Report on the Financial Statements

We were engaged to audit the accompanying financial statements of HighTower 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, schedule of delinquent participant contributions for the year ended December 31, 2020 and the schedule of assets (held at end of year) as of December 31, 2020 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Note 1. Description of Plan

The following description of the HighTower 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees (as defined) of HighTower Holding, LLC (the Company). Such employees are eligible to participate in the Plan as of the first day of the month following the later of the date of hire or the attainment of 21 years of age. Participants can begin contributing upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions: The Plan is designed as a qualified cash deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (IRC) and provides for the following contributions:

Participant contributions: The Plan allows participants to enter into a salary reduction agreement to make deferral contributions in an amount up to 90% of their compensation for any payroll period(s) or cash bonuses designated by the Company provided that the total amount of the contribution does not exceed the lesser of 90% of the participant's pre-tax annual compensation or (as adjusted from time to time pursuant to Section 402(g)(5) of the IRC) $19,500 in 2020 ($26,000 for participants over the age of 50). Such contributions are deducted from the participant's direct compensation and excluded from the participant's reportable wages for the year. Participants may change the amount of their salary deferral as of the beginning of each payroll period.

Rollover contributions: A participant may contribute amounts distributed or transferred from another qualified defined benefit or defined contribution plan.

Company matching contributions: Company matching contributions, if any, may be made annually at the discretion of the Company on behalf of eligible employees who made participant contributions. For 2020, the Company authorized a discretionary matching contribution of 50% on the first 6% of compensation deferred by the employee.

Company profit sharing contributions: Company profit sharing contributions, if any, may be made annually at the discretion of the Company to eligible employees who accrued at least 501 hours of service during the plan year or were employed as of the last day of the plan year. For 2020, the Company did not authorize any such contributions.

Notes receivable from participants: Notes receivable from participants consist of loans to participants. Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of 50% of the vested account balance, or $50,000 minus the highest outstanding loan balance over the past 12 months. A participant may have only one loan outstanding at any given time. Loan terms range from one to five years or the Plan Administrator may permit a longer repayment term for the purchase of a primary residence, and are due and payable in full upon termination of employment or death. The loans are secured by the balance in the participant's account. The loans outstanding bear interest at the prevailing market rate at the time of loan origination as determined by the Plan Administrator. Loans outstanding at December 31, 2020, bear interest at 4.25% to 7.25%, and principal and interest is repaid ratably through payroll deductions.

Investments and investment options: The assets of the Plan are held by Minnesota Life Insurance Company, the custodian of the Plan, as of December 31, 2020. Upon enrollment, a participant may direct participant and Company contributions, if any, into a variety of pooled separate accounts.

Note 1. Description of Plan (Continued)

Due from broker: On December 31, 2020, participant investments were liquidated, resulting in a Due from Broker as an unsettled transaction on the Statement of Net Assets Available for Benefits as of December 31, 2020 in preparation of the conversion to a new custodian. On January 4, 2021 and January 5, 2021, Participant funds were automatically rolled into Transamerica Retirement Solutions, LLC, resulting in the completed transfer between custodians of $65,935,428.

Participant accounts: Each participant's account is credited with their contributions, rollover contributions and allocations of: (a) the Company's matching and profit sharing contributions, if any, and (b) plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants who were employed on or before December 31, 2012, are immediately vested in all of their accounts, plus actual earnings or losses thereon. Any participant hired after December 31, 2012, is subject to a four year grade vesting schedule (25% per year) for Company matching or Company profit sharing contributions made to their accounts.

Payments of benefits and withdrawals: On termination of service for any reason, a participant or beneficiary will receive a lump-sum distribution equal to the vested balance of their accounts. The Plan will automatically distribute the participant's vested account balance not exceeding $1,000. In-service withdrawals prior to termination are allowed after a participant attains age 59½ and for financial hardships.

Forfeited accounts: Forfeitures of unvested portions of terminated participants' accounts and/or prior year excess Company contributions are to be retained by the Plan and may be used first to pay the Plan's administrative expenses. Any remaining forfeited balances will be used to reduce future Company contributions payable to the Plan. Forfeited nonvested balances at December 31, 2020 and 2019, totaled $50,552 and $106,134, respectively.

The forfeited nonvested balance totaling $105,000 was used to offset Company matching contributions paid during February 2020. No forfeitures were used to offset Company matching contributions paid during March 2021.

Plan administration: The Plan is administered by the Company pursuant to the terms and conditions of the Plan and trust. The Company pays for substantially all administrative expenses of the Plan, without reimbursement, or out of the assets of the Plan, as provided in the plan document. Fees incurred for loan administration and fees of the recordkeeper are paid out of the assets of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared on the accrual basis of accounting.

