Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of AUI Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of AUI Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AUI Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Trustees
AUI Inc. 401(k) Profit Sharing Plan

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AUI Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AUI Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of AUI Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF THE PLAN

AUI Inc. 401(k) Profit Sharing Plan (the Plan) is a profit sharing plan with a 401(k) feature which was originally formalized and adopted by AUI Inc. (AUI, the Company, or Employer) (the Plan administrator) effective January 1, 1993, and was restated effective January 1, 2021, on March 5, 2021. Effective January 1, 2013, the Plan was restated to merge the AUI Inc. Retirement Plan into this Plan as the surviving Plan. In accordance with the merger of the AUI Inc. Retirement Plan in 2013, the Plan now covers employees performing work under contracts subject to the Davis-Bacon Act, Service Contract Act, or any other federal, state, or municipal "Prevailing Wage Law." Employer prevailing wage contributions are accepted by the Plan.

The following description of the Plan provides only general information. Participants should refer to the Plan document for more complete information.

The Plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

An employee becomes eligible to participate in the Plan on the earliest semi-annual entry date (if employed on that date) nine months after the date on which he/she becomes employed and attained the age of eighteen.

Participants rehired after 30 days of their termination will have the option of making salary deferrals again with their first payroll upon return. If they waive participation, they will again have the option to start contributing during the next open enrollment period following their rehire.

Participants who are performing work on "prevailing wage" or "service contract" jobs are eligible to participate in the Plan on the first day any such wages are set aside to be contributed to the Plan, but only for the purpose of the prevailing wage contributions the Company makes on the participant's behalf.

Participants are excluded if they are covered by a collective bargaining agreement, are non-resident alien employees, or leased employees.

Participant Accounts

Each participant's account is credited with one hundred percent (100%) of the participant's contribution, one hundred percent (100%) of the prevailing wage contribution and the allocation of Employer contributions and Plan earnings.

Employer contributions may consist of a matching contribution and/or a profit sharing contribution. Matching contributions are allocated to all Plan participants based on their respective deferral amounts, and profit sharing contributions are allocated to all AUI employees based on their respective eligible salaries at the determination date (see also Contributions).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts (Continued)

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is equal to the vested portion of the participant's account (see also Vesting, Forfeitures, and Distributions).

Contributions

For each Plan year, employee contributions may be made up to maximum limits of Section 402(g) of the Internal Revenue Code, which amounted to \$19,500 for the year ending December 31, 2021. Participants who have attained age 50 by year-end may also make an additional catch-up contribution of up to \$6,500 in 2021.

Participants may also elect to make their contributions into either a Roth 401(k) or to the traditional 401(k). Roth 401(k) contributions are made from after-tax dollars. The gains received on contributions to the Roth 401(k) are tax-free if certain conditions are met.

The Plan also allows for discretionary matching and profit sharing contributions by the Employer. Effective for the 2021 Plan year, the Employer elected to adopt certain safe harbor amendments. AUI matches 100% of employee deferrals up to 4% of eligible compensation. The profit sharing contribution is a varying percentage allocated proportionately based on eligible participants categorized into the following groups: Executive Group; Administrative / Shop Group; Superintendent / Project Manager Group; Foreman Group; and Hourly Paid Group. Effective for the 2021 Plan year, the Employer did not elect to make a profit sharing contribution.

For work performed under prevailing wage contracts, the amount contributed to the Plan by the Employer on behalf of an employee is based on the wage rate and job classification of the employee and will not exceed the amount designated by the Secretary of the Treasury pursuant to the limits under Internal Revenue Code Section 415.

Vesting

A participant is fully vested at all times in his/her salary deferral contributions, and when applicable, in safe harbor matching contributions. A participant becomes fully vested in his/her accrued benefit for profit sharing contributions as follows:

Years of Service Vested %

Less than 1	0%
1	0%
2	25%
3	50%

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting (Continued)

Employees will earn their yearly Employer profit sharing contribution vesting percentage as long as they have been credited with at least 1,000 hours of service.

