Notes to Financial Statements

October 25, 2021 and December 31, 2020

1. Description of Plan

General

The following brief description of the FGX International, Inc. 401(k) Profit Sharing Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan was established on January 1, 1989 and was amended and restated on January 1, 2015. The Plan is a defined contribution plan that covers substantially all employees of FGX International, Inc. (the "Company" or "Plan Sponsor"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 1, 2021, the plan was merged with the Essilor of America Retirement Savings Plan (the "Essilor Plan") and all assets were transferred out of the plan as of October 25, 2021.

CARES Act

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has adopted the following provisions:

- 1) 401k loans have been temporarily increased for 180 days to \$100,000 from \$50,000 and can be equal to 100% of the participant's vested account balance
- 2) COVID 19 distributions can be taken in 2020 in an amount up to \$100,000 to pay for medical expenses or financial difficulties related to COVID-19. The 10% penalty for early distribution will be waived on these distributions.
- 3) Required minimum distributions are waived for 2020.
- 4) Repayment of COVID-19 related distributions may be repaid within three years of the date of the distribution and may be made in increments not to exceed the amount of the distribution that otherwise be eligible for rollover.

Eligibility

Employees of the Company are eligible to participate in the Plan on the 1st day of the next month following the completion of three months of service and upon the attainment of eighteen years of age.

Contributions

Participants may elect to contribute pre-tax or after-tax deferral contributions, up to the maximum amount permitted by the Internal Revenue Code ("IRC"). The Plan requires safe harbor 401(k) contributions of 100% of employee contributions that do not exceed 6% of eligible pay, as defined by the Plan.

The Plan permits employer discretionary matching contributions. The discretionary matching contribution is not to exceed 4% of eligible compensation. No discretionary contribution was made during the period ended October 25, 2021.

Forfeitures

Unvested balances of participants terminating their employment are forfeited at the earlier of time the participant requests a distribution or after a break in service of 5 consecutive years. Forfeitures of the Company are used to either reduce future Company contributions or to offset Plan administrative expenses. Forfeitures from employee accounts and fees paid from the forfeiture account approximated \$500 for the year ended December 31, 2020. For the period from January 1, 2021, to October 25, 2021, forfeitures for the account were approximately \$2,500. The forfeiture balance was transferred to the Essilor Plan effective October 1, 2021.

Vesting

Participants are immediately vested in their deferral contributions and safe harbor matching contributions, plus earnings thereon. Vesting in the Company's discretionary contributions is based on years of service, as follows:

<u>Years of Service</u>	<u>Vesting %</u>
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Accounts

Each participant's account is credited with their deferral contributions, employer contributions and the earnings thereon. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Payment of Benefits

Participants' vested interest in the Plan's assets are distributable generally upon termination, disability, retirement or death. In addition, participants may request in service withdrawals pursuant to specific guidelines as set forth in the plan document.

Notes Receivable from Participants

The maximum loan available to each participant is the lesser of \$50,000 reduced by the participant's highest outstanding loan balance during the preceding twelve-month period, or 50% of their vested account balance. The minimum loan amount available to participants is \$1,000. Each loan shall bear interest at a reasonable rate determined by the plan administrator based on prevailing interest rates at the time of the loan. Repayment of the loan must be made over a period not to exceed five years or ten years if used for the purchase of the participant's principal residence. Principal and interest is paid ratably through payroll deductions. Loans are secured by the participant's vested account balance. As of October 25, 2021 the loans had been transferred to the Essilor plan. Loans at the time of the transfer had interest rates between 4.25% - 6.5%.

Administrative Expenses

A portion of administrative expenses for the Plan is paid directly by the Company.

2. Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value or contract value (see Notes 4 and 5). Purchases and sales of investment securities are recorded on a trade-date basis. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 15, 2022, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Information Certified by the Plan's Trustee

The following is a summary of the investment information regarding the Plan as of October 25, 2021 and December 31, 2020 and for the period ended October 25, 2021, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by Reliance Trust Company, the custodian, and Standard Retirement Services ("Standard"), the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the trustee at October 25, 2021 and December 31, 2020, is as follows:

	2021	2020
Non interest-bearing cash	\$ -	\$ 15,153
Mutual funds	-	54,592,007
Guaranteed investment contract	-	4,321,912
	<u>\$ -</u>	<u>\$ 58,929,072</u>

The following was also certified by the trustee for the period ended October 25, 2021:

Net appreciation in fair value of mutual funds	<u>\$ 5,025,170</u>
Net appreciation in guaranteed investment contract	<u>\$ 71,322</u>
Interest and dividends from mutual funds	<u>\$ 461,958</u>

4. Fully Benefit-Responsive Insurance Contract

Under the terms of an agreement with the Standard Insurance Company (the "Standard"), the Plan is entered into a direct fully benefit-responsive Guaranteed Investment Contract (the "GIC"). Standard maintains the contribution to the GIC in a general account which is credited with earning on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC invests in a group annuity contract and no participant segregated or identifiable assets as ascribed to the fund. The GIC is valued at contract value which is represented by contributions plus a fixed rate of interest, less distributions from and administrative expenses of the contract and the Standard is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rates are set by Standard and declared quarterly. Crediting rates will never be below 1% annually. Certain events may limit the ability of the Plan to transact at contract value. During the period ended October 25, 2021, all funds in the GIC were sold and have been either distributed at the participants election or transferred to the Essilor Plan.

5. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liabilities; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 25, 2021 and December 31, 2020:

- Mutual Funds: Valued at unadjusted quoted prices in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of October 25, 2021, there were no investments remaining in the plan. Investments at fair value as of December 31, 2020 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 54,592,007	\$ -	\$ -	\$ 54,592,007
Total investments at fair value	<u>\$ 54,592,007</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 54,592,007</u>

6. Risks and Uncertainties

The Plan provides for investments in various funds, which invest in equity and debt securities and other investments. Such investments are exposed to risks and uncertainties, such as interest rate risk, credit risk, economic and political risks, regulatory changes, and foreign currency risk. The Plan's exposure to a concentration of credit risk is subject to the Plan's investment funds selected by participants. These risks and uncertainties could impact participants' account balances and the amounts reported in the financial statements. As of October 25, 2021, the plan has transferred all assets to the Essilor Plan and there were no participant account balances remaining.

7. Related-Party Transactions

Standard Retirement Services ("Standard") is the record keeper and third-party administrator as defined by the Plan and, therefore, qualifies as a party-in-interest to the Plan. Fees paid by the Plan to Standard for record keeping, administrative and other services amounted to approximately \$134,000 for the period ended October 25, 2021.

8. Plan Termination

The Company has the right under the Plan to amend, alter or terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, all participants' account balances shall be 100% vested and the account balances will be distributed to the participants by the Plan's trustee. The Plan was terminated subsequent to the merger with the Essilor Plan (see Note 1).

9. Tax Status

The underlying prototype plan from which the FGX International, Inc. 401(k) Profit Sharing Plan was drafted has received an opinion letter from the IRS, dated March 31, 2014, stating that the form of the plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2008 6 and 2005 16, the plan sponsor has determined that it is eligible to, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed that tax positions taken by the Plan and has concluded as of October 25, 2021 and December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.
