REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Helios Technologies, Inc. 401(k) Retirement Plan

Opinion

We have audited the financial statements of Helios Technologies, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedules required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with

the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HELIOS TECHNOLOGIES, INC. 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. Description of Plan

The following description of the Helios Technologies, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, as amended and restated, for a more complete description of the Plan's provisions.

General

The Plan became effective on January 1, 1979. The Plan is a defined contribution 401(k) plan covering certain employees of its sponsor, Helios Technologies, Inc. (the "Corporation" or "Helios") and certain wholly owned subsidiaries including Sun Hydraulics, LLC ("Sun"), Enovation Controls, LLC ("Enovation"), Balboa Water Group, LLC ("Balboa"), Faster Inc. ("Faster") and Helios Center for Engineering Excellence, LLC ("HCEE"). Employees are eligible to participate in the Plan effective on the first day of the calendar month coinciding with or following their hire date and are automatically enrolled in the Plan 30 days after their participation date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by the Helios Technologies Employee Benefits Committee (the "Committee") except in connection with the acquisition, retention or disposition of Corporation stock held by the Plan, with respect to which the Corporation's Board of Directors retains authority. The Committee is composed of five employees of the Corporation who are delegated administrative responsibility by the Corporation's Board of Directors. Charles Schwab Bank (the "Trustee") is the current trustee for the Plan. Schwab Retirement Plan Services, Inc. provides the recordkeeping, accounting, and the telephone and internet exchange features of the Plan.

The sponsor company common stock fund is a share-based stock fund. At December 31, 2021, the fund held 194,659 shares of Helios Technologies, Inc. common stock ("company common stock") with a price of \$105.17 per share as of such date. At December 31, 2020, the fund held 229,595 shares of Helios Technologies, Inc. common stock with a price of \$53.29 per share as of such date.

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. During 2020, plan management adopted relief provisions related to hardship withdrawals, loans, and required minimum distributions included in the CARES Act.

Plan Amendments

Effective January 1, 2020, the Enovation Controls 401(k) Profit Sharing Plan and the Faster, Inc. Profit Sharing Plan were merged into this Plan. Enovation and Faster, wholly owned operating subsidiaries of the Corporation, became adopting employers. Enovation plan assets totaling \$24,687,982 were transferred into the Plan on January 2, 2020. Faster plan assets totaling \$1,334,025 were transferred into the Plan on January 9, 2020.

In conjunction with the mergers, the Plan was amended as follows:

- Eligibility – The age and service requirements were removed, and the entry date was changed to the first day of the month after or coinciding with an employee’s hire date.
- Vesting – The definition of service for vesting purposes was changed to credit participants with a year of vesting service after they have worked 1,000 hours in the calendar year.
- Payment of Benefits – The Plan allows for distributions from rollover sources at any time.
- Notes Receivable from Participants – The minimum loan was reduced from \$1,000 to \$500. Participants can initiate a residential loan to purchase a primary residence to be repaid over a period of up to 15 years.
- Enovation and Faster were added as adopting employers of the Plan. Separate criteria for Enovation and Faster employees was established as detailed throughout these Notes to the Financial Statements.
- Protected Benefits – Certain Enovation and Faster plan provisions were retained and incorporated into the Plan for employees who were participants in the plans prior to the mergers.

On November 6, 2020, the Corporation acquired Balboa and Balboa's existing 401k plan was terminated. Effective on the same date, Balboa was added as an adopting employer of the Helios Plan. A group rollover from the terminated plan into the Helios Plan for active participants was completed during the 2021 year and is included in rollovers on the statement of changes in net assets available for benefits.

Effective January 15, 2021, Helios Center of Engineering Excellence, LLC was added as an adopting employer of the Plan.

Effective April 1, 2022, the plan was restated in order to comply with Internal Revenue Service restatement requirements. The restatement of the Plan incorporated all prior Plan amendments.

Contributions

Eligible employees of Sun, Faster, HCEE and Helios are automatically enrolled in the Plan at 3% of eligible compensation. Eligible employees of Enovation and Balboa are automatically enrolled in the Plan at 7% of eligible compensation. Employees can elect not to defer compensation or change their deferral rate at any time. Salary deferral contributions are made by participating employees through payroll deductions in amounts authorized by the employees. The Plan allows participants to make pre-tax contributions from 1% to 100% of their eligible compensation, not to exceed statutory limits.

Pre-tax contributions, of up to 6% of Sun, HCEE and Helios employee’s salary (depending on length of service), are matched by the Corporation. Matching contributions are based on the years of service as listed in the following schedule:

Years of Service	% Match
Less than three years	3%
After three years	4%
After five years	5%
After seven or more years	6%

Pre-tax contributions, of up to 6% of Faster employee’s salary, are matched by the Corporation at 100%.

Enovation and Balboa employee salary contributions are matched at the employer's discretion. For the years ended December 31, 2021 and December 31, 2020, Enovation and Balboa employees who contributed up to 2% of their salary were matched by the Corporation at 100%; salary contributions from 3% through 6% were additionally matched at 50%; and employees contributing 7% or more of their salary received 100% match on 4.5% of their salary. The discretionary match amounts totaled \$961,452 and \$792,390 for the years ended December 31, 2021 and December 31, 2020, respectively, and are presented as receivables as of December 31, 2021 and December 31, 2020, respectively.

Additional contributions may be made by the Corporation on a discretionary basis. For the 2021 and 2020 plan years, no additional discretionary contributions were made.

Participants can also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans, as well as direct rollovers from individual retirement accounts or annuities.

Participant Accounts

Each participant's account is credited with the participant's contribution, any employer contribution and an allocation of Plan earnings or losses. Allocations are based on the participant's account balance.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants employed by Faster are fully vested in employer matching contributions immediately and are vested in employer discretionary contributions based on years of service in accordance with the table below. Participants employed by Sun, HCEE and Helios are vested in all employer contributions based on years of services in accordance with the table below.

Years of Service	Vesting %
Less than 1	—
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants employed by Enovation and Balboa are vested in all employer contributions based upon years of service defined in the Plan, as follows:

Years of Service	Vesting %
Less than 1	—
1	33%
2	67%
3 or more	100%

Payment of Benefits

If a participant ceases to be employed by the Corporation for any reason other than death or total and permanent disability, prior to satisfying the age and service requirements for early or normal retirement, the terminated participant may elect to receive lump-sum or periodic payments of the participant's vested account balance. Withdrawals may be subject to tax withholdings and penalties.

Benefits may be paid upon death, disability, termination, retirement or upon reaching the normal retirement age. Benefits are paid to the participants or their beneficiaries, in lump-sum amounts or periodic payments. Under certain circumstances, hardship withdrawals are allowed from the Plan.

Investment Options

The participants, upon enrollment in the Plan, elect to invest their contributions, in 1% increments, in the investment options provided by the Plan. Discretionary contributions that are made by the Corporation in company common stock can be divested by participants immediately upon receipt.

Notes Receivable From Participants

A participant may receive a loan based on the loan program set forth by the Plan. A participant can have a maximum of one general loan and one residential loan outstanding at any time. The minimum amount of a loan is \$500 and the maximum amount of a loan, when added to the outstanding balance of other loans from the Plan, is generally the lesser of 1) 50% of the participant's vested account balance or 2) \$50,000 (reduced by the excess of the participants highest outstanding loan balance during the prior 1-year period over the outstanding loan balance as of the day the loan is made). The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan. Current loans bear interest at a rate of 3.25% - 7.50%. Notes receivable from participants are presented at cost plus accrued interest. Interest income is recorded when earned. Principal and interest are paid through payroll deductions over a maximum of 5 years for general loans and 15 years for a loan used to purchase a participant's principal residence.

Plan Expenses

The Plan pays the account administrative service fee and plan-related investment advisory fees from income earned by the Plan with any fee not covered by the earned income charged on a pro-rata basis from participant accounts. The Corporation pays the legal and accounting fees, and other expenses on behalf of the Plan.

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$121,652 and \$80,531, respectively. Forfeited account balances revert back to the Plan and are used to pay reasonable administrative expenses of the Plan and are used to reduce the employer's matching contributions. Forfeitures in the amount of \$55,403 were utilized during 2021 to pay Plan expenses and \$417 were used to reduce the employers' matching contributions.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments

The Plan's investments are held by the Trustee. The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Investment income and gains and losses are allocated among participants on the basis of individual participant account balances. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Net Appreciation (Depreciation) in Fair Value of Investments

The Plan presents, in the statement of changes in net assets available for benefits, net appreciation (depreciation) in fair value of its investments consisting of realized gains (losses) and unrealized appreciation (depreciation) on those investments.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through June 28, 2022, the date the financial statements were issued.

3. Fair Value Measurements

The Plan applies fair value accounting guidelines for all financial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually). Under these guidelines, fair value is defined as the price that would be received for the sale of an asset or paid to transfer a liability (i.e., an exit price) in an orderly transaction between market participants at the measurement date. The guidance establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.

Level 3 - Unobservable inputs that are supported by little, infrequent, or no market activity and reflect the Company's own assumptions about inputs used in pricing the asset or liability.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common stocks

The Corporation's common stock and common stock of other companies held in self-directed brokerage accounts are stated at fair value as quoted by the market close price on a recognized securities exchange on the last business day of the Plan year and are classified as Level 1.

Money market funds

Money market funds and money market funds held in self-directed brokerage accounts are valued at quoted prices in an active market, which represents the net asset values (“NAV”) of shares held by the Plan at year-end and are classified as Level 1.

Mutual funds

Mutual funds and mutual funds held in self-directed brokerage accounts are valued at quoted prices in an active market, which represents the net asset values of shares held by the Plan at year-end and are classified as Level 1.

Collective trust funds

Valued at the NAV of the underlying assets owned by the fund, minus its liabilities and then divided by the number of units outstanding. The NAV is provided by the fund administrators and is used as a practical expedient to estimating fair value and therefore collective trust funds are not assigned to a level in the fair value hierarchy table. The collective trust funds provide for daily redemptions by the Plan at the reported net asset values per share, with no advance notice requirement.

As of December 31, 2021, the Plan's investments measured at fair value on a recurring basis were as follows:

	Investments Measured at Fair Value at 12/31/2021	Fair Value Measurements at 12/31/21 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Collective trust funds	3,321,518			
Total investments	<u>\$ 138,316,503</u>			

As of December 31, 2020, the Plan's investments measured at fair value on a recurring basis were as follows:

	Investments Measured at Fair Value at 12/31/2020	Fair Value Measurements at 12/31/20 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

4. Tax Status of the Plan

The Internal Revenue Service issued an opinion letter dated June 19, 2014, indicating that the prototype plan document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype plan document, Plan management believes that the Plan was operated in accordance with the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S.GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements, and no interest or penalty expense was recognized related to uncertain tax positions for the year ended December 31, 2021. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

5. Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to amend or discontinue the Plan at any time and to terminate the Plan, subject to the terms of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts and net assets of the Plan will be distributed to the participants and beneficiaries of the Plan.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, money market funds, self-directed brokerage accounts, collective trust funds and cash managed by the Trustee, notes receivable from participants and shares of the Corporation's common stock; and, therefore, these transactions qualify as party-in-interest.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization classified an outbreak of the novel strain of coronavirus (COVID-19) a global pandemic, which has adversely impacted the global economy by disrupting supply chains, lowering equity market valuations, creating significant volatility and disruption in financial markets, and increasing unemployment levels. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. As of the date of issuance, the ultimate length and future severity of this pandemic cannot be reasonably estimated.
