Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan

Opinion on the Financial Statements

We have audited the financial statements of Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise of the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan's ability to continue as a going concern for a period not to exceed twelve months.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 and Form 5500 Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

**Herbalife International of America, Inc. Employees
401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020**

Note 1. Plan Description

The following description of Herbalife International of America, Inc. Employees 401(k) Profit Sharing Plan (the “Plan”) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted on January 1, 1985 to qualify as a defined contribution retirement plan for Herbalife International of America, Inc.’s and related employers’ (the “Company” or “Employer”) eligible employees. The Plan has a pre-tax salary reduction provision as defined under Section 401(k) of the Internal Revenue Code (the “IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (“CARES”) Act was enacted and signed into law. Certain provisions of the CARES Act allows qualified retirement plans to adopt specific provisions of the CARES Act to provide relief to certain participants. Any provisions adopted will require subsequent amendment of the plan document. During the year ended December 31, 2020, the Plan did not apply any of the provisions of the CARES Act to the administration of the Plan.

Eligibility

All employees of the Company are eligible to participate in the Plan except for those represented by a collective bargaining agreement, nonresident aliens who do not earn income which constitutes United States source income, leased employees, employees located in Puerto Rico, individuals considered independent contractors and any self-employed individuals. Employees become eligible after completing 30 days of service. There is no minimum age requirement to be a Plan participant. Entry dates are the first day of the month after the employee meets the eligibility requirements.

Contributions

Under the terms of the Plan, participants may make pre-tax elective deferral contributions up to 75% of their annual compensation subject to the limitations set forth by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also have an option to designate all or any portion of their contributions to be withheld on an after tax basis as Roth elective deferral contributions.

Note 1. Plan Description (continued)

Contributions (continued)

Effective January 1, 2009, the Plan adopted “safe harbor” provisions which include an automatic enrollment feature. When hired as an eligible employee, participants are automatically enrolled in the Plan with a minimum deferral rate of 6%. The deferral rate increases 1% each year until the participant’s deferral rate reaches 15%. A participant may elect to have a higher or lower deferral rate or can elect to opt out of the Plan. The Company makes a matching contribution which qualifies as a “safe harbor” contribution. For the year ended December 31, 2021, the Company made a matching contribution of 100% of elective deferrals on the first 3% of deferred compensation, and 50% of elective deferrals that exceed 3% of deferred compensation, up to 6% of deferred compensation. For the year ended December 31, 2020, the Company made a matching contribution of 100% of elective deferrals on the first 1% of deferred compensation, and 50% of elective deferrals that exceed 1% of deferred compensation, up to 6% of deferred compensation.

Prior to January 1, 2009 the Company made discretionary matching contributions which were not subject to the “safe harbor” provisions.

The Company may also make a “non safe harbor” profit sharing contribution at the discretion of the Company. The Company did not make a profit sharing contribution during the year ended December 31, 2021.

The Plan allows participants to make rollover contributions from other qualified plans.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s qualified matching contributions, (b) the Company’s discretionary contributions and (c) Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations of Company discretionary contributions are allocated to participants who are active participants on the last day of the Plan year. Company discretionary contributions are based upon the ratio that each eligible participant’s compensation bears to the total compensation of all eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are 100% vested in their elective contributions and earnings on such contributions. Vesting in the “safe harbor” matching contributions and related earnings is based on years of continuous service according to the following schedule:

<u>Years of Service for Vesting</u>	<u>Percent Vested</u>
Less than two years of service	0%
Two years or more of service	100%

Note 1. Plan Description (continued)

Vesting (continued)

Vesting in the employer discretionary contributions and related earnings is based on years of continuous service according to the following schedule:

<u>Years of Service for Vesting</u>	<u>Percent Vested</u>
Less than one year of service	0%
At least one but less than two years of service	20%
At least two but less than three years of service	40%
At least three but less than four years of service	60%
At least four years but less than five years of service	80%
Five years or more of service	100%

Safe Harbor Election

The Plan has elected to be a Safe Harbor Plan according to IRC regulations. Accordingly, the Plan must meet certain requirements relating to employer contributions and vesting schedules and meet the applicable “safe harbor” requirement. If the Plan meets the “safe harbor” requirements it is not subject to certain discrimination tests required by the IRC.

Forfeitures

Amounts forfeited from terminating participants’ non-vested portion of their employer matching and discretionary contributions and earnings on such contributions, may be used to reduce administrative expenses or used to reduce the Company matching contributions. As of December 31, 2021 and 2020, there were approximately \$87,000 and \$16,000, respectively, of unallocated forfeited non-vested accounts available. During the year ended December 31, 2021, forfeitures of approximately \$175,000 were used to reduce employer matching contributions. In addition, approximately \$70,000 of forfeitures were used to pay administrative expenses for the year ended December 31, 2021.

Payment of Benefits

Plan benefits are distributed in a lump sum or in the form of a deferred payout upon normal retirement age of 65, death or total disability prior to retirement. Upon termination of employment by reason other than retirement, death or total disability, a participant may request to receive a cash distribution of his or her account.

Active participants may withdraw in a single sum any part of their vested account resulting from rollover contributions at any time, any part of their vested account resulting from elective deferral contributions in the event of undue financial hardship, or any part of their account upon attainment of age 59 ½.

Note 1. Plan Description (continued)

Payment of Benefits (continued)

Upon termination, a participant's total vested benefit of less than \$1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than \$1,000 but less than \$5,000 that is made without the participant's consent will be rolled over to an individual retirement plan with an affiliate of Principal Life Insurance Company.

Contribution Funding

The Company makes contributions to the Plan for participant and employer matching contributions concurrent with the related pay periods.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant accounts and are included in administrative expenses. Additionally, plan recordkeeping fees that are not paid by forfeitures are charged directly to participant accounts. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for unutilized forfeitures discussed in Note 1, the net assets of the Plan are allocated entirely to individual participants' accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Evaluation and Income Recognition

All investments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Note 2. Summary of Significant Accounting Policies (continued)

Investment Evaluation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded as earned. Net appreciation and depreciation includes the Plan's gain and losses on investment bought and sold as well as held during the year.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions 90 days after the loan becomes delinquent or defaulted.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 3. Fair Value Measurements (continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Pooled separate accounts and collective investment trusts: These investments are valued using the Net Asset Value ("NAV") as a practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust fund: The investment is valued using NAV as a practical expedient based on contract value, which represents invested principal plus accrued interest less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust are determined by the investee's trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value.

Note 3. Fair Value Measurements (continued)

Contract value is the relevant fair value for such an investment as that is the value of that participant's transactions are reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2021 and 2020:

	Fair Value Measurements Using Input Type			
<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

Note 3. Fair Value Measurements (continued)

The following presents additional information relative to the investments reported on net asset value at December 31, 2021 and 2020:

The pooled separate account investment funds are subject to the redemption frequency of one transaction per thirty day period. There are no other redemption restrictions, redemption notice requirements, or unfunded commitments related to the pooled separate account investment funds as of December 31, 2021 and 2020.

There are no redemption restrictions, redemption notice requirements, or unfunded commitments related to the collective investment trusts as of December 31, 2021.

The common/collective trust fund offered in the Plan is subject to a daily redemption frequency. The only other redemption restriction is the investment is subject to a deferral of redemption requests of up to twelve months, at the discretion of the Trustee of the fund. There are no redemption notice requirements or unfunded commitments as of December 31, 2021 and 2020.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would be 100% vested in their account balances.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market Risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Note 6. Party-in-Interest Transactions

Certain Plan investments are units of pooled separate accounts, units in collective investment trusts, and units in a common/collective trust fund all managed by Principal Life Insurance Company ("Principal"). Principal is an investment contract issuer which holds some of the Plan's investment contracts.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Principal, other investment custodians and investment advisors.

Note 6. Party-in-Interest Transactions (continued)

Additionally, as noted in Note 1 certain administrative expenses related to participant initiated transactions and certain recordkeeping fees are paid directly to Principal.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 7. Tax Status

The Company has adopted a prototype non-standardized plan which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company believes that the Plan as adopted has been operated in accordance with the Plan document. Accordingly, no provision was made for federal income taxes in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 8. Prohibited Transactions

During 2020, the plan sponsor inadvertently failed to deposit \$6,434 of participant deferrals within the required timeframe as stated by the U.S. Department of Labor ("DOL"). These deferrals were deposited beyond the earliest expected date on which assets could be segregated from the Company's assets. The DOL considers late deposits to be prohibited transactions. The plan sponsor is required to file Form 5330 and pay the excise tax relating to the prohibited transaction from the plan sponsor's assets and not from assets of the Plan, in addition to calculating and depositing the lost earnings on these deferrals to the affected participants' accounts. The plan sponsor deposited the lost earnings calculated on \$6,434 of the late contributions of participant deferrals related to the 2020 Plan year in August 2021.