Employees are 100% vested in Employer safe harbor contributions in the year they are made.

A participant's interest in the Employer's prevailing wage contribution to his/her account is always fully (100%) vested.

Forfeitures

Forfeitures of Employer contributions may be applied to reduce either future Employer matching contributions or to pay Plan expenses. \$3,581 in forfeitures were used to reduce Employer matching contributions or to pay Plan expenses during the 2021 Plan year. There were no forfeitures available for use as of December 31, 2021 and 2020.

Distributions

For terminating participants with vested balances between \$1,000 and \$5,000 who have not requested another eligible form of distribution, the Plan administrator may roll the respective balance to an individual retirement account in the name of the participant.

Participants with vested balances of \$5,000 or more upon termination will receive distribution of their accrued benefit upon submission of a claim for distribution. No distributions were requested that have not been paid at December 31, 2021 and 2020.

In-service distributions from Davis-Bacon contributions are permitted. In-service distributions are permitted from all 100% vested contribution types by participants who have attained age 59.5. Hardship distributions are permitted subject to Plan provisions.

Prior to January 1, 2009, the value of prevailing wage contributions in a participant's account may be paid in one or more, or any combination of methods, such as lump sum or installments. A specific provision was made to eliminate the Qualified Joint and Survivor Annuities for prevailing wage contributions made after January 1, 2009. Normal retirement is age 65.

Plan Termination

Although it has not expressed any intent to do so, the Plan administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts for any purpose and may have up to two loans outstanding at a time. A minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance may be borrowed. Notes receivable terms range from 1-5 years or up to 30 years for repayment of a home loan. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes would materially affect the amounts reported in the statements of net assets available for benefits.

Cash

Any forfeitures available for future employer matching contributions or Plan expenses, but not yet utilized by the Plan are kept in a cash account at John Hancock. The cash account is also used for stale dated checks related to forced benefit payments.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determine the Plan's valuation policies utilizing information provided by John Hancock. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Deductions for benefit distributions are recognized when paid (see also Note 1 Distributions).

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through August 12, 2022, the date the financial statements were available to be issued, to determine whether such events should be recorded or disclosed in the financial statements for the year ending December 31, 2021. Management believes no material subsequent events have arisen that would require adjustment or disclosure.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AUI INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy under FASB ASC 820, *Fair Value Measurements and Disclosures* that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts: Pooled separate accounts invest directly in an underlying mutual fund, though they are an independent investment entity. They are valued at the close of business each day based on the total assets in the pooled separate account divided by the number of units held in the pooled separate account. Actions taken by the underlying mutual fund or the pooled separate account such as dividends, share splits or additional fees charged by the sub-account, can result in the pooled separate account unit value differing from the share price of the underlying mutual fund.

NOTE 4 INFORMATION CERTIFIED BY JOHN HANCOCK

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock, as complete and accurate, except for comparing such information certified by John Hancock to information included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments and interest income on notes receivable, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2021.
- Investment information included in Note 3 and investment information and notes receivable from participants included in the supplemental schedule.

NOTE 5 RELATED PARTY TRANSACTIONS

AUI Inc. provides certain accounting and administrative services to the Plan for which no fees are charged.

Certain Plan investments are managed by John Hancock and therefore these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 PLAN REVISIONS

During 2020, the Plan implemented certain requirements of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) and the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). Both acts address required minimum distributions. Beginning January 1, 2020, required minimum distributions may be waived throughout the 2020 calendar year. In addition, for participants who have not yet reached age 70½ as of December 31, 2019, eligibility criteria for required minimum distributions has been delayed to age 72. Plan management elected not to adopt the optional features within the CARES Act. Effective June 1, 2021, the Plan was formally amended to reflect these operational changes in accordance with applicable law and IRS guidance.

NOTE 7 TAX STATUS

The Plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was restated effective January 1, 2021, and received a new opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
