Independent Auditor's Report

To the Plan Administrator of the
Shenandoah Medical Center 403(b) Plan
Shenandoah, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Shenandoah Medical Center 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (Schedule 1), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Shenandoah Medical Center 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

(1) Description of Plan

The following description of the Shenandoah Medical Center (Employer) 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all eligible employees of the Employer, as defined by the Plan. Employees become eligible on their first day of employment with the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

B. Contributions

Contributions made to the Plan are as follows:

Participant Contributions – Each year, participants (employees) may elect to make contributions of their pre-tax or post-tax annual compensation, as defined in the Plan. The Plan includes an auto-enrollment provision. Employees are automatically enrolled in the Plan unless they affirmatively choose not to participate in the Plan. Automatically enrolled employees have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the employee. Effective January 1, 2021 the Plan no longer includes an automatic escalation provision. Employees who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer Discretionary Matching Contributions – The Employer may contribute a discretionary matching contribution in an amount equal to the employee's elective deferral per payroll period. During 2021, the Employer contributed matching contributions on up to 5% of the employee's eligible compensation. In order to receive the matching contribution, a participant must have reached the age of 21 and have completed 1 year of service, as defined by the Plan. Effective January 1, 2021 employees who are classified as PRN are not eligible to receive the matching contribution. The Plan entry date for Employer discretionary matching contributions is the first day of each calendar month.

Rollover Contributions – Participants may roll over amounts representing distributions from other qualified plans.

Participants direct the investment of their contributions (including rollovers), as well as the Employer's discretionary matching contributions, into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limits.

C. Participant Accounts

Each participant's account is credited with the participant's contributions (including rollovers) and Employer discretionary matching contributions, as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Shenandoah Medical Center 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

D. *Vesting*

Participants are vested immediately in their contributions (including rollovers) plus actual earnings (losses) thereon. Vesting in the Employer's discretionary matching contributions and actual earnings (losses) thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

Separate provisions apply in the event of death or disability of the participant.

E. *Notes Receivable from Participants*

Participant's may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The notes bear interest at rates equal to 1% above the USA Today prime rate as of the date of the note. Principal and interest is paid ratably through bi-weekly payroll deductions. The interest rates for notes as of December 31, 2021 range from 4.25% to 6.50%. Notes mature between April 2022 and November 2026.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to provide emergency assistance for individuals, families, and businesses affected by the coronavirus pandemic. The Plan has elected to adopt provisions of the CARES Act allowing eligible participants to request loans of up to \$100,000 or 100% of the participant's vested balance for qualifying coronavirus related reasons and make extended loan repayment periods available.

F. *Payment of Benefits*

On termination of service due to death, disability, or retirement, a participant's account will be applied to purchase an annuity contract, or in certain instances, a participant or a beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If the participant's account balance is less than \$5,000, the Plan can automatically cash out the account at the participant's termination in the form of a lump sum distribution.

The Plan has elected to adopt provisions of the CARES Act allowing eligible participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus related reasons. The CARES Act also provides for the temporary waiver of any required minimum distributions due in 2020.

G. *Forfeited Amounts*

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$4,010 and \$414, respectively. These accounts will be used to reduce future Employer discretionary matching contributions. In 2021, Employer discretionary matching contributions were reduced by \$57,000 from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

A. *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

C. *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. *Notes Receivable From Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

E. *Payments of Benefits*

Benefits are recorded when paid.

F. *Administrative Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

G. *Subsequent Events*

The Plan Administrator has evaluated subsequent events through July 20, 2022, the date the financial statements were available to be issued.

(3) Information Certified by Voya Retirement Insurance and Annuity Company and Nationwide Trust Company

The following is a summary of the Plan asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Voya Retirement Insurance and Annuity Company and Nationwide Trust Company.

The Plan Administrator has obtained certifications from Voya Retirement Insurance and Annuity Company and Nationwide Trust Company that information provided to the Plan Administrator related to the following information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets.

Voya Retirement Insurance and Annuity Company and Nationwide Trust Company certified to the completeness and accuracy of \$16,669,079 and \$14,884,913 of investments as of December 31, 2021 and 2020, respectively; \$168,190 and \$144,083 of notes receivable from participants as of December 31, 2021 and 2020, respectively; \$1,626,045 of net appreciation in fair value of investments, \$6,513 of interest and dividend income, as well as \$7,189 of interest income on notes receivable from participants for the year ended December 31, 2021.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Shenandoah Medical Center 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value (NAV) of its underlying investments held at year end adjusted for any dividends or distributions received and the daily equivalent of any fee charged pursuant to the contract.

