Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements (modified cash basis) and the supplementary schedules of Youngquist Brothers, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statement of Net Assets Available for Plan Benefits (modified cash basis) as of December 31, 2021, and the related Statement of Changes in Net Assets Available for Plan Benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Youngquist Brothers, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by John Hancock Life Insurance Company that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets held are prepared and certified by John Hancock Life Insurance Company in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from John Hancock Life Insurance Company as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note A to the financial statements, is complete and accurate.

INTEGRITY SERVICE EXPERIENCE

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Youngquist Brothers, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As described in NOTE B, these financial statements and the supplementary schedules were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in these circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Youngquist Brothers, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence made by management, as well as evaluate the overall presentation of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Youngquist Brothers, LLC 401(k) Plan's internal controls. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Youngquist Brothers, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Schedules Required by ERISA

The supplementary schedules of Reportable Transactions and Assets Held for Investment Purposes (modified cash basis) are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with

respect to the information summarized in Note E, which was certified by John Hancock Life Insurance Company, the trustee/custodian of the Plan, except for comparing the information with the related information included in these financial statements and the supplementary schedules. We have been informed by the Plan administrator that the trustee/custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee/custodian as of and for the year ended December 31, 2020, that the financial information provided to the Plan administrator by the trustee/custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements (modified cash basis) as of and for the year ended December 31, 2020. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statements and supplementary schedules, other than that derived from the information certified by the Plan trustee/custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following description of Youngquist Brothers, LLC (the "Company") (sponsor) 401(k) Plan (the "Plan") Plan number 001 provides only general information. The Plan was amended effective January 1, 2022 to include an additional employer, Legendary Ventures, LLC. The Company, Youngquist Brothers, Inc. converted to an LLC, Youngquist Brothers, LLC effective December 31, 2020. The Plan converted its name to Youngquist Brothers, LLC 401(k) Plan when the Plan was amended effective January 1, 2022. Participants should refer to the Summary Plan Description or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a self directed 401(k) defined contribution retirement plan covering substantially all eligible employees of the Company. The Plan was adopted on January 1, 1998. The Plan was restated on January 1, 2017. The Plan was amended on August 1, 2019 (effective August 1, 2019) to change trustee/custodian from Principal Life Insurance Company ("Principal") to John Hancock Life Insurance Company ("John Hancock"). The Plan was amended effective January 1, 2022. The Plan is intended to provide participants with future retirement benefit opportunities. The Plan is subject to the provisions of IRS Code Section 401(k), which allows for employee contributions. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In addition to the Youngquist Brothers, Inc. participating in the Plan, the following employers are also Plan participating employers: Youngquist Brothers Oil and Gas N.D., Inc. and Youngquist Brothers Rock, Inc.

Plan administration

For the year ended December 31, 2019, the Plan intended to transfer all funds to the new trustee/custodian, John Hancock from Principal. However, at December 31, 2019 the transfers from Principal were not complete. At December 31, 2021 and 2020, all assets were held by John Hancock. In addition, the Administrator has contracted Farmers & Betts, Inc., a third party servicing agent, as the Plan's designated servicing agent and administrator for the years ended December 31, 2021 and 2020. All Plan assets are held by a third party trustee/custodian, which invests all cash received, interest, and dividend income in accordance with participant direction, and make all distributions to participants.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Contributions

An eligible participant's annual salary deferral/reduction (deductible) contributions may not exceed the lesser of 100 percent of the participant's compensation or \$19,500 and \$19,500 for calendar years 2021 and 2020, respectively. Certain participants over age 50 may contribute \$6,500 for the calendar years 2021 and 2020, respectively, more, by taking advantage of "catch up" provisions authorized by federal law. The employee may also elect after tax deferrals - Roth deferrals. Elective deferrals become effective on the first day of the quarter following plan eligibility.

The Company, at its discretion (elective) may make discretionary contributions or employer matching contributions to the Plan. The discretionary contribution shall be determined annually by the employer. For the years ended December 31, 2021 and 2020, the Company elected to not make any discretionary Plan contributions but did make matching contributions.

The Company may make a contribution to the Plan for eligible participants based on their classification as a prevailing wage employee. If you are a prevailing wage employee, you will receive a contribution based on the contribution requirements associated with the type of work you are performing. These contributions are not subject to any minimum age or service requirement and contributions are always 100% vested.

