RSM US LLP

Audit Committee and Board of Trustees
SourceAmerica Employees Money Purchase Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of SourceAmerica Employees Money Purchase Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets in liquidation as of December 23, 2021, and the related statement of changes in net assets in liquidation for the period from January 1, 2021 through December 23, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 23, 2021 and for the period from January 1, 2021 through December 23, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 financial statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by a qualified institution and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months beyond the date of the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter – Plan Freeze and Termination

As discussed in Notes 1 and 7 to the financial statements, the Board of Trustees of SourceAmerica, the Plan's Sponsor, adopted a resolution on July 31, 2020 to freeze the Plan effective as of September 30, 2020, and then terminate the Plan effective as of October 31, 2020, and management determined liquidation is imminent as of July 31, 2020. As a result, the Plan used the liquidation basis for the financial statements. In 2021, the Plan's remaining investments were liquidated and all of the Plan's assets were distributed.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SourceAmerica Employees Money Purchase Pension Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of SourceAmerica Employees Money Purchase Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of SourceAmerica (the Plan Sponsor) who complete at least six months of service and have reached age 21. All eligible employees become active participants on the first day of the month following completion of the age and service requirements. Individuals who are leased employees or independent contractors are not eligible to participate in the Plan. The Plan committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Finance Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On July 31, 2020, the Board of Directors of SourceAmerica consented to a freeze of the Plan with an effective date of September 30, 2020, and to the termination of the Plan with an effective date of October 31, 2020. In conjunction with the freezing of the Plan effective September 30, 2020, employees were no longer eligible to enter the Plan as of the date and no further contributions were made to the Plan. As of December 23, 2021, the Plan's remaining investments were liquidated and all of the Plan's assets were distributed to participants.

Contributions: During the year ended December 31, 2020, SourceAmerica made contributions equal to 3% of eligible participant compensation, as defined by the Plan. The Plan does not allow participant contributions and contributions are subject to certain limitations. Effective September 30, 2020, the Plan was frozen and no further contributions were made to the Plan.

Investment options: Upon enrollment in the Plan, a participant could direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants could change their investment options daily.

Participant accounts: Participants direct the investment of their accounts into various fund options offered by the Plan. Each participant's account is credited with allocations of: (a) SourceAmerica's contributions and (b) investment earnings (or losses) and charged with an allocation of administrative fees. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Vesting in relation to employer contributions and the earnings thereon, is based on years of continuous service, subject to certain break in service rules. Participants vest 20% each year beginning after their second year of service so that they are 100% vested after six or more years of service. In the event of death, permanent disability, termination of the Plan, or attainment by the participant of age 65 prior to termination of employment, a participant will automatically become 100% vested.

Upon the decision to terminate the Plan, effective on October 31, 2020, all participants were immediately vested in all employer contributions and earnings thereon.

Payment of benefits: Upon termination of service for any reason, a participant is entitled to a benefit equal to the value of the participant's vested interest in his or her account. If a participant is currently an employee of SourceAmerica and has not yet reached retirement age, the participant can only withdraw funds if the participant is at least age 62 or in the event of death. Participants may elect to receive a lump-sum distribution, installment payments, partial withdrawal, joint and survivor annuity, surviving spouse annuity or single life annuity.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Upon the decision to terminate the Plan effective on October 31, 2020, participants were provided the opportunity to elect full distribution of their account balance or to rollover their account balance to another qualified plan or individual retirement account. All Plan assets were liquidated as of December 23, 2021.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: Due to the decision in 2020 to terminate the Plan, management determined that liquidation of the Plan was imminent and the financial statements have been prepared using the liquidation basis of accounting. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan had no investments as of December 23, 2021. The Plan's investments as of December 31, 2020 were reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Finance Committee determines the Plan's valuation policies utilizing information provided by the trustee, investment advisor and insurance company. See Note 4 for discussion of fair value measurements.

The Plan has funds invested in a group annuity contract with an insurance company. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets in liquidation as of December 23, 2021 and December 31, 2020, and the statement of changes in net assets in liquidation for the period from January 1, 2021 through December 23, 2021, are prepared on a contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2021) through August 1, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Delaware Charter Guarantee & Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 23, 2021 and December 31, 2020, and for the period from January 1, 2021 through December 23, 2021, included throughout the Plan's financial statements, that was prepared by or derived from information provided by Delaware Charter Guarantee & Trust Company, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31, 2020
Investments at fair value:	
Registered investment companies	\$ 10,649,689
	<u>\$ 10,649,689</u>
Investment at contract value:	
Group annuity contract	\$ 598,706
	<u>\$ 598,706</u>

Delaware Charter Guarantee & Trust Company also certified the completeness and accuracy of \$392,716 of net appreciation in fair value of investments and \$2,039 of interest and dividend income related to the aforementioned plan assets for the period from January 1, 2021 through December 23, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There were no assets held as of December 23, 2021. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

Description	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,649,689	\$ -	\$ -	\$ 10,649,689

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Fully Benefit-Responsive Investment Contracts

As of December 31, 2020, the Plan has a fully benefit-responsive traditional group annuity contract with Principal Life Insurance Company (Principal Life) that is reported at contract value. Principal Life maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and contract expenses. The group annuity contract issuer is contractually obligated to repay to the Plan the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets in liquidation as of December 31, 2020, at contract value. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and contract expenses. Contract value, as presented, approximates liquidation value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020, was \$598,706. The crediting interest rate is based on a formula agreed upon with the issuer. As of December 31, 2020, the crediting interest rate was 1.55%. Such interest rates are currently reviewed on a semi-annual basis for resetting.

Note 5. Fully Benefit-Responsive Investment Contracts (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) any employer initiated transactions, those deemed not initiated by Plan participants, which are executed inside of 12-month notice period or (2) transfer by Plan participants that are in contemplation of termination of a Plan's interest, as defined by Principal Life, which are executed inside of 12-month notice period.

The group annuity contract permits the insurance company to stop receiving deposits with appropriate notice. Payments under the contract will continue to be made until all amounts are disbursed in accordance with the terms of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Related Party and Party-in-Interest Transactions

Delaware Charter Guarantee & Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$6,415 for the period from January 1, 2021 and December 31, 2021. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 7. Plan Termination

On July 31, 2020, the Board of Directors of SourceAmerica, the Plan's Sponsor, adopted a resolution to freeze the Plan effective as of September 30, 2020, and then terminate the Plan effective as of October 31, 2020. As a result, management determined liquidation was imminent. Disposition of the Plan's remaining assets was conducted and completed in an orderly manner through December 31, 2021.

Note 8. Tax Status

Effective October 1, 2020, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Financial Group. The prototype plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