Mutual funds: Valued at the NAV of its underlying investments held at year end adjusted for any dividends or distribution received and the daily equivalent of any fee charged pursuant to the contract.

Fixed accounts: The Plan's interest in the fixed accounts is based on the value of participant contributions plus credited interest, less any market value adjustment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Fixed accounts	\$ --	--	336,055	336,055
Investments measured at net asset value (a)				16,333,024
Total investments at fair value				\$ 16,669,079

	Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Fixed accounts	\$ --	--	323,933	323,933
Investments measured at net asset value (a)				14,560,980
Total investments at fair value				\$ 14,884,913

- (a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Shenandoah Medical Center 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

^ Certain funds in this category have a 30 day redemption notice period. Also, certain funds have trade restrictions on the number of transfers and maximum amount of a trade.

- (a) These funds invest in a combination of underlying funds, which are actively managed funds or passively managed funds (index funds), that invest in U.S. stocks, international stocks, U.S. bonds and other fixed-income investments using asset allocation strategies designed for investors saving for retirement.
- (b) These funds seek to "balance" growth of principal and current income by investing in a combination of stocks and bonds (generally holding 60-70% equity and 30-40% fixed income). The investment style used here is either moderate allocation or conservative allocation. Some funds have fixed asset allocations and others allow managers discretion to allocate between equities and bonds, depending on their view of return and risk.

Shenandoah Medical Center 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

- (c) Assets are invested in fixed income securities that have been determined to be appropriate for its investment goal. Investors here are primarily seeking income or growth of income, with less emphasis on capital appreciation.
- (d) These funds invest in stocks of companies outside of the U.S. These funds invest in securities of developing countries.
- (e) Large cap growth funds invest primarily in stocks of larger U.S. companies employing an investment style of growth. A growth fund invests in the stocks of companies that are growing rapidly. Growth companies tend to reinvest all or most of their profits for research and development rather than pay dividends. Growth funds are focused on generating capital gains rather than income.
- (f) Funds seek long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies. The investment styles exhibited are value and blend. Stocks are selected for price appreciation and for the value of the current income provided through dividends.
- (g) Small cap, mid cap and specialty funds are in this category, employing investment styles of growth, value, or a blend of growth and value. These funds seek capital appreciation by investing primarily in stocks of small and medium-sized companies.
- (h) Assets are invested in conservative investment options that seek - but not necessarily guarantee - to hold the principal value of an investment stable through all market conditions. These options may credit a stated rate of return or minimum periodic interest rate that may vary. Dividend rates and income levels fluctuate with market conditions and are not guaranteed. These investment options, including money market portfolios, are neither insured nor guaranteed by the U.S. government.
- (i) This class invests in funds with an investment objective of both long-term growth and income, through investment in both stocks and bonds.
- (j) This class invests primarily in funds with an investment in bonds and other debt instruments.
- (k) This class invests in funds with investments primarily in the securities of companies located outside of, or with revenues derived from outside of the U.S.
- (l) This class invests in funds with and investment in stocks of companies with a large market capitalization.
- (m) This class invests funds with investments primarily in stocks of companies with a medium market capitalization.
- (n) This class invests in short-term money market securities in order to provide a level of current income that is consistent with the preservation of capital.
- (o) This class invests funds with investments primarily in stocks of companies with smaller market capitalization.
- (p) This class invests in funds that invest in a particular or specialized segment of the marketplace, such as stocks of companies in the software, healthcare, or real estate industries.
- (q) This class invests in a mixture of stocks, bonds, and other investments that periodically adjust its holding percentages based on set target dates.

Shenandoah Medical Center 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

(6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

(7) Party in Interest Transactions

Certain Plan investments are shares of pooled separate accounts and a fixed account managed by Voya Retirement Insurance and Annuity Company (Voya). Also, certain Plan investments are shares of mutual funds and a fixed fund managed by Nationwide Financial Services, Inc. a related entity of Nationwide Trust Company. Voya and Nationwide Trust Company are service providers to the Plan, and therefore, these transactions qualify as party in interest transactions.

Investment management service fees are paid by the Plan participants as part of investment purchase price pursuant to the contracts.

(8) Tax Status

The Plan has adopted a volume submitter plan sponsored by FIS Business Systems LLC. The volume submitter plan has received an advisory letter from the IRS dated March 31, 2017 as to the volume submitter plan's compliance with Internal Revenue Code section 403(b). The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.
