial institutions and is fixed for the term of the note. Interest rates on the outstanding notes as of December 31, 2020 were 4.25%. The notes are repaid ratably through payroll deductions over a period of five year or less.

Notes to Financial Statements

December 31, 2020 and 2019

Fair Value Measurements

ASC 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2020 and 2019

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Investments at fair value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 43,025	\$ -	\$ -	\$ 43,025

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 17,471	\$ -	\$ -	\$ 17,471

Information Prepared and Certified by the Trustee

Mid Atlantic Trust Company prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, net realized and unrealized gains and losses on investments, which were used to prepare the accompanying financial statements and supplemental schedule. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Mid Atlantic Trust Company:

	2020	2019
Mutual Funds	\$ 43,025	\$ 17,471

The Trustee also certified to the completeness and accuracy of the following related to the aforementioned assets for the year ending December 31, 2020 and 2019:

	2020	2019
Net appreciation in fair value of investments	\$ 5,121	\$ 1,124
Interest and dividends	\$ 721	\$ 299

Related Party Transactions

Related party transactions include those with fiduciaries or employees of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The notes receivable from participants as of December 31, 2020 in the amount of \$1,391 are party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

Notes to Financial Statements

December 31, 2020 and 2019

Tax Status

The Plan received a determination letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

COVID-19

Effective April 5, 2020 the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 1, 2020, the Plan adopted the temporary loan repayment deferral provision for the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Notes to Financial Statements

December 31, 2020 and 2019

Subsequent Events

The Plan evaluated subsequent events through July 26, 2022, the date the financial statements were issued. On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value since December 31, 2020.
