INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee
Severino Trucking Co., Inc. 401(k) Plan & Trust
Candia, New Hampshire 03034

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Severino Trucking Co., Inc 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits – modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Page 1

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, on the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information,

including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by Fidelity Management Trust Company (the "Custodian"), agrees to, or is derived from, in all material respects, the information prepared and certified by the Custodian that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1. Significant Accounting Policies

Valuation of investments: Severino Trucking Co., Inc 401(k) Plan (the “Plan”) includes investments in registered investment companies and money market funds that are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The changes in the difference between value and the cost of investments and realized gains and losses are reflected in the statements of changes in net assets available for plan benefits – modified cash basis as an increase or decrease in realized and unrealized appreciation or depreciation in the value of investments.

Accounting method: The Plan prepares its financial statements on the modified cash basis of accounting. Under this method, contributions and other amounts are recognized when deposited into the Plan and interest and dividends earned but not deposited on investments are not accrued. Investments are stated at fair value. The modified cash basis of accounting is a basis of accounting other than generally accepted accounting principles.

Estimates and assumptions: The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and the disclosure of contingent assets. Accordingly, actual results may differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Note 2. Description of the Plan

The following description of the Plan provides only general information. Further information about the Plan Document and benefit provisions is available from the Plan Administrator.

General: The Plan was established August 1, 1995 and was last restated on December 1, 2018. The Plan is a defined contribution plan covering all employees of the Plan Sponsor, Severino Trucking Co., Inc. (the “Company”) who have attained age 21 and completed six months of service. As part of the Plan restatement, participants hired after January 1, 2019 are automatically enrolled with a 4% deferral rate after meeting the eligibility requirements. Participants are eligible to make salary reduction contributions immediately upon entry to the Plan. Entry into the Plan occurs on the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is also the Plan Administrator.

Contributions: Under the Plan, participants may elect to make pre-tax contributions (“deferrals”) to their participant directed accounts held by the Trustee. Participants are also permitted to make after-tax Roth deferrals. Deferrals are limited to 75% of compensation, subject to certain limitations under Sections 415(c), 402(g) and 401(k) of the Internal Revenue Code (IRC). Participants who have attained, or expect to attain, age 50 before the end of the plan year are eligible to make catch-up contributions.

NOTES TO FINANCIAL STATEMENTS

The Company may elect to make a discretionary matching contribution. Employees must be considered eligible on the last day of the plan year to receive the match. Discretionary matching contributions are made annually in the following plan year. For the year ended December 31, 2021 the Company elected to make a 50% of the first 4% discretionary match contribution to be made in 2022. The Company can also make discretionary non-elective contributions. During 2021, there were no discretionary non-elective contributions made.

Taxes: Participants are not taxed on their pre-tax deferrals, on the employer contributions allocated to their accounts, or on earnings thereon until these amounts are distributed. Roth contributions are made with after tax amounts. Roth contributions and earnings thereon are withdrawn tax-free provided all required of IRC Section 402A are met.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants are also immediately vested in any rollover contributions plus actual earnings thereon. All employees hired before December 1, 2018 were given credit based on the general method. Under the general method, participants in the Plan before December 1, 2018 will receive a year of service if the participant works more than 1,000 hours in a plan year for plan years 2018 and prior. Employees that enter the Plan after December 1, 2018 will vest in their employer contributions based on whole years of service. A participant is 100% vested after six years of credited service.

Forfeitures: If upon termination of employment, a participant is not fully vested in their employer contribution, all non-vested amounts shall be retained by the Plan. Per the Plan Document, the Plan Sponsor may elect to use forfeitures reduce employer contributions. Unallocated forfeitures amounted to \$20 and \$677 as of December 31, 2021 and 2020, respectively.

Investment options: Upon enrollment in the Plan, a participant may choose to direct all contributions into a variety of investment options, with varying degrees of investment risk. Participants may change their investment options, transfer funds, and change deferral percentages per Trustee limitations and requirements.

Notes receivable from participants: Participants may borrow from their vested account balance with a minimum of \$1,000 to a maximum of the lesser of half the participant's vested balance or \$50,000. Note repayments (borrowings) are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Note terms range from one to five years or up to 15 years for the purchase of a primary residence. Participants are allowed to have only one loan open at a time. The notes are collateralized by the balance in the participant's account and bear interest at the Wall Street Journal prime rate (3.25% at December 31, 2021) plus 1%. Principal and interest are paid ratably through payroll deductions. Participant's notes are amortized on a 52-week year.

Payment of benefits: The Plan provides for withdrawals in the event of termination, death, disability or attainment of age 65, the Plan's normal retirement age. Benefit payments can be in the form of a lump-sum amount equal to but may not exceed the value of the participant's vested interest in his or her account. Participants may take hardship withdrawals from their elective deferral as well as the vested portion of employer contributions. Participants age 59½ and older are entitled to in-service distributions of all or any portion of vested account balances.

NOTES TO FINANCIAL STATEMENTS

Funding policy: Deferrals are withheld from participants' wages and remitted weekly; deferrals are invested based on the instructions provided by the participant. Employer discretionary matching contributions if any, are remitted on an annual basis to the Trustee, and are also invested based on the instructions provided by the participant.

Income tax status: The Plan qualifies under Section 401(a) of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its exempt status. The Plan has not received a determination letter from the Internal Revenue Service, however, uses a proto-type document which has received a determination letter.

The Plan adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal tax authorities for years before 2018.

Note 3. Fair Value Measurement

The Fair Value Measurement of the FASB Accounting Standards (FASB ASC 820-10) provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs are other than quoted prices that are observable for the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

NOTES TO FINANCIAL STATEMENTS

Registered investment companies and money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. Investments in registered investment companies and money market funds totaled \$9,738,191 and \$7,938,127 for the years ended December 31, 2021 and 2020, respectively, and are considered level 1 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Terminated Participants

At December 31, 2021, net assets available for plan benefits – modified cash basis allocated to those participants who have terminated from service approximated \$311,000.

Note 5. Costs and Expenses

Some of the costs and expenses associated with the operations of the Plan were paid by the Company for the year ended December 31, 2021.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its matching contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Transactions with Parties-in-Interest

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. However, under the provisions of ERISA these transactions meet the criteria for exemption, are not considered prohibited transactions, and do not need to be reported in the supplementary schedules of Form 5500.

The Plan invests in shares of registered investment companies managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company acts as Trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTES TO FINANCIAL STATEMENTS

Note 8. Risk and Uncertainties

The Plan provides for any combination of various investment options. Investments are exposed to various risks such as interest rate, credit and market volatility. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statement of net assets available for plan benefits - modified cash basis and the statement of changes in net assets available for plan benefits - modified cash basis.

The specific impact of the COVID-19 global pandemic on the Plan's investment securities is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Note 9. Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator has elected the methods of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company as of and for the years ended December 31, 2021 and 2020 has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	2021	2020
Investments:		
Registered investment company	\$ 9,738,191	\$ 7,938,127

Year ended December 31,	2021
Investment income:	
Net appreciation in value	\$ 673,164
Interest and dividends	518,525
Total	\$ 1,191,689

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through July 18, 2022 the date which the financial statements were available to be issued and has not evaluated subsequent events after that date. No subsequent events were identified that would require disclosure in the financial statements for the year ended December 31, 2021.