Rollover contributions are permitted.

Forfeitures

Forfeitures resulting from termination of Plan participation of non-vested employees are used to pay Plan expenses or to offset future Employer contributions. There were no forfeitures for the years ended December 31, 2021 and 2020.

Participant accounts

Each participant's account is credited with the participant's contribution and the allocation of the Company's contribution and the participant's pro rata share of the Plan earnings as determined and allocated under the Plan as well as the allocated plan expenses. The benefit to which a participant is entitled is the benefit that can be

derived from the participant's vested account. At December 31, 2021 and 2020, such accounts allocated to participants who have withdrawn from the Plan but were not paid were \$112,143 and \$91,307, respectively.

Participants may select from an array of investment options to invest their respective participant account. See Note E for a listing of investment options.

Vesting

Upon attainment of the later of normal retirement age (age 65) or 5 years of service. Early retirement age (59 1/2) and five (5) years of service or if employment terminates prior to attainment of retirement age due to death or disability, the participant is 100% vested. However, upon termination of employment for any other reason, a participant is entitled to a portion of their account (excluding salary deferred amounts and any related income earned thereon which is immediately 100% vested) in accordance with the following five year vesting schedule:

<u>Years of Service*</u>	<u>Employer Contributions</u>
Less than two (2)	0%
Two (2)	20%
Three (3)	40%
Four (4)	60%
Five (5)	80%
Six (6) or more	100%

*Vesting in the employer contributions of the participant accounts is based on participant's years of continuous service. The employee is immediately vested in the employee's respective contributions.

Payment of benefits

A participant upon attainment of age 59 1/2 may take two (2) in-service withdrawals from the Plan per calendar year. Payments are also made upon termination of service, retirement, early retirement, death, disability, or financial hardship. The participant may choose to receive a lump-sum cash payment or various periodical payment options if the account balance is greater than \$5,000. Financial hardship distributions are permitted as described by Federal Rules. If a participant experiences a situation of extreme financial hardship where a request for

withdrawal as defined by the Internal Revenue Code is requested and approval is granted by the Plan's trustees, the participant may withdraw all or any part of the vested account, excluding income earned on such contributions. Upon death of a participant, the vested balance of the participant's account is distributed to the participant's beneficiary in an elected form, either a lump sum cash payment or an annuity option available to the participant at retirement other than a monthly income that continues for the life of a survivor upon death. Benefits due to terminated employees, either through retirement or otherwise are recorded when paid. Benefits paid at retirement are available in several Plan options. Balances of \$5,000 or less are paid in a single lump sum.

Notes Receivable - Participant Loans

Loans are available to participants under the Plan. Participants may only have one (1) outstanding loan at any time. The maximum loan is the lesser of 50% of the participant's vested account or \$50,000. The minimum loan amount is \$1,000. In addition, the total amount you may have outstanding as a loan during any 12-month period may not exceed \$50,000. Maximum loan term is five years, a loan period up to thirty (30) years is available if the loan is for the purchase of your primary residence.

Interest earned on the loans by the Plan is separately recognized when collected. Interest rate on loans is 1% over prime rate.

Loans not repaid at the date of employee termination are recorded as distributions.

Expenses

Administrative expenses incurred by the Trustee/Custodian, the Servicing Agent and/or Investment Advisors are paid for by the Company or by the Plan with Plan assets. Such expenses include but are not limited to, expenses required by ERISA, required bonding, recordkeeping, and fees and expenses of the Trustee/Custodian.

Plan eligibility

Employees qualify for participation in the elective deferral portion of the Plan upon completion of 90 days of service and attainment of age 18. The Plan offers entry dates at the date upon which the participant meets the eligibility requirements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies used in the preparation of these financial statements:

Basis of accounting

Youngquist Brothers, LLC 401(k) Plan prepares its financial statements using the modified cash basis of accounting. Under this comprehensive basis of accounting, no provision has been made to record items which have been incurred but not paid or earned but not received. This includes items such as interest receivable. Accordingly, the accompanying financial statements are not intended to present financial position or results of operations in conformity with accounting principles generally accepted in the United States of America.

Investments held by the Plan consist of pooled accounts for the years ended December 31, 2021 and 2020. As such, investments held by a defined contribution plan are required to be reported at fair value.

Fair market value is the amount Plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. This fair market value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed credit rates.

The Statements of Net Assets Available for Plan Benefits present the fair value of the pooled accounts. The Statements of Changes in Net Assets Available for Plan Benefits are prepared on a fair market value basis.

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The values of each pooled separate account and common collective trust are determined at net asset value which is a practical expedient and considered fair value. The Plan's investments are carried at fair value based on the fair value of the underlying securities in which the account is invested. The values of the forfeiture accounts are equal to actual cash value and or outstanding balance at the respective year-end. Participant loans are valued at their outstanding balances, which approximates fair value. Income on loans is only recorded when received, consistent with the modified cash basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Income recognition

Transactions are accounted for using the transaction (trade) date. Realized gains or losses are determined on the basis of actual cost. In accordance with the policy of stating investments at fair market value, any change in unrealized appreciation or depreciation including realized gains and losses for the year is separately reflected in the Statements of Changes in Net Assets Available for Plan Benefits.

Contributions receivable are recorded only when contributions were not received by the Plan for a particular portion of the respective fiscal year.

Income tax status

The Plan adopted a Prototype Non-Standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter.

However, the Plan's counsel and Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The modified cash basis of accounting requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan's annual return Form 5500 for the prior three (3) fiscal years remain open for examination.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Parties-in-interest transactions

All Plan assets are held by and certain Plan investments are held and managed by John Hancock, which is the trustee/custodian as defined by the Plan and are considered a party-in-interest. John Hancock and Farmers & Betts, Inc. perform certain Plan administrative functions and are considered a party-in-interest. Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. These officers and the Company itself are considered parties-in-interest.

Plan termination

Although the Company has not expressed any intent to do so, the Plan may be terminated at any time subject to the provisions of ERISA. Upon termination, all assets are to be distributed to vested Plan participants or their beneficiaries. In the event of such termination, participants would become 100% vested in their individual accounts.

Use of estimates

The preparation of financial statements in accordance with modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the Statements of Net Assets Available for Plan Benefits and the changes during the reporting period. Accordingly, actual results could differ from these estimates.

Fair value of financial instruments

FASB ASC 825-10-50-21 (formerly Financial Accounting Standards Board Statement No. 107), "Disclosures About Fair Value of Financial Instruments," requires disclosure of fair value information about financial instruments for which it is practicable to estimate that value. The carrying amounts of cash and money market accounts approximate fair value due to the short maturity of those instruments.

Subsequent events

Subsequent events have been evaluated through June 2, 2022, which is the date the financial statements were available to be issued.

NOTE C - MARKET RISK

The Plan investments included pooled separate accounts, which invest in various investment securities and in various companies within various markets. All of the Plan's investments are recorded at fair value in accordance with the reporting requirements governing the Plan. Net changes in asset value is reflected as net appreciation (depreciation) in fair value of investments. All such investments are subject to various market and economic risk factors as well as the national and global economies and it is at least reasonably possible that changes in the values (loss of principal) of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and amounts reported in the Plan's financial statements and supplementary schedules.

NOTE D - FAIR VALUE MEASUREMENTS

Fair value measurements

FASB ASC 820-10-50-1 (formerly Financial Accounting Standards Board Statement No. 157), "Fair Value Measurements," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level (1) inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level (2) inputs consist of observable inputs other than quoted prices in active markets for identical assets. Level (3) inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level (1) inputs because they generally provide the most reliable evidence of fair value. No Level (2) inputs were available to the Plan, and Level (3) inputs were only used when Level (1) or Level (2) inputs were not available.

NOTE D - FAIR VALUE MEASUREMENTS, CONTINUED

Level (1) Fair Value Measurements

The mutual fund accounts invest mainly in stocks and bonds. The mutual funds have observable Level (1) inputs.

Level (2) Inputs

The Plan held no level (2) inputs at December 31, 2021 or 2020.

Level (3) Fair Value Measurements

The value of notes receivable - participant loans are equal to the unpaid principal balance because the loans are collateralized by each respective participant's account balance.

The Plan's assets are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits and consist of the following at December 31:
