INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Hankyu Hanshin Express (USA) 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hankyu Hanshin Express (USA) 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Hankyu Hanshin Express (USA) 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hankyu Hanshin Express (USA) 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively, the "2020 financial statements").

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the 2020 financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee held the Plan's assets and executed transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with the Department of Labor's Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Hankyu Hanshin Express (USA) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution plan qualifying under section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers eligible employees of Hankyu Hanshin Express (USA) Inc. (the “Company”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan administrator controls and manages the operation and administration of the Plan.

Fidelity Management Trust Company (“FMTC”) provides recordkeeping services for the Plan and is responsible for the custody and management of the Plan’s assets as a trustee.

Eligibility

All employees of the Company at least 21 years of age and have completed at least 3 months of service become eligible to join the Plan on the first day coinciding with or next first day of the following quarter they become eligible. Prior to July 1, 2020, completion of one year of service was required to join the Plan.

Participant Contributions

Participants may elect to contribute up to a maximum of 90% of their compensation to be contributed to the Plan as a pre-tax deferral. Employees were generally limited to a maximum contribution of \$19,500 in 2021 and 2020 by Code Section 402(g) of the IRC. Eligible employees may also rollover distributions from eligible retirement plans pursuant to the terms of the Plan.

The Plan provides that participants who are age 50 or older may also make catch-up contributions of up to \$6,500 in 2021 and 2020; catch-up contribution limits are indexed annually for inflation.

Employer Contributions

The Company may make matching contributions equal to a discretionary percentage of the participant’s gross compensation. The Plan provides for the Company to match one-half of the employee’s contributions to the Plan up to the first 6% of the employee’s annual salary. The Company chose to make discretionary matching contributions of \$131,101 and \$109,074 for the years ended December 31, 2021 and 2020, respectively. Annually, the Company, at its discretion, may make a profit sharing contribution; no contributions were made for the years ended December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers registered investment companies (mutual funds) as investment options. Participants also have the option of investing in a separately managed fund, the Blended Stable Value Fund, which consists of guaranteed investment contracts with Voya Retirement Insurance and Annuity Company (“VRIAC”) together with an investment in a common collective trust with FMTC. Participants may change their investment options daily.

Vesting

Participants in the Plan are fully vested in their contributions plus actual earnings thereon. Participants become vested in the Company’s contributions and related Plan earnings/appreciation or depreciation based on years of service. Company contributions and related earnings/appreciation or depreciation shall be vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two	0%
Two	30%
Three	50%
Four	75%
Five	100%

Forfeitures

Upon termination of employment, the non-vested portion of the participant’s account will be forfeited. Forfeitures shall be used to pay for ordinary and necessary administrative plan expenses. Any remaining forfeitures will be used to reduce employer contributions. There were \$10,077 and \$6,955 of forfeitures used in 2021 and 2020, respectively. As of December 31, 2021 and 2020, forfeited accounts totaled \$4,967 and \$3,696, respectively.

Notes Receivable from Participants

Loans are available in the Plan. The minimum loan amount is \$1,000. The maximum amount is the lesser of one half of the participant’s vested account balance or \$50,000, reduced by the highest outstanding loan balance in the account during the prior twelve-month period. The participant may only have one loan outstanding at any time. The rate of interest will be determined by the prevailing rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Loans are secured by the vested portion of the participant’s account. Loan payments are made through payroll deductions and must be repaid within a period not exceeding 60 months.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Withdrawals are permissible upon the participant's reaching age 59½, termination of employment, death, disability, retirement or certain financial hardships. The Plan's normal retirement age is 65 and hardship withdrawals are allowed under the Plan if participants meet the requirements defined in the plan document. Generally, upon termination of service or otherwise becoming eligible to receive benefits, a participant may receive the value of the vested interest in his or her own account as a lump-sum distribution or rolled over into another qualified retirement plan or IRA. The Plan allows for the automatic distribution of vested benefits of \$1,000 or less; if vested benefits are between \$1,000 and \$5,000, the funds will be rolled over into an IRA selected by the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all participants will become fully vested in their accounts and the Company will arrange for distribution of all participants' accounts to the participants or their designated beneficiaries in accordance with the Plan.

CARES Act

As a result of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") enacted on March 27, 2020, the plan administrator implemented new CARES Act options including withdrawal provisions, loans, and temporary waiver of required minimum distributions through December 31, 2020.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Plan's financial statements. Because the values of the Plan's individual investments will continue to fluctuate in response to changing market conditions, the amount of any potential decrease in the Plan's investments that may be reported in subsequent periods cannot be determined as of the date the financial statements were available to be issued.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are to be recorded at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. In the event of a default, the Plan Administrator will deem the loan balance to be a distribution to the participant based upon the terms of the plan document. Interest rates ranged from 4.25% to 6.50% per annum at December 31, 2021 and 2020; notes receivable mature through 2031.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Company generally pays for certain administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through August 15, 2022, which is the date that the financial statements were available to be issued.

NOTE 3 – INVESTMENT INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance as permitted. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2021	2020
Interest-bearing cash	\$ 4,967	\$ 3,696
Registered investment companies	6,563,999	5,579,090
Common collective trust	569,497	544,296

The trustee also certified the completeness and accuracy of \$63,488 and \$529,350 of net appreciation in fair value of investments and \$627,664 and \$311,105 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2021 and 2020, respectively.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value valuation hierarchy under the standard are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

<i>Interest-bearing cash:</i>	Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.
<i>Registered investment companies (mutual funds):</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Common collective trust:</i>	Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021

Fidelity Managed Income Portfolio	\$ 569,497	\$ 544,296	None	Daily	None

NOTE 5 – GUARANTEED INVESTMENT CONTRACTS WITH VRIAC

The Plan maintained guaranteed investment contracts at December 31, 2021 and 2020 (Voya Fixed Account). The contracts were considered to be fully benefit-responsive and therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transitions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no valuation reserves related to credit risk recorded to adjust the contract value. The crediting interest rate may be reset periodically and is determined by the issuer based on several agreed-upon criteria.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreements without consent of the issuer.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are presently managed by affiliates of FMTC; in addition, investments are held by FMTC. FMTC is the trustee and, therefore, these transactions qualified as party-in-interest transactions.

NOTE 7 – INCOME TAX STATUS

The Plan had previously adopted a standardized form of a volume submitter profit sharing 401(k) plan. This volume submitter plan had obtained its latest determination letter on March 31, 2014 in which the Internal Revenue Service (“IRS”) stated that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (the “IRC”). In conjunction with the trustee change to FMTC, the Plan adopted a Volume Submitter Defined Contribution Plan (“Volume Submitter Plan”) which received a favorable opinion letter dated March 31, 2014 from the IRS indicating that the form of the Volume Submitter Plan is acceptable under applicable sections of the IRC. Although the Plan had been amended since receiving the opinion letters, the Plan Administrator believed that the Plan continued to qualify and was currently being operated in compliance with the applicable requirements of the IRC.

The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designated, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan’s management has not identified any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Hankyu Hanshin Express (USA) 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hankyu Hanshin Express (USA) 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Hankyu Hanshin Express (USA) 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hankyu Hanshin Express (USA) 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively, the "2020 financial statements").

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the 2020 financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee held the Plan's assets and executed transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with the Department of Labor's Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Hankyu Hanshin Express (USA) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution plan qualifying under section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers eligible employees of Hankyu Hanshin Express (USA) Inc. (the “Company”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan administrator controls and manages the operation and administration of the Plan.

Fidelity Management Trust Company (“FMT”) provides recordkeeping services for the Plan and is responsible for the custody and management of the Plan’s assets as a trustee.

Eligibility

All employees of the Company at least 21 years of age and have completed at least 3 months of service become eligible to join the Plan on the first day coinciding with or next first day of the following quarter they become eligible. Prior to July 1, 2020, completion of one year of service was required to join the Plan.

Participant Contributions

Participants may elect to contribute up to a maximum of 90% of their compensation to be contributed to the Plan as a pre-tax deferral. Employees were generally limited to a maximum contribution of \$19,500 in 2021 and 2020 by Code Section 402(g) of the IRC. Eligible employees may also rollover distributions from eligible retirement plans pursuant to the terms of the Plan.

The Plan provides that participants who are age 50 or older may also make catch-up contributions of up to \$6,500 in 2021 and 2020; catch-up contribution limits are indexed annually for inflation.

Employer Contributions

The Company may make matching contributions equal to a discretionary percentage of the participant’s gross compensation. The Plan provides for the Company to match one-half of the employee’s contributions to the Plan up to the first 6% of the employee’s annual salary. The Company chose to make discretionary matching contributions of \$131,101 and \$109,074 for the years ended December 31, 2021 and 2020, respectively. Annually, the Company, at its discretion, may make a profit sharing contribution; no contributions were made for the years ended December 31, 2021 and 2020.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers registered investment companies (mutual funds) as investment options. Participants also have the option of investing in a separately managed fund, the Blended Stable Value Fund, which consists of guaranteed investment contracts with Voya Retirement Insurance and Annuity Company (“VRIAC”) together with an investment in a common collective trust with FMTC. Participants may change their investment options daily.

Vesting

Participants in the Plan are fully vested in their contributions plus actual earnings thereon. Participants become vested in the Company’s contributions and related Plan earnings/appreciation or depreciation based on years of service. Company contributions and related earnings/appreciation or depreciation shall be vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two	0%
Two	30%
Three	50%
Four	75%
Five	100%

Forfeitures

Upon termination of employment, the non-vested portion of the participant’s account will be forfeited. Forfeitures shall be used to pay for ordinary and necessary administrative plan expenses. Any remaining forfeitures will be used to reduce employer contributions. There were \$10,077 and \$6,955 of forfeitures used in 2021 and 2020, respectively. As of December 31, 2021 and 2020, forfeited accounts totaled \$4,967 and \$3,696, respectively.

Notes Receivable from Participants

Loans are available in the Plan. The minimum loan amount is \$1,000. The maximum amount is the lesser of one half of the participant’s vested account balance or \$50,000, reduced by the highest outstanding loan balance in the account during the prior twelve-month period. The participant may only have one loan outstanding at any time. The rate of interest will be determined by the prevailing rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Loans are secured by the vested portion of the participant’s account. Loan payments are made through payroll deductions and must be repaid within a period not exceeding 60 months.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Withdrawals are permissible upon the participant's reaching age 59½, termination of employment, death, disability, retirement or certain financial hardships. The Plan's normal retirement age is 65 and hardship withdrawals are allowed under the Plan if participants meet the requirements defined in the plan document. Generally, upon termination of service or otherwise becoming eligible to receive benefits, a participant may receive the value of the vested interest in his or her own account as a lump-sum distribution or rolled over into another qualified retirement plan or IRA. The Plan allows for the automatic distribution of vested benefits of \$1,000 or less; if vested benefits are between \$1,000 and \$5,000, the funds will be rolled over into an IRA selected by the Plan Administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all participants will become fully vested in their accounts and the Company will arrange for distribution of all participants' accounts to the participants or their designated beneficiaries in accordance with the Plan.

CARES Act

As a result of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") enacted on March 27, 2020, the plan administrator implemented new CARES Act options including withdrawal provisions, loans, and temporary waiver of required minimum distributions through December 31, 2020.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Plan's financial statements. Because the values of the Plan's individual investments will continue to fluctuate in response to changing market conditions, the amount of any potential decrease in the Plan's investments that may be reported in subsequent periods cannot be determined as of the date the financial statements were available to be issued.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are to be recorded at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. In the event of a default, the Plan Administrator will deem the loan balance to be a distribution to the participant based upon the terms of the plan document. Interest rates ranged from 4.25% to 6.50% per annum at December 31, 2021 and 2020; notes receivable mature through 2031.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Company generally pays for certain administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through August 15, 2022, which is the date that the financial statements were available to be issued.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 3 – INVESTMENT INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance as permitted. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2021	2020
Interest-bearing cash	\$ 4,967	\$ 3,696
Registered investment companies	6,563,999	5,579,090
Common collective trust	569,497	544,296

The trustee also certified the completeness and accuracy of \$63,488 and \$529,350 of net appreciation in fair value of investments and \$627,664 and \$311,105 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2021 and 2020, respectively.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value valuation hierarchy under the standard are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

<i>Interest-bearing cash:</i>	Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.
<i>Registered investment companies (mutual funds):</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Common collective trust:</i>	Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

HANKYU HANSHIN EXPRESS (USA) 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share as a practical expedient as of December 31, 2021 and 2020:

Investment	Fair Value December 31,		Unfunded	Redemption	Redemption
	2021	2020	Commitment	Frequency	Notice Period
Common collective trust (held in stable value fund):					
Fidelity Managed Income Portfolio	\$ 569,497	\$ 544,296	None	Daily	None

NOTE 5 – GUARANTEED INVESTMENT CONTRACTS WITH VRIAC

The Plan maintained guaranteed investment contracts at December 31, 2021 and 2020 (Voya Fixed Account). The contracts were considered to be fully benefit-responsive and therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transitions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no valuation reserves related to credit risk recorded to adjust the contract value. The crediting interest rate may be reset periodically and is determined by the issuer based on several agreed-upon criteria.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation or (4) a material amendment to the agreements without consent of the issuer.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are presently managed by affiliates of FMTC; in addition, investments are held by FMTC. FMTC is the trustee and, therefore, these transactions qualified as party-in-interest transactions.

NOTE 7 – INCOME TAX STATUS

The Plan had previously adopted a standardized form of a volume submitter profit sharing 401(k) plan. This volume submitter plan had obtained its latest determination letter on March 31, 2014 in which the Internal Revenue Service (“IRS”) stated that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (the “IRC”). In conjunction with the trustee change to FMTC, the Plan adopted a Volume Submitter Defined Contribution Plan (“Volume Submitter Plan”) which received a favorable opinion letter dated March 31, 2014 from the IRS indicating that the form of the Volume Submitter Plan is acceptable under applicable sections of the IRC. Although the Plan had been amended since receiving the opinion letters, the Plan Administrator believed that the Plan continued to qualify and was currently being operated in compliance with the applicable requirements of the IRC.

The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designated, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan’s management has not identified any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