Accounting policies: The Plan follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (the FASB), to ensure consistent reporting of financial condition.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a daily transaction between market participants at the measurement date. See Note 3 for a detailed discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes receivable from participants are recorded as distributions based upon the terms of the plan document. For the year ended December 31, 2020, $0 worth of notes receivable from participants were classified as benefits paid to participants.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals affected by the coronavirus pandemic. The CARES Act provides certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2021.

Payment of benefits: Benefits are recorded when paid.

Recently issued accounting pronouncement: In August 2018, the FASB issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. This new authoritative guidance is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. This update was adopted as of January 1, 2020 and did not have a significant impact on the Plan's financial statements.

Subsequent events: The plan changed its custodian and recordkeeper from Minnesota Life Insurance Company to Transamerica Retirement Solutions, LLC effective January 1, 2021. The Plan Administrator has evaluated subsequent events through August 16, 2022, which is the date the financial statements were available to be issued, and determined that there are no additional matters requiring disclosure.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Insurance company units of pooled separate accounts: Pooled separate accounts invest primarily in shares of registered investment companies. The pooled separate accounts are valued at the net asset value (NAV) per share, as determined by the insurance company, based on quoted market prices of its underlying securities or similar instruments. The NAV is used as a practical expedient to estimating fair value. The practical expedient is not used when it is determined to be probable that the issuer will sell the investment for an amount different than the reported NAV.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. There were no transfers between levels in 2020.

Note 3. Fair Value Measurements (Continued)

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Total assets at fair value	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				-
				$ -

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Total assets at fair value	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				47,972,507
				$ 47,972,507

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 3. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments	Investment Objective	2020 Fair Value	2019 Fair Value	Redemption Frequency	Redemption Notice Period
Insurance company pooled separate accounts:					
General bond	(a)	$ -	$ 2,911,448	Daily	None

(a) The category includes fixed income and high yield security portfolios.

(b) The category includes US based large, mid and small cap value and grow th security portfolios.

(c) The category includes international and emerging market security portfolios.

(d) The category includes commodity strategy funds and real estate trusts and companies.

(e) The category includes a relatively fixed mix of stocks and bonds and sometimes a money market component.

(f) The category includes a collective investment sponsored by a trust company.

Note 4. Information Certified or Provided by Minnesota Life Insurance Company

The following is a summary of the Plan's asset and income information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules that was prepared from information certified or provided by Minnesota Life Insurance Company, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the asset information which appears throughout the financial statements and the supplemental schedules related to the following asset information:

	2020	2019
Insurance company units of pooled separate accounts	$ -	$ 47,972,507
Notes receivable from participants	772,402	644,920
	$ 772,402	$ 48,617,427

Minnesota Life Insurance Company also certified to the completeness and accuracy of $9,061,393 of net appreciation in fair value of investments and $34,819 of interest on notes receivable from participants related to the aforementioned investments for the year ended December 31, 2020.

Note 5. Related Party and Party-in-Interest Transactions

Certain employees of the Company provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services.

The Plan made direct payments to Minnesota Life Insurance Company, the custodian, of $11,314 during the year ended December 31, 2020.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 7. Prohibited Transactions

During the year ended December 31, 2020, the Company failed to deposit participant contributions within the required timeframe established by their normal business practice totaling, excluding lost earnings, $332,304. The Company will correct the late deposits for the year ended December 31, 2020, outside of VFCP during 2021, and will compensate participants with lost earnings resulting from the late deposits from the Company's assets and not from assets of the Plan. Form 5330 for 2020 delinquent participant contributions will be filed in 2022.

During the year ended December 31, 2019, the Company failed to deposit participant contributions within the required timeframe established by their normal business practice totaling, excluding lost earnings, $27,777. The Company corrected the late deposits for the year ended December 31, 2019, outside of VFCP during 2020, and compensated participants with lost earnings resulting from the late deposits from the Company's assets and not from assets of the Plan. Form 5330 for 2019 delinquent participant contributions will be filed in 2022.

Note 8. Tax Status

Effective January 1, 2017, the Plan adopted a volume submitter 401(k) profit sharing plan sponsored by Minnesota Life Insurance Company. The volume submitter plan has received an opinion letter dated March 31, 2014, from the Internal Revenue Service as to the volume submitter plan's qualified status. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate the Plan's tax positions and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following tables reconcile net assets available for benefits at December 31, 2020 and 2019, and changes in net assets available for benefits for the year ended December 31, 2020, per the financial statements to Form 5500:

	December 31, 2020	December 31, 2019
Net assets available for benefits per the financial statements	$ 67,565,480	$ 48,919,025
Differences in:
