INDEPENDENT AUDITOR'S REPORT

To the Benefits Committee
Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution, as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the 2021 financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Information Required by ERISA

The supplemental information, schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The following is a brief summary of the various provisions of the Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan (the Plan).

General and eligibility

The Plan is a defined contribution plan that covers all employees of Chesapeake Energy Corporation (Chesapeake) and its subsidiaries (collectively with Chesapeake, the Company), except for employees covered by a collective bargaining agreement, leased employees, nonresident aliens, and residents of Puerto Rico, and except as otherwise stated in this paragraph, interns, student mechanics, temporary employees, and employees who became employed by the Company due to a Code Section 401(b)(6)(C) transaction during the transaction period. Temporary employees, student mechanics, and interns who have reached 21 years of age and have completed at least 1,000 Hours of Service, as defined in the Plan document, are eligible to participate in the Plan. There is no age or service requirement for all other nonexcluded employees. Eligible employees are automatically enrolled in the Plan 30 days after the date of hire, or after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by a committee of Chesapeake employees appointed by and serving at the direction of Chesapeake (the Benefits Committee). The Benefits Committee is responsible for administration of the Plan, except for duties related to selecting and monitoring the investment options provided under the Plan. The selection and monitoring of investment options, and related functions, is the responsibility of a separate committee of Chesapeake employees who are appointed by and serve at the direction of Chesapeake (the Investment Committee).

Fidelity Management Trust Company (the Trustee) serves as the trustee of the Plan and holds the Plan's assets. Fidelity Workplace Services LLC processes and maintains the records of the participant data.

Contributions

Each year, participants may contribute up to 75% of pre-tax, Roth, or after-tax annual salary compensation, and up to 75% of performance-related bonus compensation, as defined in the Plan document, subject to certain limitations (\$19,500 in 2021). Participants who are age 50 and above may elect to make additional "catch-up" contributions (\$6,500 in 2021). Participants may also contribute amounts representing rollover distributions from other qualified plans.

Eligible employees are automatically enrolled in the Plan with a 4% deferral rate. Eligible employees who do not wish to participate in the Plan may affirmatively elect to opt out, or they may elect a different deferral percentage. On the first day of each Plan year, deferral percentages are automatically increased by 1% up to a maximum of 10%, unless elected otherwise by the participant.

Prior to April 2, 2021, the Company matched 100% of participant contributions up to 15% of participant eligible compensation. Effective April 2, 2021, the Company matches 100% of participant contributions up to 6% of participant eligible compensation. The Company's matching contributions totaled \$9,562,002 in 2021. Profit-sharing contributions may be made at the discretion of Chesapeake. Contributions are subject

to certain annual limitations under the Internal Revenue Code of 1986, as amended (the Code). No discretionary profit-sharing contributions were made for the year ended December 31, 2021.

Participant accounts

Each participant's account is credited with participant contributions, the Company's matching contributions, and allocations of the Company's profit-sharing contributions and Plan investment income (loss). Allocations are based on participant investment income (loss) or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting of the Company's matching and profit-sharing contributions plus actual earnings thereon is based on years of credited service or retirement at or after age 65. Effective February 1, 2019, the Plan was amended as a result of Chesapeake's acquisition of WildHorse Resource Development Corporation (WildHorse) to allow for a participant's service with WildHorse to count as years of service for purposes of vesting under the Plan. A participant becomes 100% vested after five years of credited service under a graded vesting schedule of 20% each year. See Note 9 for vesting related to the partial plan termination of the Plan.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000, reduced by the excess of the highest outstanding loan balance during the preceding 12-month period over the loan balance on the date of the loan, or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1% at the time of loan origination. The prime rate as of December 31, 2021, was 3.25%. Principal and interest are paid ratably through payroll deductions. Interest rates on loans outstanding as of December 31, 2021, ranged from 4.25% to 6.50%, with loans maturing at various dates through 2031.

Upon termination, participants may choose to pay the loan in full within 60 days, set up direct deposit to continue paying back the loan, or default on the loan. If a participant defaults on the loan, the participant's loan balance is reduced and a benefit payment is recorded as a deemed distribution. There were \$89,029 of deemed distributions in 2021.

Payment of benefits

Upon termination of service due to death, retirement, or separation from service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or have the value rolled over to another qualified plan or individual retirement account. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Automatic distributions above \$1,000, made without the participant's consent, are rolled into an individual retirement account designated by the Trustee. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 72. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Amounts forfeited

Forfeited nonvested amounts are generally used to pay administrative expenses of the Plan or to reduce Company contributions into the Plan. Unallocated forfeited nonvested accounts totaled \$115,409 and \$425,180 as of December 31, 2021 and 2020, respectively. For the year ended December 31, 2021,

forfeitures in the amount of \$17,327 and \$391,655 were used to pay Plan administrative expenses and to reduce Company contributions, respectively.

