Independent Auditor's Report

To the Pension Committee
The Allied Irish Bank Capital Accumulation
Retirement Plan and Trust
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Allied Irish Bank Capital Accumulation Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Allied Irish Bank Capital Accumulation Retirement Plan and Trust

Notes to Financial Statements

1. Description of the Plan

The following brief description of The Allied Irish Bank Capital Accumulation Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan was established on January 24, 2003 as a spin-off from the Allfirst Financial Inc. Capital Accumulation Retirement Plan and Trust. The Plan is a defined contribution plan covering employees of Allied Irish Bank (the Bank), a subsidiary of Allied Irish Bank, p.l.c. (the Plan Sponsor or the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended and restated January 1, 2016 to comply with Internal Revenue Service (IRS) standards.

T. Rowe Price Trust Company (the Trustee) is designated as trustee by the Plan Sponsor and manages the Plan assets on behalf of the Plan. The Bank, as Plan administrator, controls and manages the operation and administration of the Plan.

CARES Act

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to the plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000.
- Increase the available loan amount, as described below, to the lesser of \$100,000 or 100% of the participant's vested account balance.
- Extend the period for loan repayments, if applicable, up to one year.

Eligibility Requirements

All employees that are not excluded employees, as defined by the Plan document, are eligible to participate in the Plan on the first date of employment with the Bank.

Contributions

Participants may authorize the Bank to reduce their pre-tax compensation each pay period by 1% to 40% and to contribute those amounts to the Plan, subject to the maximum dollar limitation of the Internal Revenue Code (the IRC) which was \$19,500 in 2021 and 2020. Catch-up contributions, which are in accordance with Section 414(v) of the IRC, are also permitted for participants who expect to reach or are over the age of 50 by the Plan year-end, up to a maximum of \$6,500 in 2021 and 2020.

The Plan operates as a traditional Safe Harbor 401(k) plan. For every dollar contributed by participants (excluding catch-up contributions), the Bank makes matching contributions of 100% of each participant's net elective deferral contribution up to 4% of eligible compensation plus 50% of the next 2% of eligible compensation.

The Allied Irish Bank Capital Accumulation Retirement Plan and Trust

Notes to Financial Statements

The Plan allows for a discretionary contribution for all eligible participants. For the years ended December 31, 2021 and 2020, the Bank made discretionary contributions of 10% of eligible compensation of all eligible participants.

Rollover and Transfer Contributions

The Plan permits participants to have their interests in other qualified plans rolled over to the Plan or to make a rollover contribution into the Plan from a conduit individual retirement account, which holds amounts attributable solely to a rollover from another qualified plan. Such transfers or rollovers to the Plan may only be made with the approval of the Plan administrator and do not affect any other contributions made by or on behalf of a participant. There were no rollover contributions for both of the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Bank's contributions and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals, or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in the benefits arising from all forms of contributions made under the Plan.

Investment Options

A participant may direct their contributions to any of the various investment options available to the Plan. Fund balances may be transferred between the funds at the discretion of the participant without restriction. Participants may change their investment options at any time.

Notes Receivable from Participants

Prior to the CARES Act, participants may borrow from their account balance up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance limited by the highest loan balance in the last 12 months. See above for additional information on changes as a result of the CARES Act. The Plan requires a minimum loan of \$1,000. A participant may only have one loan outstanding at a time. Most participant loans must be repaid within five years. If the participant loan is made for the purpose of purchase or construction of the primary residence of the participant, then such participant loan may be repaid over a period more than five years, the maximum being 30 years. The participant loans are secured by the balance in the participant's account and bear interest at a fixed rate determined at the time of borrowing and fixed for the life of the loan. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefit payments begin at the participant's election after the participant ceases to be an employee due to disability, retirement, or other termination of employment or death. Under the Plan's provisions, withdrawals of funds other than at disability, retirement, or other termination of

The Allied Irish Bank Capital Accumulation Retirement Plan and Trust

Notes to Financial Statements

employment or death will be permitted, subject to certain limitations, as defined in the Plan document. Participants may elect to receive benefits from several options available as set forth in the Plan document.

Administrative Expenses

All administrative expenses of the Plan are paid by the Bank and are excluded from these financial statements, except loan fees and expenses directly related to the management of each fund (such as investment management fees, redemption fees, commissions, and other transaction costs), which are charged against the assets of the total applicable fund to which such expenses directly relate. Participant loan fees are charged to participants borrowing from their accounts.

2. Summary of Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date (an exit price). See Note 5 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

The Allied Irish Bank

Capital Accumulation Retirement Plan and Trust

Notes to Financial Statements

3. Risks and Uncertainties

The Plan offers a variety of investment funds, which includes common/collective trust funds and mutual funds. The investment funds invest in U.S. equities, international equities, and fixed-income securities. Investment securities, in general, are exposed to various risks, such as interest, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

4. Information Certified by the Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, dividend income, and interest income on notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurement

The Plan follows the provisions of Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The Allied Irish Bank

Capital Accumulation Retirement Plan and Trust

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The following is a description of the valuation methodologies used for these items, as well as the general classification of such items pursuant to the fair value hierarchy of ASC 820:

Mutual Funds - These funds are valued at unadjusted quoted prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Common/Collective Trust Funds - Fair value is based on the NAV reported by the fund as a practical expedient. Shares in the T. Rowe Price Stable Value Common Trust Fund may be redeemed daily at the current NAV per share. Shares in the T. Rowe Price Equity Index Trust may be redeemed with 30 days' notice at the current NAV per share. There were no unfunded commitments as of year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies of these items held at December 31, 2021 and 2020.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Assets in the Fair Value Hierarchy			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 35,257,176	\$ -	\$ -	\$ 35,257,176
Total Investments Assets, in the fair value hierarchy	\$ 35,257,176	\$ -	\$ -	35,257,176
Common/collective trust funds, measured at NAV*				16,692,827
Total Investments				\$ 51,950,003

December 31, 2020

	Assets in the Fair Value Hierarchy			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 33,708,856	\$ -	\$ -	\$ 33,708,856
Total Investments Assets, in the fair value hierarchy	\$ 33,708,856	\$ -	\$ -	33,708,856
Common/collective trust funds, measured at NAV*				16,066,131
Total Investments				\$ 49,774,987

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2021 and 2020. There were no transfers between levels during the year ended December 31, 2021.

6. Party-in-Interest Transaction

A majority of the investments of the Plan are shares of funds managed by the Trustee. The Trustee is also the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to amend or discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will continue to be 100% vested.

The Allied Irish Bank Capital Accumulation Retirement Plan and Trust

Notes to Financial Statements

8. Tax Status

The IRS has determined and informed the Bank by a letter dated October 31, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended and restated since the date of the opinion letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Effective July 1, 2022, the Plan's trustee changed from T. Rowe Price Trust Company to Principal Financial Group.

The Plan committee evaluated the accompanying financial statements for subsequent events through August 11, 2022, and transactions on the date these financial statements were available for issue, and has determined that no other material subsequent events have occurred that would affect the information presented in the accompanying financial statements or require additional disclosure.
