NOTE A: DESCRIPTION OF THE PLAN

The following description of LaBella Associates, P.C. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of LaBella Associates, D.P.C. (the "Company"). The minimum age requirement is 18 years for entrance into the Plan. Employees are eligible to participate in the Plan on the first day of the month coinciding with, or the next month following, the date the service requirements are met. The hours of service requirement is met when the employee has three consecutive months of service and at least 1,000 hours of service. Effective February 4, 2021, employees of Aztech Technologies, Inc. became eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants are entitled to defer up to the maximum amount or percentage allowed of their annual compensation, as defined in the Plan, as a qualified pre-tax contribution subject to maximum annual dollar contribution restrictions of ERISA and the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a matching contribution of a discretionary percentage of the participant's salary provided that the participant is actively employed on the last day of the plan year and has completed at least 1,000 hours of service during the plan year. The Company also has the option of making annual discretionary profit sharing contributions to the Plan.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's match, (b) the Company's discretionary contribution, and (c) plan earnings. Allocations of the Company's discretionary contributions are based on individual participants' deferrals for the year in relation to total deferrals of all participants for the year. Allocations of plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant loans

Participants are permitted to borrow up to 50% of the vested balance in their plan accounts to a maximum of $50,000. Participant notes receivable are measured and valued at their unpaid principal balance. The loans are payable over terms up to five years (longer if for the purchase of a principal residence) and bear interest at a fixed rate. The fixed interest rate is derived from the prime rate of interest plus 2% at origination. Principal and interest payments on the loans are redeposited into the participants' accounts based on their current investment allocation elections. Interest rates on participant loans range from 4.25-7.00% and expire at various dates through 2050.

Payment of benefits

Distribution of a participant's vested account balance is permitted upon retirement or prior to retirement in the event of death, disability, termination of employment, or immediate financial hardship.

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become fully vested in Company contributions plus actual earnings thereon after three years of service. A participant receives credit for a year of service if they complete at least 1,000 hours of service during the plan year.

Forfeited accounts

Any forfeitures arising under the Plan are applied against the Company's matching and profit sharing contributions. There were unallocated forfeiture balances of $1,255 and $31,431 at October 31, 2021 and 2020, respectively. There were $54,040 and $27,646 in forfeitures applied during the years ended October 31, 2021 and 2020, respectively.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements and supplemental schedule have been prepared on the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Generally, contributions and investment earnings are recorded as received and benefits and administrative fees are recorded as paid.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Mutual funds are valued at the net asset value multiplied by the number of shares held by the Plan at year end. The net asset value is determined using quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the modified cash basis. Capital gain distributions are included in net appreciation or depreciation in fair value of investments.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Payment of benefits
Benefits are recorded when paid.

Subsequent events
The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through August 3, 2022, which is the date the financial statements are available to be issued. See Note K.

NOTE C: FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits – modified cash basis at October 31, 2021 and 2020, the schedule of assets held for investment purposes and the related investment activity reflected in the statement of changes in net assets available for benefits – modified cash basis for the year ended October 31, 2021.

The following is a summary of the unaudited information regarding the Plan included in the Plan's financial statements and supplemental schedule, which was prepared by the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate:

	October 31,	
	2021	2020
Investments, at fair value	$ 79,043,860	$ 54,094,298
Participant notes receivable	625,663	547,234
Participant note interest	28,558	
Investment interest and dividends	2,141,411	
Net appreciation in fair value of investments	13,862,200	

NOTE D: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America (GAAP) requires enhanced disclosures about investments that are measured and reported at fair value. GAAP establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observance used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2021 and 2020.

Mutual funds: Valued at the quoted prices in active markets on which the individual securities are traded.

Common/Collective Trust: Valued at the net asset value ("NAV") of units of common collective trust held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The common collective trust generally permits redemptions daily. There are no unfunded commitments at October 31, 2021 and 2020. If the funds experience periods of insufficient liquidity then the common collective trust may defer honoring any payment request until liquidity is sufficient.

NOTE D: FAIR VALUE MEASUREMENTS, Cont'd

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2021 and 2020:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
October 31, 2021				
Investments in the fair value hierarchy:				
Mutual funds	$77,085,908	$ -	$ -	$77,085,908
Investments measure at net asset value:				
Common/collective trust	-	-	-	1,957,952
Total assets at fair value	$77,085,908	$ -	$ -	$79,043,860
October 31, 2020				
Investments in the fair value hierarchy:				
Mutual funds	$51,477,727	$ -	$ -	$51,477,727
Investments measure at net asset value:				
Common/collective trust	-	-	-	2,616,571
Total assets at fair value	$51,477,727	$ -	$ -	$54,094,298

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits – Modified Cash Basis.

NOTE E: TAX STATUS

The Plan obtained a determination letter on its prototype plan on March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE E: TAX STATUS, Cont'd

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to October 31, 2018.

NOTE F: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would immediately become 100% vested in their accounts.

NOTE G: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H: PARTY-IN-INTEREST TRANSACTIONS

The Plan considers "prohibited transactions" as reportable party-in-interest transactions. As described in Note B, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA. Except as noted in Note B, the Plan had no other reportable party-in-interest transactions.

NOTE I: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE J: FINANCIAL IMPACT OF COVID-19 OUTBREAK

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time. The Plan adopted certain features specified in Federal regulations of the Coronavirus Aid Relief and Economic Security Act for qualifying participants including COVID-19 distribution options of up to $100,000, deferment of loan payments, and elimination of 2020 Required Minimum Distributions for those participants who meet certain qualifications.

NOTE K: SUBSEQUENT EVENT

In January 2022, net assets of approximately $24,000,000 from The Chazen Companies 401(k) Plan were merged into the Plan. Chazen Engineering & Land Surveying, Co., P.C. ("Chazen") was acquired by the Company on December 31, 2020. The Chazen employees became employees of the Company effective January 1, 2022 and at that time were eligible to participate in the Plan.
