Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Irsik & Doll Feed Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management having determined it is permissible in the circumstances, has elected to have the audit of Irsik & Doll Feed Services, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4—Summary of Information Certified by Trustee of Plan Under Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Irsik & Doll Feed Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Irsik & Doll Feed Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Irsik & Doll Feed Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Irsik & Doll Feed Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Disclaimer of Opinion

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4—Summary of Information Certified by Trustee of Plan Under Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the 2020 financial statement. IRSIK & DOLL FEED SERVICES, INC. 401(K) PLAN
Cimarron, Kansas

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1—DESCRIPTION OF PLAN

The following description of Irsik & Doll Feed Services, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all employees of Irsik & Doll Feed Services, Inc. (the Company). Employees are eligible to participate in the Plan when they have completed three months of service and have attained age 21. Employees covered by a collective bargaining agreement and non-resident alien employees who do not have United States source income are not eligible to participate. Eligible employees participate in employer profit sharing contributions when they have completed one year of service in which they have worked at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Employee Contributions

Each year participants may elect to defer up to 50% of eligible compensation, as defined in the Plan, subject to the maximum amount allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to make after-tax (Roth) contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan contains a traditional Automatic Contribution Arrangement whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a deferral rate set at 3% of eligible compensation.

Company Contributions

The Company matches participant deferrals 100% up to 6% of eligible wages, not to exceed \$2,000 in any plan year. Each year the Company may make an additional discretionary profit sharing contribution to the Plan.

Investment Options

Participants direct the investment of both participant and employer contributions into various investment options offered by the Plan. If not directed by the participant, accounts will be invested in accordance with the default investment alternatives established under the Plan. The Plan currently offers mutual funds, common collective trust funds, and guaranteed investment contracts as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, when applicable, and an allocation of Plan earnings, charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Upon attainment of normal retirement age, death, or disability of the participant, all amounts are fully vested.

Notes Receivable from Participants

Participants may borrow funds from their accounts in the event of a hardship, or for a participant to meet certain specified financial situations. The loan must be a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance during the 12-month period ending on the day the new loan is made over the current outstanding loan balance on the date of the loan. The maximum number of loans the participant may have outstanding at any time is one. All loans must be repaid within 60 months, except for loans used to acquire any dwelling to be used as the participant's principle residence. The loans are secured by the balance of the participant's account and bear an interest rate at a commercially reasonable rate, which is determined by the administrator. The rate varies from 4.25% to 6.25% for loans outstanding as of December 31, 2021. Principal and interest is paid ratably through payment terms specified in each note agreement, but not less than quarterly.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment, a participant with a vested account balance exceeding \$1,000 may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If the vested account balance exceeds \$5,000, the participant may elect to receive a single lump-sum payment, installment payments over the life expectancy stipulated by the Plan, a partial withdrawal, or payment towards the purchase of an annuity contract. Participants with a vested balance not exceeding \$1,000 will be distributed as a single lump sum payment regardless of consent.

In-Service Withdrawals

Participants may make withdrawals of any or all of their vested account balances upon attainment of age 59 ½ or normal retirement age. The Plan also allows for hardship withdrawals from the elective deferral portion of the participant's account only.

Forfeiture Accounts

Forfeitures are allocated or divided among participants eligible to share in the Company's discretionary profit sharing plan. At December 31, 2021 and 2020, unallocated forfeiture account balances were \$144,983 and \$65,264, respectively. During 2021, new forfeitures of \$147,413 were allocated to eligible participants. In addition, the forfeiture account had earnings of \$1,031.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans, if any, are classified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See also Note 3—Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses (realized and unrealized) on investments bought and sold as well as held during the year.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability and are included in benefits paid to participants.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Operating Expenses

Certain administrative expenses of maintaining the Plan are paid by the Company. Recordkeeping services were paid for by the Plan.

Date of Management's Review

The Plan has evaluated subsequent events through August 4, 2022, the date the financial statements were available to be issued.

Financial Statement Presentation

Certain reclassifications have been made to the prior year's financial statements to conform to the current year's financial statement classifications.

NOTE 3—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

- Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds: are valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end Mutual Funds registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The Mutual Funds held by the Plan are considered to be actively traded.

Common Collective Trust Funds: are valued at the NAV as determined by the trustee of such funds based upon the underlying securities stated at fair value. The NAV as provided by the trustee of the funds is used as a practical expedient to estimate fair value.

Guaranteed Investment Contracts: are made with insurance companies or similar institutions and are reported at either fair value or contract value. Allocated contracts are excluded from the Plan's financial statements and unallocated contracts are included. Contracts may be general accounts, separate accounts, or pooled separate accounts. Unallocated contracts are valued at the NAV as determined by the trustee of such funds based upon the underlying securities stated at fair value. The NAV as provided by the trustee of the fund is used as a practical expedient to estimate fair value.

The following table sets forth the Plan's assets at fair value as of December 31, 2021:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	\$ 23,034,055	\$ <u>23,034,055</u>
Investments measured at net asset value per share (a)	<u>1,886,198</u>	
Total investments at fair value	<u>\$ 24,920,253</u>	

See explanation for (a) after 2020 table.

The following table sets forth the Plan's assets at fair value as of December 31, 2020:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	\$ 20,797,328	<u>\$ 20,797,328</u>
Investments measured at net asset value per share (a)	<u>2,586,832</u>	
Total investments at fair value	<u>\$ 23,384,160</u>	

- (a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4—SUMMARY OF INFORMATION CERTIFIED BY TRUSTEE OF PLAN UNDER SECTION 29 CFR 2520.103-8 OF THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS FOR REPORTING AND DISCLOSURE UNDER THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974. THE FOLLOWING INFORMATION INCLUDED IN THE ACCOMPANYING FINANCIAL STATEMENTS AND SUPPLEMENTAL SCHEDULE WAS OBTAINED FROM DATA THAT HAS BEEN PREPARED AND CERTIFIED TO AS COMPLETE AND ACCURATE BY THE TRUSTEE AS OF DECEMBER 31

The trustee of the Plan held all of the Plan's investment assets and executed transactions therein. Financial information relating to those assets is included in the accompanying financial statements based on information provided by the trustee. The Plan administrator has obtained certification from the trustee, as of and for the years ended December 31, 2021 and 2020, that such information is complete and accurate. That information which has not been audited by independent accountants is summarized as follows:

	2021	2020
Investments, at fair value	<u>\$ 24,920,253</u>	<u>\$ 23,384,160</u>
Notes receivable from participants	<u>\$ 59,468</u>	<u>\$ 56,615</u>
Total investment activity	<u>\$ 3,088,466</u>	

NOTE 5—PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6—TAX STATUS

The Plan has adopted a prototype-standardized plan designed to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the prototype plan has received an opinion letter dated June 30, 2020, that this Plan is relying on. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, exempting it from income taxes.

NOTE 7—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8—RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and guaranteed investment contracts managed by Transamerica Retirement Solutions (Transamerica). Transamerica is the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Transamerica for administrative services was \$67,747. This party-in-interest transaction is exempt from the prohibited transactions rules of the Employee Retirement Income Security Act of 1974.

The Company absorbs significant expenses of administering the Plan, including general administration and recordkeeping costs.
