INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
American Association for Cancer Research 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of American Association for Cancer Research 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("**ERISA**"), as permitted by ERISA Section 103(a)(3)(C) ("**ERISA Section 103(a)(3)(C) audit**"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of American Association for Cancer Research 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Association for Cancer Research 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Association for Cancer Research 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Association for Cancer Research 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at the end of the year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of American Association for Cancer Research 403(b) Plan were audited by us. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Our report dated August 24, 2021, indicated that (a) because of the significance of the information that we did not audit, and we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMERICAN ASSOCIATION FOR CANCER RESEARCH 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(1) DESCRIPTION OF PLAN

The following description of the American Association for Cancer Research 403(b) Plan ("**Plan**") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan covering all employees of American Association for Cancer Research (the "**Organization**"). In accordance with universal availability standards, all permissible employees who have attained 18 years of age may defer a portion of their pay as a pre-tax deferral into the Plan immediately upon hire. Eligibility for employer contributions begins after two years of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("**ERISA**").

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation, as defined in the Plan or the maximum amount allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Organization makes a contribution on behalf of each employee with two years of service and an elective deferral rate of at least 2.5% equal to 8% of the employee's eligible compensation.

Participants direct the investment of their contributions and the Organization contribution into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of (a) the Organization's contribution and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Organization's contributions plus actual earnings thereon.

Notes Receivable from Participants (The Standard Loans)

Participants may borrow from their fund accounts with The Standard a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 5.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

TIAA-CREF ("TIAA") Plan Loans

Plan loans are issued directly from the funds owned by TIAA and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's TIAA account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. For active loans, investments equal to 110% of the outstanding loan amount are reflected in the statements of net assets available for benefits and serve as collateral for the loan. Investments underlying defaulted loan balances are reflected in the statements of net assets available for benefits until a distribution event occurs.

AMERICAN ASSOCIATION FOR CANCER RESEARCH 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

At December 31, 2021 and 2020, participants had outstanding plan loan balances due to TIAA of \$113,389 and \$132,679, respectively. Additionally, included in the insurance contracts as of December 31, 2021 and 2020 are defaulted loans of \$81,106 and \$77,818, respectively.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination of employment from the Organization, benefits are paid to participants in accordance with options offered by the funding vehicles in which the participants' accounts are invested.

In the event participants die prior to commencement of retirement benefit payments, the full value of their account accumulation is then payable to the beneficiary or beneficiaries named by the participant in a single sum or under any one of the payment options.

In accordance with contract terms, participants may roll over their accounts into another qualified retirement plan.

Administrative Expenses

Administrative expenses related to investment management are allocated among various funds and are included in the net appreciation (depreciation) in fair value of investments. Other administrative expenses, such as recordkeeping, custodian and professional fees, are paid by either the Plan through allocation to the participants or by the Plan sponsor.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("**U.S. GAAP**") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

AMERICAN ASSOCIATION FOR CANCER RESEARCH 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

The mutual funds consist of TIAA-CREF funds, CREF accounts and other non-proprietary mutual funds, and are generally valued using market quotations or prices obtained from independent pricing services.

The TIAA-CREF Access, CREF accounts, and the TIAA Real Estate Account are used to fund variable annuity contracts. The TIAA-CREF Access and CREF accounts invest principally in equity securities, fixed-income instruments, other mutual funds, and short-term investments in accordance with each portfolio's investment objectives. The TIAA Real Estate Account is a pooled separate account/insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. Its value is principally derived from the market value of the underlying real estate holdings or other real estate related investments. Real estate holdings are valued principally using external appraisals. The TIAA Real Estate Account sometimes holds securities as well. These are generally valued using independent pricing sources.

The TIAA Traditional Annuity Account and the Prudential Guaranteed Income Account are other investments of the Plan, which are further described in Note 4.

Each participant designates the percentage of his or her participant account that is allocated to each investment fund. Each participant's interest in each investment fund is adjusted as of each valuation date, to reflect his or her proportionate share of the total net fair market value of such investment fund.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense as incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 9, 2022, the date the financial statements were available to be issued.

(3) FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

This hierarchy consists of three broad levels:

Level 1 – Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 – Inputs consist of observable inputs other than quoted prices for identical assets.

Level 3 – Inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

AMERICAN ASSOCIATION FOR CANCER RESEARCH 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

There have been no changes in the valuation methodologies used at December 31, 2021 and 2020. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020:

Mutual Funds – The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

CREF registered investment company accounts- valued based on each account's daily net asset value ("**NAV**") which is considered by Plan management to be the best approximation of fair value. CREF accounts are not exchange traded. Data for NAV's are available daily to plan administrators and client investors on NASDAQ's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. CREF accounts are valued at Level 1 as a result of the tie to the exchanges.