Administrative expenses

Trustee and recordkeeper fees are paid by the participants through a fixed per-participant based fee structure excluding those participants that have balances under \$2,000. For participants with balances under \$2,000, the fees are paid by Chesapeake. Certain administrative expenses, such as annual audit fees, are paid by Chesapeake and are not included in these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

The Plan allows certain administrative expenses to be paid from Plan assets. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's investment fund lineup. The Plan participates in an agreement with the Trustee, where excess revenue may be returned and deposited into an unallocated revenue credit account. The amounts in the unallocated revenue credit account may be used to pay reasonable and necessary Plan expenses or may be allocated to participants. During the year ended December 31, 2021, the Plan used \$84,617 to pay certain Plan expenses. As of December 31, 2021 and 2020, there were \$1,832 and \$86,445 in unallocated funds in the revenue credit account, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. The Plan measures fair value as required by Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which provides a framework for measuring fair value under U.S. GAAP. Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability. See Note 4 for the fair value measurement disclosures associated with the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through August 5, 2022, the date the financial statements were available to be issued.

Note 3 – Information Certified by Fidelity

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying 2021 financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statement of net assets available for benefits as of December 31, 2021 and 2020;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the 2021 financial statements and supplemental information.

Note 4 – Fair Value Measurements

The authoritative guidance for fair value measurements, ASC 830, establishes a fair value hierarchy that prioritizes the inputs and valuation techniques used to measure fair value into three levels in order to increase consistency and comparability in fair value measurements and disclosures. The classification of assets and liabilities within the hierarchy is based on whether the inputs to the valuation methodology used for the fair value measurement are observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect the Plan's estimates about assumptions that market participants would use in pricing the asset or liability based on the best information available.

The three levels of hierarchy based on reliability of inputs are as follows:

Level 1	Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.
---------	--

Level 2	Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.
Level 3	Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or a liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Collective trust funds – Valued at the Net Asset Value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments relating to the collective trust funds as of December 31, 2021 or 2020. Were the Plan to initiate a full redemption of the collective trust funds, the investment adviser reserves the right to temporarily delay withdrawal from the trust to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, the Plan invests in a stable value collective trust fund with a 12-month redemption notice period.

Common stock, including those held in self-directed brokerage accounts – Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds, including those held in self-directed brokerage accounts – Valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in mutual funds generally may be redeemed daily.

Self-directed brokerage accounts – Assets held in self-directed brokerage accounts consist of mutual funds, cash equivalents, and common stocks. Cash equivalents are valued at amortized cost, which approximates fair value.

The valuation methods described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides by level, within the fair value hierarchy, classification information for Plan assets measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	Fair value measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 147,145,019	\$ -	\$ -	\$ 147,145,019
Self-directed brokerage accounts	12,266,867	-	-	12,266,867
Total assets in the fair value hierarchy	<u>\$ 159,411,886</u>	<u>\$ -</u>	<u>\$ -</u>	<u>159,411,886</u>
Investments measured at NAV*				<u>454,765,812</u>
Total investments at fair value				<u>\$ 614,177,698</u>
	Fair value measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Common stocks	\$ 60,765	\$ -	\$ -	\$ 60,765
Mutual funds	138,311,514	-	-	138,311,514
Self-directed brokerage accounts	11,754,093	-	-	11,754,093
Total assets in the fair value hierarchy	<u>\$ 150,126,372</u>	<u>\$ -</u>	<u>\$ -</u>	<u>150,126,372</u>
Investments measured at NAV*				<u>459,855,579</u>
Total investments at fair value				<u>\$ 609,981,951</u>

* In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 – Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. Certain administrative expenses, totaling approximately \$25,000, were paid by the Company on behalf of the Plan for the year ended December 31, 2021. The Company does not expect reimbursement from the Plan for these expenses.

The Plan invested in Chesapeake common stock during 2021 and 2020. Additionally, certain Plan investments are in mutual funds managed by Fidelity. The Plan also holds notes receivable representing participant loans. These transactions constitute party-in-interest transactions.

Certain fees incurred by the Plan are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to Fidelity which were not covered by revenue sharing. Because the Plan pays certain fees to Fidelity, and Fidelity is the trustee of the Plan, these transactions qualify as party-in-interest transactions.

Note 6 – Tax Status

The Company adopted a Preapproved Defined Contribution Plan (the Preapproved Plan) sponsored by Fidelity Management and Research Company. The Internal Revenue Service (IRS) has determined and informed the Preapproved Plan sponsor by a favorable opinion letter dated June 30, 2020, that the Preapproved Plan is designed in accordance with the applicable sections of the Code. The Preapproved Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. The Plan administrator has indicated that it will take the necessary steps, if any, to maintain the Plan's tax-exempt status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions by the Plan and has concluded that as of December 31, 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

Note 7 – Plan Termination

Although the Company has not expressed any intent to do so, the Company reserves the right to change, amend, or discontinue the Plan at any time, subject to the provisions of ERISA. In the event that the Plan is discontinued, participants will become 100% vested in their accounts and participant account balances will be distributed to participants in accordance with the terms of the Plan.

Note 8 – Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risk. In addition, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

Note 9 – Partial Plan Termination

Beginning in September 2020, the Company incurred a reduction in its workforce triggering a partial plan termination, which has been extended into 2021. As a result of the partial plan termination, the Plan was amended so that any employees who terminated employment January 1, 2020 through December 31, 2020, became 100% vested in the Employer contribution portion of their accounts. In 2021, employees who terminated employment January 1, 2021 through December 31, 2021, were also fully vested in the Employer contribution portion of their accounts.