Pooled Separate Account – Valued based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund had funds available to meet participant redemption, transfer or cash withdrawal requests.

Non-Benefit Responsive Insurance Contracts – Valued at contract value, which approximates fair value. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financing instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$35,574,335	\$ -	\$ -	\$35,574,335
CREF registered investment company accounts	4,995,716	-	-	4,995,716
Non-benefit responsive insurance contracts	-	-	1,689,398	1,689,398

AMERICAN ASSOCIATION FOR CANCER RESEARCH 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

The Plan's level 3 assets for the year ended December 31, 2021 included sales of \$55,599 and net transfers out of Level 3 assets of \$30,297. There were no purchases of Level 3 assets during the year ended December 31, 2021.

The following table represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2021 and 2020:

December 31, 2021:

(4) CONTRACTS WITH INSURANCE COMPANY

The Standard

The Guaranteed Income Fund is a group annuity contract issued by Prudential Retirement Insurance and Annuity Company ("**PRIAC**") and is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of PRIAC and not on the value of the securities within the insurer's general account. The credit rating of the issuer at December 31, 2021 was considered investment grade and there are no reserves against contract value for credit risk of the contract issuer or otherwise. Only an event causing liquidity constraints at PRIAC could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. The Plan considers this contract to be benefit responsive and is valued at contract value in accordance with accounting standards.

The Guaranteed Income Fund does not operate like a mutual fund, variable annuity product or conventional fixed rate individual annuity product. Under the group annuity contract that supports this product, participants may ordinarily direct a permitted withdrawal or transfer of all or a portion of their account balance at contract value, within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Interest is credited on contract balances using the "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of these contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting by the trustee. When establishing interest crediting rates for this product, the trustee considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the general account. These rates are established without the use of a specific formula. The minimum crediting rate under the contract issued by PRIAC is based on an average yield of five-year Treasury securities over a period of time specified in the contract, less 1.25%, but not less than 1.00% nor greater than 3.00%.

AMERICAN ASSOCIATION FOR CANCER RESEARCH 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

TIAA-CREF

The TIAA Traditional Annuity is a guarantee fixed annuity contract available as an investment option to plan participants. Each contract is fully unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, however, the only types available under this plan are the Retirement Annuities ("**RA**"), Supplemental Retirement Annuities ("**SRA**"), and Group Supplemental Retirement Annuities ("**GRSA**"). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's board of trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

Liquidity restrictions apply to the TIAA Traditional Annuity under certain types of annuity contracts, one of which is the RA contract. The RA contracts are therefore included in the nonbenefit-responsive insurance contracts on the statements of net assets available for benefits. The RA contract does not allow lump-sum cash withdrawals and transfers must be spread over 10 annual installments. All other withdrawals and transfers from RA contracts must be spread over 10 annual installments (5 annual installments for withdrawal after termination of employment).

The SRA and GRSA TIAA Traditional Annuity contracts have no liquidity restrictions and are shown as benefit responsive on the statements of net assets available for benefits. The SRA and GSRA contracts provide for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statements of changes in net assets available for benefits.

(5) CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and TIAA-CREF, the trustees of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 and the related investment activity included in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the supplemental schedule of assets (held at end of year) as of December 31, 2021.

(6) TAX STATUS

The Plan is intended to comply with the applicable requirements of Section 403(b) of the Internal Revenue Code ("**IRC**"). A tax determination letter program is not yet available for 403(b) employee benefit plans through the Internal Revenue Service ("**IRS**"). The Plan administrator believes that the Plan is currently designed and operated in accordance with the applicable requirements of the IRC. The IRS, the primary oversight body of the Plan, generally has the ability to examine income tax returns for up to three prior years.

AMERICAN ASSOCIATION FOR CANCER RESEARCH 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(8) RELATED PARTY TRANSACTIONS

Certain plan investments are either managed by or issued by The Standard, TIAA-CREF or an affiliate. The Standard and TIAA-CREF are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to The Standard were \$130,373 and \$120,549 for the years ended December 31, 2021 and 2020, respectively. Fees paid by the Plan to TIAA-CREF were \$33,697 and \$36,291 and were deducted from investment earnings for the years ended December 31, 2021 and 2020, respectively.

Certain participants of the Plan have outstanding loans with the Plan at December 31, 2021 and 2020. These loans, which are considered to be party-in-interest transactions, totaled \$387,696 at December 31, 2021 and \$338,354 at December 31, 2020.

(9) RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Management has evaluated the impact of COVID-19 on the fair value of the Plan's investments and participant account balances and has concluded that the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.
